

approximately 75.4 miles of new pipeline construction or about 10% of the pipeline's overall 751-mile length. Moreover, it is stated, six of the seven new compressor stations will be installed at existing pump-station sites. Nevertheless, Southern Trails states that it has embarked on the process of retaining a third-party contractor to prepare an Environmental Impact Statement/Environmental Impact Report for the project to meet both National Environmental Policy Act and California Environmental Quality Act requirements, with the FERC acting as lead agency for environmental review.

Southern Trails states that, between September 8 and October 8, 1998, it held an open season to determine the demand for Southern Trails' capacity. It explains that, during this open season, 15 companies submitted 22 bids totaling 810,000 Dth per day of demand. After review of the bids, Southern Trails explains that it is finalizing service agreements with certain parties for all or most of the capacity of the pipeline system.

Southern Trails seeks authority to provide open-access transportation service in accordance with tariff sheets that are submitted with its application. Southern Trails states that the proposed tariff includes (1) Rate Schedules FT (firm transportation service) and IT (interruptible transportation service) for both the East (Blanco/Chaco to Topock) and West (Topock to Long Beach) Zones; (2) General Terms and Conditions that delineate the specific operating procedures to be followed by Southern Trails and its customers; (3) maximum and minimum zone rates based on the Commission's straight fixed-variable rate design and a provision for negotiated rates consistent with the Commission's recourse-rate policy; and (4) forms of service agreements applicable to service provided under these rate schedules. Southern Trails specifies that the maximum \$11.46084 reservation rates, \$0.00967 usage rates and \$0.38647 interruptible rates are proposed to apply to transportation service provided by Southern Trails in the East and West Zones.

Any person desiring to participate in the hearing process or to make any protest with reference to said application should on or before April 6, 1999, file with the Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, D.C. 20426, a motion to intervene or a protest in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 and 385.211) and the Regulations under the

Natural Gas Act (18 CFR 157.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. The Commission's rules require that protestors provide copies of their protests to the party or parties directly involved. Any person wishing to become a party in any proceeding must file a motion to intervene in accordance with the Commission's rules.

A person obtaining intervenor status will be placed on the service list maintained by the Secretary of the Commission and will receive copies of all documents filed by the applicant and by every one of the intervenors. An intervenor can file for rehearing of any Commission order and can petition for court review of any such order. However, an intervenor must submit copies of comments or any other filing it makes with the Commission to every other intervenor in the proceeding, as well as 14 copies with the Commission.

A person does not have to intervene, however, in order to have comments considered. A person, instead, may submit two copies of comments to the Secretary of the Commission. Commenters will be placed on the Commission's environmental mailing list, will receive copies of environmental documents and will be able to participate in meetings associated with the Commission's environmental review process. Commenters will not be required to serve copies of filed documents on all other parties. However, commenters will not receive copies of all documents filed by other parties or issued by the Commission and will not have the right to seek rehearing or appeal the Commission's final order to a federal court.

The Commission will consider all comments and concerns equally, whether filed by commenters or those requesting intervenor status. Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Commission by Sections 7 and 15 of the Natural Gas Act and the Commission's Rules of Practice and Procedure, a hearing will be held without further notice before the Commission or its designee on this application if no motion to intervene is filed within the time required herein, if the Commission on its own review of the matter finds that granting the certificates is required by the public convenience and necessity. If a motion for leave to intervene is timely filed, or if the Commission on its own motion believes

that formal hearing is required, further notice of such hearing will be duly given.

Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for Southern Trails to appear or to be represented at the hearing.

David P. Boergers,

Secretary.

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. CP99-102-000]

Wyoming Interstate Company, Ltd.; Notice of Site Visit

March 16, 1999.

On April 7 and 8, 1999, the Office of Pipeline Regulation (OPR) staff will conduct an inspection of the pipeline route proposed by Wyoming Interstate Company, Ltd. (WIC) for the Medicine Bow Lateral Project. The inspection will begin from at the southern terminus of the project on the morning of April 7, 1999, and proceed northward along the proposed pipeline route through Weld County, Colorado and Laramie and Platte Counties, Wyoming. On April 8, 1999, the inspection will begin near Wheatland, Wyoming, at about 9:00 a.m., and continue northward along the proposed pipeline route in Platte and Converse Counties, Wyoming. Representatives of WIC will accompany the OPR staff.

All parties may attend. Anyone interested in participating in the site visit must provide their own transportation.

For further information, please contact Paul McKee of the Commission's Office of External Affairs at (202) 208-1088.

David P. Boergers,

Secretary.

BILLING CODE 6717-01-M

ENVIRONMENTAL PROTECTION AGENCY

[OPPTS-51924; FRL-6068-9]

Certain Chemicals; Premanufacture Notices

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: Section 5 of the Toxic Substances Control Act (TSCA) requires any person who intends to manufacture or import a new chemical to notify EPA and comply with the statutory provisions pertaining to the manufacture or import of substances not on the TSCA Inventory. Section 5 of TSCA also requires EPA to publish receipt and status information in the **Federal Register** each month reporting premanufacture notices (PMN) and test marketing exemption (TME) application requests received, both pending and expired. The information in this document contains notices received from February 1, to February 12, 1999.

ADDRESSES: Written comments, identified by the document control number "[OPPTS-51924]" and the specific PMN number, if appropriate, should be sent to: Document Control Office (7407), Office of Pollution Prevention and Toxics, Environmental Protection Agency, 401 M St., SW., Rm. ETG-099 Washington, DC 20460.

Comments and data may also be submitted electronically by sending electronic mail (e-mail) to: oppt.ncic@epamail.epa.gov. Electronic comments must be submitted as an ASCII file avoiding the use of special characters and any form of encryption. Comments and data will also be accepted on disks in WordPerfect in 5.1/6.1 file format or ASCII file format. All comments and data in electronic form must be identified by the docket number [OPPTS-51924]. No Confidential Business Information (CBI) should be submitted through e-mail. Electronic comments on this notice may be filed online at many Federal Depository Libraries. Additional information on electronic submissions can be found under "SUPPLEMENTARY INFORMATION" of this document.

FOR FURTHER INFORMATION CONTACT: Susan B. Hazen, Director, Environmental Assistance Division (7408), Office of Pollution Prevention and Toxics, Environmental Protection Agency, Rm. E-531, 401 M St., SW., Washington, DC, 20460, (202) 554-1404, TDD (202) 554-0551; e-mail: TSCA-Hotline@epamail.epa.gov.

SUPPLEMENTARY INFORMATION: Under the provisions of TSCA, EPA is required to publish notice of receipt and status reports of chemicals subject to section 5 reporting requirements. The notice requirements are provided in TSCA sections 5(d)(2) and 5(d)(3). Specifically, EPA is required to provide notice of

receipt of PMNs and TME application requests received. EPA also is required to identify those chemical submissions for which data has been received, the uses or intended uses of such chemicals, and the nature of any test data which may have been developed. Lastly, EPA is required to provide periodic status reports of all chemical substances undergoing review and receipt of notices of commencement.

A record has been established for this notice under docket number "[OPPTS-51924]" (including comments and data submitted electronically as described below). A public version of this record, including printed, paper versions of electronic comments, which does not include any information claimed as CBI, is available for inspection from 12 noon to 3 p.m., Monday through Friday, excluding legal holidays. The public record is located in the TSCA Nonconfidential Information Center (NCIC), Rm. NEM-B607, 401 M St., SW., Washington, DC 20460.

Electronic comments can be sent directly to EPA at:
oppt.ncic@epamail.epa.gov

Electronic comments must be submitted as an ASCII file avoiding the use of special characters and any form of encryption.

The official record for this notice, as well as the public version, as described above will be kept in paper form. Accordingly, EPA will transfer all comments received electronically into printed, paper form as they are received and will place the paper copies in the official record which will also include all comments submitted directly in writing. The official record is the paper record maintained at the address in "ADDRESSES" at the beginning of this document.

In the past, EPA has published individual notices reflecting the status of section 5 filings received, pending or expired, as well as notices reflecting receipt of notices of commencement. In an effort to become more responsive to the regulated community, the users of this information and the general public, to comply with the requirements of TSCA, to conserve EPA resources, and to streamline the process and make it more timely, EPA is consolidating these separate notices into one comprehensive notice that will be issued at regular intervals.

In this notice, EPA shall provide a consolidated report in the **Federal**

Register reflecting the dates PMN requests were received, the projected notice end date, the manufacturer or importer identity, to the extent that such information is not claimed as confidential and chemical identity, either specific or generic depending on whether chemical identity has been claimed confidential. Additionally, in this same report, EPA shall provide a listing of receipt of new notices of commencement.

EPA believes the new format of the notice will be easier to understand by the interested public, and provides the information that is of greatest interest to the public users. Certain information provided in the earlier notices will not be provided under the new format. The status reports of substances under review, potential production volume, and summaries of health and safety data will not be provided in the new notices.

EPA is not providing production volume information in the consolidated notice since such information is generally claimed as confidential. For this reason, there is no substantive loss to the public in not publishing the data. Health and safety data are not summarized in the notice since it is recognized as impossible, given the format of this notice, as well as the previous style of notices, to provide meaningful information on the subject. In those submissions where health and safety data were received by the Agency, a footnote is included by the Manufacturer/Importer identity to indicate its existence. As stated below, interested persons may contact EPA directly to secure information on such studies.

For persons who are interested in data not included in this notice, access can be secured at EPA Headquarters in the NCIC at the address provided above. Additionally, interested parties may telephone the Document Control Office at (202) 260-1532, TDD (202) 554-0551, for generic use information, health and safety data not claimed as confidential or status reports on section 5 filings.

Send all comments to the address listed above. All comments received will be reviewed and appropriate amendments will be made as deemed necessary.

This notice will identify: (I) PMNs received; TME's received; and (III) Notices of Commencement to manufacture/import.

I. 36 Premanufacture Notices Received From: 02/01/99 to 02/12/99

Case No.	Received Date	Projected Notice End Date	Manufacturer/Importer	Use	Chemical
P-99-0445	02/01/99	05/02/99	Shin-etsu Silicones of America, Inc	(S) Ingredient for emulsified silicone resin coating agent	(S) 2,5-furandione, reaction products with et. alc. and 3-(triethoxysilyl)-1-propanamine*
P-99-0446	02/02/99	05/03/99	CBI	(G) Raw material used in the formulation of uv industrial coatings for wood and plastics	(G) Polyester urethane vinyl ether
P-99-0447	02/02/99	05/03/99	Eastman Kodak Company	(G) Chemical intermediate, destructive use	(G) Substituted heterocyclic benzoic acid
P-99-0448	02/02/99	05/03/99	Nichiha USA, Inc	(S) Sealant for exterior walls and sizing boards	(G) Isocyanate-terminated urethane prepolymer
P-99-0449	02/02/99	05/03/99	Nichiha USA, Inc	(G) Primer for construction sealant	(G) Isocyanate modified polymer
P-99-0451	02/02/99	05/03/99	CIBA Specialty Chemicals Corporation / Colors Division	(S) Reactive dye for cellulose; scarlet and black	(G) Naphthalenesulfonic acid, -amino-hydroxy-, coupled with diazotized 2-[(aminophenyl)sulfonyl]ethyl hydrogen sulfate and diazotized amino-[[2-(sulfoox- y)ethyl]sulfonyl]benzenesulfonic acid, potassium sodium salts
P-99-0452	02/02/99	05/04/99	Eastman Kodak Company	(G) Contained use in an article	(G) Heterocyclic substituted heterocyclic benzoic acid salt
P-99-0453	02/04/99	05/05/99	CBI	(G) Building materials coating resin	(G) Amino-formaldehyde-polyol polymer
P-99-0454	02/03/99	05/04/99	PFW Aroma Chemicals USA	(S) Fragrance oil in detergent, fabric softener and household cleaners; fragrances oil in soaps, hair care, bath and shower and personal care; fragrance oil in fine perfumes; fragrance oil in air fresheners, candles, potpourri	(S) Benzene, [2-(cyclopentyloxy)ethyl]-*
P-99-0455	02/04/99	05/05/99	Vianova Resins Incorporated	(G) Paint additive	(G) Water soluble alkyd resin

BILLING CODE 6560-50-F

FARM CREDIT ADMINISTRATION**Farm Credit Administration Board;
Special Meeting**

AGENCY: Farm Credit Administration.

SUMMARY: Notice is hereby given, pursuant to the Government in the Sunshine Act (5 U.S.C. 552b(e)(3)), of the forthcoming special meeting of the Farm Credit Administration Board (Board).

DATE AND TIME: The special meeting of the Board will be held at Dallas

Renaissance in Dallas, Texas, on March 23, 1999, from 2:00 p.m. until such time as the Board concludes its business.

FOR FURTHER INFORMATION CONTACT: Vivian L. Portis, Secretary to the Farm Credit Administration Board, (703) 883-4025, TDD (703) 883-4444.

ADDRESSES: Dallas Renaissance, 2222 Stemmons Freeway, Dallas, Texas 75207.

SUPPLEMENTARY INFORMATION: This meeting of the Board will be open to the public (limited space available). In order to increase the accessibility to Board
