

As of May 31, 1998, EPA and DOJ had incurred costs in excess of \$1.3 million exclusive of interest. Each of the proposed settlors arranged for disposal of capacitors contaminated with PCBs by PCB Treatment, Inc. who in turn arranged for disposal at the Site of Scrap metal from capacitors.

EPA has determined that any party who arranged for disposal of between 206 and 89,387 pounds of capacitors contributed a *de minimus* volume of waste to the Site and that such wastes are not more toxic than any other hazardous substance at the Site.

Each settlor will pay a share of costs based on its volumetric share of capacitor weight compared to all capacitor weight with an additional premium of 15%.

Through this settlement, EPA will recover \$182,000. EPA has recovered \$80,000 through a consent decree with the former owner/operator and will seek the remaining costs from other potentially responsible parties at the Site.

Dated: September 14, 1998.

**William Rice,**

*Deputy Regional Administrator, Region VII.*

## FEDERAL COMMUNICATIONS COMMISSION

### Notice of Public Information Collections Submitted to OMB for Review and Approval

September 16, 1998.

**SUMMARY:** The Federal Communications Commission, as part of its continuing effort to reduce paperwork burden invites the general public and other Federal agencies to take this opportunity to comment on the following proposed and/or continuing information collections, as required by the Paperwork Reduction Act of 1995, Public Law 104-13. An agency may not conduct or sponsor a collection of information unless it displays a currently valid control number. No person shall be subject to any penalty for failing to comply with a collection of information subject to the Paperwork Reduction Act (PRA) that does not display a valid control number. Comments are requested concerning (a) whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; (b) the accuracy of the Commission's burden estimates; (c) ways to enhance

the quality, utility, and clarity of the information collected and (d) ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology.

**DATES:** Written comments should be submitted on or before October 22, 1998. If you anticipate that you will be submitting comments, but find it difficult to do so within the period of time allowed by this notice, you should advise the contact listed below as soon as possible.

**ADDRESSES:** Direct all comments to Les Smith Boley, Federal Communications Commission, Room 234, 1919 M St., N.W., Washington, DC 20554 or via internet to lesmith@fcc.gov and Timothy Fain, OMB Desk Officer, 10236 NEOB 725 17th Street, N.W., Washington, DC 20503 or fain\_t@a1.eop.gov.

**FOR FURTHER INFORMATION CONTACT:** For additional information or copies of the information collections contact Les Smith at 202-418-0217 or via internet at lesmith@fcc.gov.

**SUPPLEMENTARY INFORMATION:**

*OMB Approval Number:* 3060-XXXX.  
*Title:* Quick Form Application for Authorization in the Ship Aircraft, Amateur, Restricted and Commercial Operator, and General Mobile Radio Services.

*Form Number:* FCC 605.

*Type of Review:* New collection.

*Respondents:* Individuals or households; Business or other for profit; Not-for-profit institutions; State, Local or Tribal Government.

*Number of Respondents:* 170,000.

*Estimate Time Per Response:* 0.44 hours/respondent.

*Total Annual Burden:* 74,800 hours.

*Total Annual Costs:* \$2,261,000

(approximately 29% of respondents will pay \$45 filing fee + postage).

*Frequency of Response:* On occasion reporting requirements; Third party disclosure.

*Needs and Uses:* FCC 605 application is a consolidated application form for Ship, Aircraft, Amateur, Restricted and Commercial Radio Operators, and General Mobile Radio Services and will be utilized as part of the Universal Licensing System currently under development. The goal of producing a consolidated form is to create a form with a consistent "look and feel" that maximizes the collection of data and minimizes narrative responses, free-form attachment, and free-form letter requests. A consolidated application form will allow common fields, questions, and statements to reside in one place and allow the technical data

specific to each service to be captured in its own form or schedule. FCC 605 will consist of a Main Form containing administrative information and a series of Schedules used to file technical information relating to a specific radio service.

The data collected on this form includes the applicant's Taxpayer Identification Number. Use of Taxpayer Identification Number in the Universal Licensing System will allow pre-filing of data by searching the database and displaying all pertinent data associated to a given TIN, as well as for Debt Collection purposes. It will also improve and lessen the burden of the volume of data the public would have to enter for later filings.

A draft of this form was included with **Federal Register** posting for the Notice of Proposed Rulemaking for ULS, 63 FR 16938 on April 7th, 1998. As a result of comments to that proposed rulemaking, revisions were made to the Form 605 which includes but are not limited to: added a schedule for changes to affect multiple call signs or file numbers used to submit global changes; eliminated use of the form for assignment of authorization; changed temporary authority to include GMRS; added a two letter purpose to main form instructions for Amateur Vanity; removed purpose code for Assignment of Authorization; added purpose codes for Duplicate and Administrative Update; eliminated the table of county listings from the instructions; added capability for entities to provide a sub-tin number; added Physician's Certification of Disability to the Amateur Schedule; eliminated Amateur Club, RACES and Military Recreation Station and Alien Amateur references from the form; and miscellaneous edits.

Federal Communications Commission.

## FEDERAL EMERGENCY MANAGEMENT AGENCY

### Open Meeting, Technical Mapping Advisory Council

**AGENCY:** Federal Emergency Management Agency (FEMA).

**ACTION:** Notice of teleconference meeting.

**SUMMARY:** In accordance with § 10(a)(2) of the Federal Advisory Committee Act, 5 U.S.C. App. 1, the Federal Emergency Management Agency gives notice that the following meeting will be held.
