DEPARTMENT OF DEFENSE

Office of the Secretary

Submission for OMB Review; Comment Request

ACTION: Notice.

The Department of Defense has submitted to OMB for clearance, the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. Chapter 35).

Title, Associated Form, and OMB Number: Industrial Capabilities Questionnaire; DD Form 2737; OMB Number 0704-0377.

Type of Request: Reinstatement.

Number of Respondents: 12,800.

Responses per Respondent: 1.

Annual Responses: 12,800.

Average Burden per Response: 12 hours.

Annual Burden Hours: 153,600.

Needs and Uses: As part of its responsibilities to facilitate a diverse, responsive, and competitive industrial base, the Department of Defense (DoD) requires accurate, pertinent, and up to date information as to industry's ability to satisfy defense needs. The industrial Capabilities Questionnaire will be used by all Services and the Defense Logistics Agency to gather business, industrial capability (employment, skills, facilities, equipment, processes, and technologies), and manufactured end item information to conduct required industrial assessments and to support DoD strategic planning and decisions. Respondents are industry professionals who provide information to the requesting DoD agency on the industrial capabilities associated with the subject facility being reviewed. The DoD agencies are directed to solicit only those data elements within this form necessary to conduct the particular planing or assessment task at hand. This

approach is used to minimize the burden for data requests on industry and limit the retention of in-house data to that essential to supporting defense decisions and plans. A significant portion of this information will be collected electronically and, with appropriate measures to protect sensitive data, will be made available to authorized users in the Department to support a wide variety of industrial capability analysis. These analyses are used to support cost effective acquisition of defense systems and key troop support/consumable items, assess the implications of changes in defense spending on industry, development of responsive logistics support efforts, and industrial preparedness planning and readiness analysis. The lack of accurate, current, and relevant industry capability information will adversely impact the integrity of the Department's decision and planning efforts.

Affected Public: Business or other for-profit.

Frequency: Annually.

Respondent's Obligation: Voluntary.

OMB Desk Officer: Mr. Peter N. Weiss.

Written comments and recommendations of the proposed information collection should be sent to Mr. Weiss at the Office of Management and Budget, Desk Officer for DoD, Room 10236, New Executive Office Building, Washington, DC 20503.

DOD Clearance Officer: Mr. Robert Cushing.

Written requests for copies of the information collection proposal should be sent to Mr. Cushing, WHS/DIOR, 1215 Jefferson Davis Highway, Suite 1204, Arlington, VA 22202-4302.

Dated: March 16, 1999.

Alternate OSD Federal Register Liaison Officer, Department of Defense.
