

DHHS has a strong interest in ensuring that women, minority groups, and physically challenged individuals are adequately represented on the Committee and, therefore, encourages nominations of qualified candidates from these groups. DHHS also encourages geographic diversity in the composition of the Committee.

Information Required: A nominations package must include the following information for each nominee.

A. A letter of nomination stating the name, affiliation, and contact information for the nominee, the basis for the nomination (*i.e.*, what specific attributes recommend him/her for service in this capacity), and the nominee's area of expertise;

B. A biographical sketch of the nominee and a copy of his or her curriculum vitae; and

C. The name, return address, and daytime telephone number at which the nominator can be contacted. Organizational nominators must identify a principal contact person in addition to contact information. Optimally, a nomination package would also include a statement by the nominee that he/she is willing to accept an appointment to Committee membership.

All nomination information for a nominee must be provided in a complete single package within 45 days of the publication of this notice. Incomplete nominations cannot be considered. The nomination letter must bear an original signature; facsimile transmissions or copies are not acceptable.

DATES: All nominations must be received at the address below no later than 4 p.m. EDT on or before September 11, 2000.

ADDRESSES: All nomination packages shall be submitted to Janice C. Ramsden, Executive Secretary, CFSCC, Office of the Acting Director, NIH, Building 1, Room 235, 1 Center Drive, MSC 0159, Bethesda, Maryland 20892-0159.

FOR FURTHER INFORMATION CONTACT: Janice C. Ramsden at the above address or at 301-496-0959, or e-mail at jr52h@nih.gov.

Dated: July 20, 2000.

Janice C. Ramsden,

Executive Secretary, CFSCC, Office of the Director, NIH.

Citizens Advisory Committee on Public Health Services Activities and Research at Department of Energy Sites: Notice of Charter Renewal

This gives notice under the Federal Advisory Committee Act (Public Law 92-463) of October 6, 1972, that the Citizens Advisory Committee on Public Health Services Activities and Research at Department of Energy Sites of the Department of Health and Human Services, has been renewed for a 2-year period beginning July 7, 2000, through July 7, 2002.

For further information, contact Ron Valdiserri, M.D., Executive Secretary, Citizens Advisory Committee on Public Health Services Activities and Research at Department of Energy Sites, 1600 Clifton Road, NE, m/s E-07, Atlanta, Georgia 30333. Telephone 404/639-8002, or fax 404/639-8600.

The Director, Management Analysis and Services Office, has been delegated the authority to sign **Federal Register** notices pertaining to announcements of meetings and other committee management activities, for both the Centers for Disease Control and Prevention and the Agency for Toxic Substances and Disease Registry.

Dated: July 20, 2000.

John Burckhardt,

Acting Director, Management Analysis and Services Office, Centers for Disease Control and Prevention.

BILLING CODE 4163-18-P

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Centers for Disease Control and Prevention

Government-Owned Inventions; Availability for Licensing

AGENCY: Centers for Disease Control and Prevention, Technology Transfer Office, Department of Health and Human Services

ACTION: Notice of availability.

ADDRESSES: Send all inquiries concerning this notice in writing to Beverly Ashton, Centers for Disease Control and Prevention, National Immunization Program, 1600 Clifton Road, Mailstop E62, Atlanta, Georgia 30333.

SUMMARY: The National Immunization Program (NIP), Centers for Disease Control and Prevention (CDC), has developed a software component that can examine an individual's immunization history and determine which specific immunizations the individual needs as of any specified date, according to the recommendations of the Advisory Committee on Immunization Practices. The component is written in the C++ programming language and is exposed as an ActiveX object.

The NIP would like to make this component available to developers of immunization registry software and other applications that have immunization management functions. NIP would like to establish a mechanism which would allow a software vendor or vendors to provide technical maintenance and support for the component. One possibility would be for NIP to post a list of interested vendors (including their addresses and telephone numbers) on the NIP/Registry website (www.CDC.gov/NIP/Registry). Developers who want to implement the component in their systems would then contract with the vendor of their choice, independently, to obtain technical support.

Vendor support would consist of:

- Assistance with the installation of the component.
- Assistance with day-to-day operational problems.
- Correction of software bugs.
- Update of parameterized rules to implement new ACIP recommendations.
- Enhancements of the component's functionality.

NIP will make the component available to the vendor free of charge, and the vendor will marshal the resources necessary to provide the support to developers, under contracts negotiated between the vendor and the individual developer. CDC will not be a party to these contracts.

Vendors should describe their experience and available resources in providing this kind of software support. Vendors interested in this opportunity with NIP should write to: Centers for Disease Control and Prevention, Attn: Beverly Ashton, National Immunization Program, Mail Stop E-62, 1600 Clifton Road, Atlanta, GA 30333.

Joseph R. Carter,

Associate Director for Management and Operations, Centers for Disease Control and Prevention.
