**DEPARTMENT OF THE INTERIOR****National Park Service****Notice of Intent to Repatriate a Cultural Item in the Possession of the American Museum of Natural History of New York, NY**

**AGENCY:** National Park Service

**ACTION:** Notice

Notice is hereby given under the Native American Graves Protection and Repatriation Act, 43 CFR 10.10 (a)(3), of the intent to repatriate a cultural item in the possession of the American Museum of Natural History which meets the definition of "object of cultural patrimony" under Section 2 of the Act.

The cultural item is a wooden canoe prow piece carved in the shape of a beaver. It is painted red with black and blue-green detailing and it has abalone teeth and eyes. Representatives of Kootznoowoo, Incorporated, identified this prow piece as belonging to the one canoe that survived the U.S. Navy's shelling of Angoon in 1882.

In 1911, the American Museum of Natural History purchased this prow piece from George Thornton Emmons. The Museum accessioned the item into

its collection the same year (AMNH Accession Number 1911-7).

The cultural affiliation of this item is Hutsnuwu ("Hootz-ah-tar") Tlingit as indicated through Museum records and consultation with representatives of Kootznoowoo, Incorporated. Kootznoowoo, Incorporated, had requested the object on behalf of the Deisheetaan Clan. Consultation evidence presented by representatives of Kootznoowoo, Incorporated, indicates that this item has ongoing historical, traditional, and cultural importance central to the tribe itself, and no individual had the right to alienate it at the time of acquisition.

Based on the above-mentioned information, officials of the American Museum of Natural History have determined that, pursuant to 43 CFR 10.2 (d)(4), this cultural item has ongoing historical, traditional, and cultural importance central to the tribe itself, and could not have been alienated, appropriated, or conveyed by any individual. Officials of the American Museum of Natural History have also determined that, pursuant to 43 CFR 10.2 (e), there is a relationship of shared group identity which can be reasonably traced between this item and Kootznoowoo, Incorporated.

This notice has been sent to officials of Kootznoowoo, Incorporated, and the Angoon Community Association. Representatives of any other Indian tribe that believes itself to be culturally affiliated with this object should contact Martha Graham, Registrar for Cultural Resources, Department of Anthropology, American Museum of Natural History, Central Park West at 79th Street, New York, NY 10024-5192, telephone (212) 769-5846, before August 11, 1999. Repatriation of this object to Kootznoowoo, Incorporated, may begin after that date if no additional claimants come forward.

The National Park Service is not responsible for the contents of or determinations within this notice.

Dated: July 2, 1999.

## NATIONAL ARCHIVES AND RECORDS ADMINISTRATION

### Records Schedules; Availability and Request for Comments

**AGENCY:** National Archives and Records Administration, Office of Records Services—Washington, DC.

**ACTION:** Notice of availability of proposed records schedules; request for comments.

**SUMMARY:** The National Archives and Records Administration (NARA) publishes notice at least once monthly of certain Federal agency requests for records disposition authority (records schedules). Once approved by NARA, records schedules provide mandatory instructions on what happens to records when no longer needed for current Government business. They authorize the preservation of records of continuing value in the National Archives of the United States and the destruction, after a specified period, of records lacking administrative, legal, research, or other value. Notice is published for records schedules in which agencies propose to destroy records not previously authorized for disposal or reduce the retention period of records already authorized for

disposal. NARA invites public comments on such records schedules, as required by 44 U.S.C. 3303a(a).

**DATES:** Requests for copies must be received in writing on or before August 26, 1999. Once the appraisal of the records is completed, NARA will send a copy of the schedule. NARA staff usually prepare appraisal memorandums that contain additional information concerning the records covered by a proposed schedule. These, too, may be requested and will be provided once the appraisal is completed. Requesters will be given 30 days to submit comments.

**ADDRESSES:** To request a copy of any records schedule identified in this notice, write to the Life Cycle Management Division (NWML), National Archives and Records Administration (NARA), 8601 Adelphi Road, College Park, MD 20740-6001. Requests also may be transmitted by FAX to 301-713-6852 or by e-mail to records.mgt@arch2.nara.gov. Requesters must cite the control number, which appears in parentheses after the name of the agency which submitted the schedule, and must provide a mailing address. Those who desire appraisal reports should so indicate in their request.

**FOR FURTHER INFORMATION CONTACT:** Marie Allen, Director, Life Cycle Management Division (NWML), National Archives and Records Administration, 8601 Adelphi Road, College Park, MD 20740-6001. Telephone: (301) 713-7110. E-mail: records.mgt@arch2.nara.gov.

**SUPPLEMENTARY INFORMATION:** Each year Federal agencies create billions of records on paper, film, magnetic tape, and other media. To control this accumulation, agency records managers prepare schedules proposing retention periods for records and submit these schedules for NARA's approval, using the Standard Form (SF) 115, Request for Records Disposition Authority. These schedules provide for the timely transfer into the National Archives of historically valuable records and authorize the disposal of all other records after the agency no longer needs to conduct its business. Some schedules are comprehensive and cover all the records of an agency or one of its major subdivisions. Most schedules, however, cover records of only one office or program or a few series of records. Many of these update previously approved schedules, and some include records proposed as permanent.

No Federal records are authorized for destruction without the approval of the Archivist of the United States. This
