#### Ballard Terminal Railroad Company, L.L.C.—Modified Rail Certificate<sup>1</sup>

On May 4, 1998, Ballard Terminal Railroad Company, L.L.C. (BTRC), filed a notice for a modified certificate of public convenience and necessity under 49 CFR 1150, Subpart C, *Modified Certificate of Public Convenience and Necessity*, to operate a line of railroad (the Ballard Line) between milepost 0.09 and the end of the line at milepost 2.70, a distance of almost 3 miles in the Ballard District of Seattle, King County, WA. BTRC intends to operate over the Ballard Line under an agreement with the City of Seattle. Seattle has granted BTRC a 30-year franchise to operate the Ballard Line.

The involved rail line was approved for abandonment by Adventure Trail, Inc., doing business as Sea Lion Railroad (Sea Lion), in *Sea Lion Railroad—Abandonment Exemption—In King County, WA, et al.*, STB Docket No. AB-544X, et al. (STB served Aug. 11, 1998). In that proceeding, the Board deferred action on BTRC's request for a modified certificate pending administrative finality of the proceeding and notice from Seattle that it had acquired the line. The abandonment exemption proceeding has become administratively final, and Seattle has notified the Board that, on December 30, 1998, it acquired the real estate underlying the line.

The rail segment qualifies for a modified certificate of public convenience and necessity. See *Common Carrier Status of States, State Agencies and Instrumentalities, and Political Subdivisions*, Finance Docket No. 28990F (ICC served July 16, 1981).

No subsidy is involved. BTRC indicates that, in order to receive service, shippers must meet the following preconditions: "Minimum of 30 carloads per year averaged over a rolling 36 month period."

This notice will be served on the Association of American Railroads (Car Service Division) as agent for all railroads subscribing to the car-service and car-hire agreement: Association of American Railroads, 50 F St., NW,

<sup>1</sup> In a decision served on August 11, 1998, this proceeding was consolidated with *Sea Lion Railroad—Abandonment Exemption—In King County, WA*, STB Docket No. AB-544X, and *Adventure Trail D/B/A Sea Lion Railroad—Acquisition and Operation Exemption—The Burlington Northern and Santa Fe Railway Company*, STB Finance Docket No. 33486.

Washington, DC 20001; and on the American Short Line Railroad Association: American Short Line Railroad Association, 1120 G St., NW, Suite 520, Washington, DC 20005.

Decided: February 19, 1999.

By the Board, David M. Konschnick,  
Director, Office of Proceedings.

#### New England Central Railroad, Inc.—Modified Rail Certificate

On February 10, 1999, New England Central Railroad, Inc. (NECR), filed a notice for a modified certificate of public convenience and necessity under 49 CFR 1150, Subpart C, *Modified Certificate of Public Convenience and Necessity*, to operate a 14-mile rail line owned by the State of Vermont.

The involved rail line was approved for abandonment by Montpelier and Barre Railroad Company in *Montpelier and Barre Railroad Company—Entire Line Abandonment—From Graniteville to Montpelier Junction in Washington County, VT*, Docket No. AB-202 F (ICC served Mar. 12, 1980), and acquired by the State of Vermont on November 21, 1980. The Washington County Railroad Corporation (WACR) filed a notice for a modified certificate of public convenience and necessity on November 17, 1980, and a modified rail certificate was issued to WACR authorizing it to operate the line as of November 17, 1980.<sup>1</sup>

On February 2, 1999, WACR agreed to assign its lease of the line to NECR. On February 9, 1999, NECR accepted the assignment, and NECR and the State of Vermont agreed to cancel their lease. Also on February 9, 1999, NECR and the State of Vermont entered into an interim letter agreement for the operation of the line. The term of the letter agreement, unless modified, is 90 days. During that time, NECR and the State of Vermont intend to negotiate and enter into a lease and operating agreement that will govern future operations of the line by NECR.

The line extends from Montpelier Junction to Graniteville, VT, and
