Surface Transportation Board

[STB Docket No. AB-564]

Camas Prairie RailNet, Inc.— Abandonment—In Lewis, Nez Perce, and Idaho Counties, ID (Between Spalding and Grangeville, ID)

On May 26, 2000, Camas Prairie RailNet, Inc. (CSPR) filed with the Surface Transportation Board, Washington, DC 20423, an application for permission for the abandonment of a line of railroad known as the 2nd Subdivision or Grangeville Line extending from railroad milepost 0.00 near Spalding, ID, to railroad milepost 66.8 (end of track) near Grangeville, ID, a distance of 66.8 miles, in Lewis, Nez Perce, and Idaho Counties, ID. The line includes the stations of Lapwai (MP

3.3), Sweetwater (MP 5.3), Culesac (MP 12.1), Nucrag (MP 19.5), Ruebens (MP 26.1), Craighton (MP 34.3), Ferdinand (MP 42.3), Cottonwood (MP 51.0), Fenn (MP 59.5), and Grangeville (MP 66.8), and traverses United States Postal Service ZIP Codes 83501, 83522, 83523, 83524, 83526, 83530, 83531, 83548, and 83640.

The line contains federally granted rights-of-way. Any documentation in the railroad's possession will be made available promptly to those requesting it. The applicant's entire case for abandonment (case-in-chief) was filed with the application.

This line of railroad has been included in the railroad's system diagram map or has been included in its narrative in category 1 since December 28, 1999.¹

The interest of railroad employees will be protected by conditions imposed in *Oregon Short Line R. Co.—Abandonment—Goshen*, 360 I.C.C. 91 (1979).

Any interested person may file with the Surface Transportation Board written comments concerning the proposed abandonment or protests (including the protestant's entire opposition case), by July 10, 2000. All interested persons should be aware that following any abandonment of rail service and salvage of the line, the line may be suitable for other public use, including interim trail use. Any request for a public use condition under 49 U.S.C. 10905 (§ 1152.28 of the Board's rules) and any request for a trail use condition under 16 U.S.C. 1247(d) (§ 1152.29 of the Board's rules) must also be filed by July 10, 2000. The due date for applicant's reply to protests and its response to trail use requests is July 25, 2000. Persons who may oppose the abandonment or discontinuance but who do not wish to participate fully in the process by submitting verified statements of witnesses, containing detailed evidence, should file comments. Persons interested only in seeking public use or trail use conditions should also file comments. Persons opposing the proposed abandonment who wish to participate actively and fully in the process should file a protest.²

¹ Applicant inadvertently neglected to furnish a copy of its system diagram map (SDM) or narrative to the Idaho Transportation Department on December 28, 1999. Applicant corrected this omission by faxing and mailing a copy to that agency on January 27, 2000, 120 days before filing its abandonment application. The SDM or narrative contained a *de minimis* mistake indicating that the line terminates at milepost 66.5 rather than at the end of the track at milepost 66.8.

² By decision served June 9, 2000, requests for oral hearing in this proceeding were denied. The
