**Notice of Inventory Completion for  
Native American Human Remains and  
an Associated Funerary Object in the  
Control of the Bay County Historical  
Society, Bay City, MI**

**AGENCY:** National Park Service.

**ACTION:** Notice.

Notice is hereby given in accordance with provisions of the Native American Graves Protection and Repatriation Act (NAGPRA), 43 CFR 10.9, of the completion of an inventory of human remains and an associated funerary object in the control of the Bay County Historical Society, Bay City, MI.

A detailed assessment of the human remains was made by Bay County Historical Society professional staff in consultation with representatives of the Saginaw Chippewa Indian Tribe of Michigan, Isabella Reservation.

In 1965 or 1966, human remains representing one individual were removed from an area north of the Third Street bridge, Bay City, MI during a dredging project on the west bank of the Saginaw River by a person whose name is withheld by the institution. In 1998, the son of the original collector, whose name is also withheld by the institution, contacted the Bay County Historical Society for the purpose of repatriation. No known individual was identified.

The one associated funerary object is a metal artifact, possibly a strike-a-light.

Based on burial location, the associated funerary object, and forensic information, this individual has been identified as Native American from the historic period. Based on the burial location and associated funerary object, these human remains appear to be associated with site 20BY28, the Fletcher site which was excavated during 1967-68 and 1979 by Michigan State University. Based on site location and material culture, site 20BY28 has been identified as an 18th century occupation site. Historical documents indicate Saginaw Chippewa settlements in close proximity to this cemetery area during the late 18th century.

Based on the above mentioned information, officials of the Bay County Historical Society have determined that, pursuant to 43 CFR 10.2 (d)(1), the

human remains listed above represent the physical remains of one individual of Native American ancestry. Officials of the Bay County Historical Society have also determined that, pursuant to 43 CFR 10.2 (d)(2), the one object listed above are reasonably believed to have been placed with or near individual human remains at the time of death or later as part of the death rite or ceremony. Lastly, officials of the Bay County Historical Society have determined that, pursuant to 43 CFR 10.2 (e), there is a relationship of shared group identity which can be reasonably traced between these Native American human remains and associated funerary object and the Saginaw Chippewa Indian Tribe of Michigan, Isabella Reservation.

This notice has been sent to officials of the Saginaw Chippewa Indian Tribe of Michigan, Isabella Reservation. Representatives of any other Indian tribe that believes itself to be culturally affiliated with these human remains and associated funerary object should contact Ms. Gay McInerney, Executive Director, Bay County Historical Society, 321 Washington Avenue, Bay City, MI 38708; telephone: (517) 893-5733, before December 2, 1999. Repatriation of the human remains and associated funerary object to the Saginaw Chippewa Indian Tribe of Michigan, Isabella Reservation may begin after that date if no additional claimants come forward.

Dated: October 26, 1999.

**Background**

On September 7, 1993, the Department of Commerce issued an antidumping duty order on imports of compact ductile iron waterworks fittings from China (58 FR 47117). The Commission is conducting a review to determine whether revocation of the order would be likely to lead to continuation or recurrence of material

injury to the domestic industry within a reasonably foreseeable time. It will assess the adequacy of interested party responses to this notice of institution to determine whether to conduct a full review or an expedited review. The Commission's determination in any expedited review will be based on the facts available, which may include information provided in response to this notice.

**Definitions**

The following definitions apply to this review:

(2) The *Subject Country* in this review is China.

(3) The *Domestic Like Product* is the domestically produced product or products which are like, or in the absence of like, most similar in characteristics and uses with, the Subject Merchandise. In its original determination, the Commission found in the affirmative for two Domestic Like Products: (1) All iron waterworks fittings and (2) all iron glands. One Commissioner defined the Domestic Like Product differently.

(4) The *Domestic Industry* is the U.S. producers as a whole of the Domestic Like Product, or those producers whose collective output of the Domestic Like Product constitutes a major proportion of the total domestic production of the product. Supply conditions to consider include technology; production methods; development efforts; ability to increase production (including the shift of production facilities used for other products and the use, cost, or availability of major inputs into production); and factors related to the

ability to shift supply among different national markets (including barriers to importation in foreign markets or changes in market demand abroad). **SUPPLEMENTARY INFORMATION:**

**Background**

On May 10, 1993, the Department of Commerce issued an antidumping duty order on imports of DRAMs of 1 megabit & above from Korea (58 FR 27520). The Commission is conducting a review to determine whether revocation of the order would be likely to lead to continuation or recurrence of material injury to the domestic industry within a reasonably foreseeable time. It will assess the adequacy of interested party responses to this notice of institution to determine whether to conduct a full review or an expedited review. The Commission's determination in any expedited review will be based on the facts available, which may include information provided in response to this notice.

**Definitions**

The following definitions apply to this review:

(1) *Subject Merchandise* is the class or kind of merchandise that is within the

scope of the five-year review, as defined by the Department of Commerce.

(2) The *Subject Country* in this review is Korea.

(3) The *Domestic Like Product* is the domestically produced product or products which are like, or in the absence of like, most similar in characteristics and uses with, the Subject Merchandise. In its original determination, the Commission found one Domestic Like Product: all DRAMs and video random access memories (VRAMs), irrespective of density, assembled or unassembled, packaged in memory modules or not. The Commission also determined not to establish an upper density limit on the Domestic Like Product based on existing densities of DRAMs then currently available.
