[GA–41–9829b; FRL–6187–3]

Approval and Promulgation of State Plans for Designated Facilities and Pollutants: Georgia

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: EPA proposes to approve the section 111(d) Plan submitted by the Georgia Department of Natural Resources (DNR) for the State of Georgia on January 20, 1998, for implementing and enforcing the Emissions Guidelines applicable to existing Municipal Solid Waste Landfills. The Plan was submitted by the Georgia DNR to satisfy certain Federal Clean Air Act requirements. In the Rules section of this Federal Register, EPA is approving the Georgia State Plan submittal as a direct final rule without prior proposal because the Agency views this as a noncontroversial submittal and anticipates that it will not receive any significant, material, and adverse comments. A detailed rationale for the approval is set forth in the direct final rule and incorporated by reference herein. If no significant, material, and adverse comments are received in response to this proposed rule, no further activity is contemplated in relation to this proposed rule. If EPA receives adverse comments, the direct final rule will be withdrawn and all public comments received will be addressed in a subsequent final rule based on this proposed rule. EPA will not institute a second comment period on this action.

DATES: Comments must be received by December 14, 1998.

ADDRESSES: Written comments should be addressed to Scott Martin at the EPA Regional Office listed below. Copies of the documents relevant to this proposed rule are available for public inspection during normal business hours at the following locations. SUPPLEMENTARY INFORMATION: On June

would do the following:

update the criteria for determining which surgical procedures can be

appropriately and safely performed in

an ASC.

• Make additions to and deletions from the current list of Medicare

covered ASC procedures based on the revised criteria.

• Rebase the ASC payment rates using cost, charge, and utilization data

collected by a 1994 survey of ASCs.

• Refine the ratesetting methodology that was implemented by a final notice

published on February 8, 1990, in the

Federal Register.

• Require that ASC payment, coverage, and wage index updates be

implemented annually on January 1

rather than having these updates occur randomly throughout the year.

• Reduce regulatory burden.

• Make several technical policy changes.

The proposed rule would also

implement requirements of section

1833(i)(1) and (2) of the Social Security

Act. We indicated that comments would

On September 8, 1998, we published

ADDRESSES: Mail written comments (one original and three copies) to the following address: Health Care Financing Administration, Department of Health and Human Services, Attention: HCFA–1885–P, P.O. Box 26688, Baltimore, MD 21207–0488. If you prefer, you may deliver your written comments (one original and three copies) to one of the following addresses: Room 443–G, Hubert H. Supplementary Information: On June 12, 1998, we issued a proposed rule in the Federal Register (63 FR 32290) that would do the following:

• Update the criteria for determining which surgical procedures can be appropriately and safely performed in an ASC.

• Make additions to and deletions from the current list of Medicare covered ASC procedures based on the revised criteria.

• Rebase the ASC payment rates using cost, charge, and utilization data collected by a 1994 survey of ASCs.

• Require that ASC payment, coverage, and wage index updates be implemented annually on January 1 rather than having these updates occur randomly throughout the year.

• Reduce regulatory burden.

• Make several technical policy changes.

The proposed rule would also implement requirements of section 1833(i)(1) and (2) of the Social Security Act. We indicated that comments would be considered if we received them by August 11, 1998.

We received requests from numerous ASCs and professional associations for more time to analyze the potential consequences of the rule. We issued a notice in the Federal Register on August 14, 1998, (63 FR 43655) announcing extension of the public comment period to September 10, 1998.

On September 8, 1998, we published a proposed rule in the Federal Register entitled "Medicare Program; Prospective Payment System for Hospital Outpatient Services" (63 FR 47552). We received additional requests from ASCs and professional associations for more time to analyze the impact of the hospital outpatient proposed rule, and for a delay in the implementation of the ASC final rule to be concurrent with implementation of the hospital outpatient prospective payment system.

On October 1, 1998, we reopened the comment period for the June 12, 1998, ASC proposed rule until November 9, 1998, to coincide with the comment period for the September 8, 1998, hospital outpatient proposed rule. We also gave notice in the October 1, 1998, Federal Register (63 FR 52663) of a

Because of the scope of the proposed rule, hospitals and numerous professional associations have requested more time to analyze the potential consequences of the rule. Therefore, we are extending the public comment period for an additional 60 days, until January 8, 1999.

Published elsewhere in this issue of the Federal Register is a notice extending for an additional 60 days, the comment period for the proposed rule published in the June 12, 1998, Federal Register in which we propose to rebase Medicare payment rates and update the list of approved procedures for ambulatory surgical centers (ASCs) (63 FR 32290). We are extending the comment period for the June 12, 1998, ASC proposed rule to be concurrent with the extended comment period for the September 8, 1998, hospital outpatient proposed rule because Medicare payments to ASCs are closely linked to the manner in which Medicare proposes to pay hospitals under a prospective payment system for surgical services furnished on an outpatient basis.
