

between approximately 3 p.m. and 5 p.m. Time allotted for each presentation may be limited. Those desiring to make formal oral presentations should notify the contact person before July 14, 2000, and submit a brief statement of the general nature of the evidence or arguments they wish to present, the names and addresses of proposed participants, and an indication of the approximate time requested to make their presentation.

Transcripts: Transcripts of the meeting may be requested in writing from the Freedom of Information Office (HFI-35), Food and Drug Administration, 5600 Fishers Lane, rm. 12A-16, Rockville, MD 20857, approximately 15 working days after the meeting at a cost of 10 cents per page.

If you need special accommodations due to a disability, please contact Ms. Toni Fennell, 301-443-7118 at least 7 days in advance.

Dated: June 29, 2000.

Linda S. Kahan,

Deputy Director for Regulations Policy, Center for Devices and Radiological Health.

[Docket No. 00D-1350]

Draft Guidance for Industry on Combined Oral Contraceptives—Labeling for Healthcare Providers and Patients; Availability

AGENCY: Food and Drug Administration, HHS.

ACTION: Notice.

SUMMARY: The Food and Drug Administration (FDA) is announcing the availability of a draft guidance for industry entitled “Combined Oral Contraceptives—Labeling for Healthcare Providers and Patients.” FDA’s Center for Drug Evaluation and Research is issuing this draft guidance for drug products in the combined oral contraceptives class. When finalized, the guidance should result in uniform labeling among combined oral contraceptive products. Uniform labeling is important to physicians and patients when they read and try to understand efficacy claims and safety risks associated with drug products in this class. In addition, this draft guidance is intended to provide sponsors of new combined oral contraceptive drug products with a labeling template.

DATES: Submit written comments on the draft guidance by September 8, 2000. General comments on agency guidance documents are welcome at any time.

ADDRESSES: Copies of this draft guidance for industry are available on the Internet at <http://www.fda.gov/cder/guidance/index.htm>. Submit written requests for single copies of the draft guidance to the Drug Information Branch (HFD-210), Center for Drug Evaluation and Research, Food and Drug Administration, 5600 Fishers Lane, Rockville, MD 20857. Send one self-addressed adhesive label to assist that office in processing your requests. Submit written comments on the guidance to the Dockets Management Branch (HFA-305), Food and Drug Administration, 5630 Fishers Lane, rm. 1061, Rockville, MD 20852.

FOR FURTHER INFORMATION CONTACT:

Lana L. Pauls, Center for Drug Evaluation and Research (HFD-580), Food and Drug Administration, 5600 Fishers Lane, Rockville, MD 20857, 301-827-4260.

SUPPLEMENTARY INFORMATION: FDA is announcing the availability of a draft guidance for industry entitled “Combined Oral Contraceptives—Labeling for Healthcare Providers and Patients.” The draft guidance is intended to produce uniform labeling among combined oral contraceptive products. Uniform labeling is important to physicians and patients in understanding efficacy claims and safety risks associated with drug products in this class. The draft guidance, which outlines recommendations for the physician insert, also includes a labeling template for physician labeling and instructions for use that can be used for new drug applications and abbreviated new drug applications. Among the labeling recommendations is a black box warning explaining the increased risk of serious cardiovascular side effects associated with the concomitant use of cigarettes and combined oral contraceptives. Once the draft guidance is finalized, the recommended text should be included in all approved, pending, and future applications. This labeling guidance is intended to supersede the “Labeling Guidance for Combination Oral Contraceptives, Physician and Patient Labeling,” revised in August 1994.

This draft guidance is being issued consistent with FDA’s good guidance practices (62 FR 8961, February 27, 1997). The draft guidance represents the agency’s current thinking on combined oral contraceptive labeling for healthcare providers and patients. It

does not create or confer any rights for or on any person and does not operate to bind FDA or the public. An alternative approach may be used if such approach satisfies the requirements of the applicable statute, regulations, or both.

Interested persons may submit to the Dockets Management Branch (address above) written comments on the draft guidance. Two copies of any comments are to be submitted, except that individuals may submit one copy. Comments are to be identified with the docket number found in brackets in the heading of this document. The draft guidance and received comments are available for public examination in the Dockets Management Branch between 9 a.m. and 4 p.m., Monday through Friday.

Dated: June 28, 2000.

Margaret M. Dotzel,

Associate Commissioner for Policy.

Notice of Correction

AGENCY: Health Resources and Services Administration.

ACTION: Notice; correction.

SUMMARY: In the **Federal Register** notice of Monday, June 5, 2000, in FR Doc. 00-13951, on page 35657, beginning in the first column under grant category (2) “Partnership for State Oral Health Leadership Cooperative Agreement (MCHB),” reference is made to “Funding Priorities and/or Preferences: A funding preference will be given to institutions of higher learning with extensive experience in early discharge research, linkage with the Secretary’s Advisory Committee on Infant Mortality, and published research and recognition in the relevant field.” This reference was erroneous and should be corrected to read: “Funding Priorities and/or Preferences: None.”
