

the afternoon. The Joint Committee will break for these concurrent meetings. Each of the four Committees (African American Population, American Indian and Alaska Native Populations, Asian and Pacific Islander Populations, and Hispanic Population) will address draft recommendations.

The CACs on the African American, American Indian and Alaska Native, and Hispanic Populations are comprised of 9 members each, and the Asian and Pacific Islander, the parent committee of two subcommittees, is comprised of 13 members. The Secretary of Commerce appoints the members. The Committees provide a channel of communication between the representative communities and the Bureau of the Census. They assist the Bureau in its efforts to reduce the count differential for Census 2000 and advise on ways that census data can best be disseminated to communities and other users.

The Committees will provide advice and recommendations for the implementation and evaluation phases of Census 2000. To do so, they will draw on several items including past experience with the 1990 census process and procedures, the results of evaluations and research studies, and the expertise and insight of their members.

All meetings are open to the public, and a brief period will be set aside on March 17 for public comment and questions. Individuals with extensive questions or statements must submit them in writing to the Committee Liaison Officer, named above, at least three days before the meeting.

These meetings are physically accessible to people with disabilities. Requests for sign language interpretation or other auxiliary aids should be directed to the Committee Liaison Officer.

Dated: February 16, 1999.

Kenneth Prewitt,

Director, Bureau of the Census.

Foreign-Trade Zones Board

[Docket 6-99]

Foreign-Trade Zone 214—Kinston, NC; Application for Subzone Status: Consolidated Diesel Company Facilities, (Spark Ignition, Diesel Engines), Nash County, NC

An application has been submitted to the Foreign-Trade Zones Board (the Board) by the North Carolina Global TransPark Authority, grantee of FTZ 214, requesting special-purpose subzone status for the spark ignition and diesel engine manufacturing facilities of Consolidated Diesel Company (Inc.) (CDC) (a Cummins Engine Company/Case Corporation joint venture), located in Nash County, North Carolina. The application was submitted pursuant to the provisions of the Foreign-Trade Zones Act, as amended (19 U.S.C. 81a-81u), and the regulations of the Board (15 CFR Part 400). It was formally filed on February 10, 1999.

The proposed subzone would consist of three sites in the Nash County area: Site 1—CDC manufacturing plant (265 acres/1.1 million sq.ft.), located at 9377 U.S. Highway 301 North in Whitakers, North Carolina, some 60 miles northeast of Raleigh; Site 2—CDC Training Center and warehouse (10 acres/40,000 sq.ft.), located directly across U.S. 301 from Site 1; and, Site 3—Leased 100,000 sq.ft. warehouse, located at E.B. Grain Co., 204 Hathaway Court, Battleboro, North Carolina, about 2½ miles south of Site 1. The facilities are used to produce diesel, liquid propane and natural gas internal-combustion engines (ranging from 50 to 400 horsepower) used in marine, agricultural, automotive, industrial and commercial applications, for export and the domestic market. The production process involves assembly, testing, and warehousing. Components purchased from abroad (about 51% of total) include: actuators, adapters, crankcases (blocks), cylinder heads, intake/exhaust manifolds, connecting rods, piston sets and rings, crankshafts, rocker arms, camshafts, intake/exhaust/turbo valves, bushings, bearings, housings, flywheels, pulleys, starters, barrels, gaskets, circuit boards, cylinders, parts of turbochargers, timing chains, water pumps, wiring harnesses, catalytic converters, controllers, oil
