OFFICE OF MANAGEMENT AND BUDGET

Implementation of the Federal Activities Inventory Reform Act of 1998 (Public Law 105-270) ("FAIR Act")

AGENCY: Office of Management and Budget, Executive Office of the President.

ACTION: OMB issues final guidance on the implementation of the FAIR Act.

SUMMARY: The Office of Management and Budget (OMB) hereby issues guidance to implement the "Federal Activities Inventory Reform Act of 1998".

To facilitate and ensure agency implementation of the "Federal Activities Inventory Reform Act of 1998" (Public Law 105-270) ("FAIR Act"), OMB is revising its existing guidance on the management of commercial activities through revisions to OMB Circular A-76, "Performance of Commercial Activities," and to its Supplemental Handbook. These revisions inform agencies of the FAIR Act's requirements; implement the statutory requirements of the FAIR Act; avoid duplication and confusion by

conforming guidance to the FAIR Act, and place the FAIR Act's requirements in the context of the Federal Government's larger reinvention, competition and privatization efforts. **DATES:** This guidance is effective June 24, 1999.

SUPPLEMENTARY INFORMATION:

I. The Federal Activities Inventory Reform Act

On October 12, 1998, President Clinton signed into law the "Federal Activities Inventory Reform Act of 1998" ("FAIR Act" or "Act"). The FAIR Act directs Federal agencies to submit each year an inventory of all their activities that are performed by Federal employees but are not inherently Governmental (i.e., are commercial). OMB is to review each agency's Commercial Activities Inventory and consult with the agency regarding its content. Upon the completion of this review and consultation, the agency must transmit a copy of the inventory to Congress and make it available to the public. The FAIR Act establishes an administrative appeals process under which an interested party may challenge the omission or the inclusion of a particular activity on the inventory. Finally, the FAIR Act requires agencies to review the activities on the inventory. Each time that the head of an executive agency considers contracting with a private sector source for the performance of such an activity, the head of the executive agency shall use a competitive process. When conducting cost comparisons, agencies must ensure that all costs are considered.

In enacting the FAIR Act, Congress did not displace longstanding Executive Branch policy regarding the performance of commercial activities. The Federal Government seeks to achieve economy and enhance productivity and quality through competition to obtain the best service at least cost to the American taxpayer. This Federal policy regarding the performance of commercial activities has been provided by OMB Circular A-76, "Performance of Commercial
