Kunkle Foundry Company, Incorporated, Andrews, Indiana; Notice of Negative Determination on Reconsideration

On August 26, 1998, the Department issued an Affirmative Determination Regarding Application for Reconsideration for the workers and former workers of the subject firm. The notice was published in the **Federal Register** on September 10, 1998 (63 FR 48525).

The Department initially denied TAA to workers of Kunkle Foundry because the "contributed importantly" group eligibility requirement of Section 222(3) of the Trade Act of 1974, as amended, was not met. The Department conducted a survey of major customers of the subject firm. None of the respondents indicated any imports of bronze castings. The workers at the subject firm were engaged in employment related to the production of bronze castings.

The petitioner asserted that subject firm production of bronze castings had been shifted to Mexico and imported into the U.S.

On reconsideration, the department requested that the subject firm provide additional information about the disposition of certain castings. After discussions with company officials and officials with companies with whom the

castings have been out-sourced, the department has found that the out-sourced castings are being manufactured in New Jersey and Texas and not in Mexico.

Conclusion

After reconsideration, I affirm the original notice of negative determination of eligibility to apply for worker adjustment assistance for workers and former workers of Kunkle Foundry Company, Incorporated, Andrews, Indiana.

Signed at Washington, DC, this 12th day of November 1998.

Grant D. Beale,

Acting Director, Office of Trade Adjustment Assistance.
