Containing 87.5 acres, more or less.

DATES: The land will become segregated on April 30, 1999. Comments are due in this office by June 14, 1999.

FOR FURTHER INFORMATION CONTACT: Detailed information concerning this action is available for review at the Bureau of Land Management, Elko Field Office, 3900 Idaho Street, Elko, Nevada.

SUPPLEMENTARY INFORMATION: The City of West Wendover intends to use the land for a Class 1 landfill. The patent, when issued, will be subject to the provisions of the Recreation and Public Purposes Act, applicable regulations of the Secretary of the Interior, and will contain the following reservations to the United States:

1. A right-of-way thereof for ditches and canals constructed by the authority of the United States; Act of August 30, 1890 (43 U.S.C. 945).

2. All mineral deposits in the lands so patented, and to it, or persons authorized by it, the right to prospect for, mine and remove such deposits from the same under applicable laws and regulations to be established by the

Secretary of Interior. The grant of the herein described lands is subject to any other reservations, provisions or covenants provided by the Recreation and Public Purposes Act that the authorized officer deems appropriate, including the following provision: A statement from the City of West Wendover indemnifying the United States harmless against any legal liability or future costs directly or indirectly attributable to the disposal of solid waste or release of hazardous substances on the subject land. Upon publication of this Notice of Realty Action in the **Federal Register**, the subject lands will be segregated from all forms of appropriation under the public land laws, including locations under the mining laws, except for recreation and public purposes. The segregative effect shall terminate upon issuance of a patent or as specified in an opening order to be published in the **Federal Register**, whichever occurs first. For a period of 45 days from the date of publication of this notice in the **Federal Register**, interested parties may submit comments to the Field Manager, Elko Field Office, 3900 Idaho Street, Elko, NV 89801. Any objections will be evaluated by the State Director, who may sustain, vacate or modify this realty action. In the absence of timely filed objections, the classification of the lands described in this Notice will become effective 60 days from the date of publication in the **Federal Register**.

Classification Comments

Interested parties may submit comments involving the suitability of the land for conveyance under the Recreation and Public Purposes Act. Comments on the classification are restricted to whether the land is physically suited for the proposal, whether the use will maximize the future use or uses of the land, whether the use is consistent with local planning and zoning, or if the use is consistent with State and Federal programs.

Application Comments

Interested parties may submit comments regarding the specific use proposed in the application and plan of development, whether the BLM followed proper administrative procedures in reaching the decision, or any other factor not directly related to the suitability of the land for a Class 1 landfill.

Dated: April 20, 1999.

Minerals Management Service

Preparation of an Environmental Assessment for Proposed Lease Sale 175 in the Central Gulf of Mexico (2000)

AGENCY: Minerals Management Service.

ACTION: Preparation of an Environmental Assessment.

SUMMARY: The Minerals Management Service (MMS) is beginning preparation

of an environmental assessment (EA) for proposed lease Sale 175 (scheduled for March 2000) in the Central Gulf of Mexico Planning Area. In August 1996, MMS issued a Call for Information and Nominations/Notice of Intent to Prepare an EIS (Call/NOI) for the five proposed Central Gulf of Mexico sales in the current 5-year leasing program. In 1997, MMS prepared a single environmental impact statement (EIS) for all five sales. The multisale Final EIS, filed in November 1997, included an analysis of a single, "typical" sale, and a cumulative analysis that included the effects of holding all five sales, as well as the cumulative effects of the long-term development of the planning area. The MMS stated in the EIS that an EA would be prepared for each lease sale after the first sale covered in the EIS (Sale 169).

The preparation of this EA is the first step in the prelease decision process for Sale 175. The proposal and alternatives for Sale 175 were identified by the Director of MMS in November 1996 following the Call/NOI and were analyzed in the Central Gulf multisale EIS, which is available from the Gulf of Mexico OCS Region's Public Information Office at 1-800-200-GULF. The proposed action analyzed in the multisale EIS was the offering of all available unleased acreage in the Central Gulf of Mexico Planning Area. The EA will also analyze alternatives to defer blocks south and within 15 miles of Baldwin County, Alabama, and to defer blocks containing topographic features with sensitive biological resources, as well as the no action alternative. The analysis in the EA will reexamine the potential environmental effects of the proposal and alternatives based on any new information regarding potential impacts and issues that was not available at the time the Final EIS was prepared.

The MMS requests interested parties to submit comments regarding any such new information or issues that should be addressed in the EA to Minerals Management Service, Gulf of Mexico OCS Region, Office of Leasing and Environment, Attention: Regional Supervisor (MS 5410), 1201 Elmwood Park Boulevard, New Orleans, Louisiana 70123-2394 by May 31, 1999. After completion of the EA, MMS will determine whether to prepare a Finding of No New Significant Impact (FONNSI) or a supplemental EIS. The MMS will then prepare and send consistency determinations to the affected States to determine whether the proposed sale is consistent with federally-approved State coastal zone management programs, and will send a proposed Notice of Sale to
