

identified as Native American. The Klamath Indian Tribe of Oregon and the Modoc Tribe of Oklahoma have a shared ancestry. Following the conclusion of the Modoc wars, the Modoc people were relocated to Oklahoma. In 1888, the Modoc reservation was established. In 1909, permission was granted to the Modoc to return to Oregon. Those who returned became part of the Klamath Indian Tribe of Oregon. To date, consultation with the Klamath Indian Tribe of Oregon and the Modoc Tribe of Oklahoma has not identified a lineal descendant.

In 1874, human remains representing four individuals were collected by an unknown individual from an unknown area. The circumstances surrounding the recovery of the remains are unknown. In 1874, the remains were donated to the National Museum of Health and Medicine (formerly the Army Medical Museum) by E. T. Parker. The museum is in possession of only two individuals. No known individuals were identified. No associated funerary objects are present.

Accession records from the National Museum of Health and Medicine indicate that the remains are from Modoc Indians who were hung. The Klamath Indian Tribe of Oregon and the Modoc Tribe of Oklahoma have a shared ancestry. Following the conclusion of the Modoc wars, the Modoc people were relocated to Oklahoma. In 1888, the Modoc reservation was established. In 1909, permission was granted to the Modoc to return to Oregon. Those who returned became part of the Klamath Indian Tribe of Oregon.

Based on the above-mentioned information, officials of the National Museum of Health and Medicine of the Armed Forces Institute of Pathology have determined that, pursuant to 43 CFR 10.2 (d)(1), the human remains listed above represent the physical remains of three individuals of Native American ancestry. Officials of the National Museum of Health and Medicine of the Armed Forces Institute of Pathology have determined that, pursuant to 43 CFR 10.2 (e), there is a relationship of shared group identity that can be reasonably traced between these Native American human remains and the Klamath Indian Tribe of Oregon and the Modoc Tribe of Oklahoma.

This notice has been sent to officials of the Klamath Indian Tribe of Oregon and the Modoc Tribe of Oklahoma. Representatives of any other Indian tribe that believes itself to be culturally affiliated with these human remains should contact Lenore Barbian, Assistant Curator, National Museum of Health and Medicine, Armed Forces

Institute of Pathology, Walter Reed Army Medical Center, Building 54, Washington, DC 20306, telephone (202) 782-2203, before January 29, 2001. Repatriation of the human remains and associated funerary objects to the Klamath Indian Tribe of Oregon may begin after that date if no additional claimants come forward.

Dated: December 21, 2000

## DEPARTMENT OF THE INTERIOR

### National Park Service

#### **Notice of Inventory Completion for Native American Human Remains and Associated Funerary Objects in the Possession of the Seneca Falls Historical Society, Seneca Falls, NY**

**AGENCY:** National Park Service

**ACTION:** Notice

Notice is hereby given in accordance with provisions of the Native American Graves Protection and Repatriation Act (NAGPRA), 43 CFR 10.9, of the completion of an inventory of human remains and associated funerary objects in the possession of the Seneca Falls Historical Society, Seneca Falls, NY.

This notice is published as part of the National Park Service's administrative responsibilities under NAGPRA, 43 CFR 10.2 (c). The determinations within this notice are the sole responsibility of the museum, institution, or Federal agency that has control of these Native American human remains and associated funerary objects. The National Park Service is not responsible for the determinations within this notice.

A detailed assessment of the human remains was made by Seneca Falls Historical Society professional staff in consultation with representatives of the Cayuga Nation of New York and the Seneca Nation of New York.

In 1932, human remains representing one individual were donated to the Seneca Falls Historical Society, Seneca Falls, NY, by Charles Zacharie. A newspaper article published at the time of donation reported that Dr. Zacharie had collected the remains at an unknown location in the region of Seneca and Cayuga Lakes, NY. No known individual was identified. No associated funerary objects are present.

Based on the reported manner of interment, these remains are determined

to be Native American. The degree of preservation of the remains indicates that they date to within the last 500 years. The geographical location of the burial is consistent with the traditional territory of the Cayuga Nation of New York.

Based on the above mentioned information, officials of the Seneca Falls Historical Society have determined that, pursuant to 43 CFR 10.2 (d)(1), the human remains listed above represent the physical remains of one individual of Native American ancestry. Officials of the Seneca Falls Historical Society also have determined that, pursuant to 43 CFR 10.2 (e), there is a relationship of shared group identity that can be reasonably traced between these Native American human remains and the Cayuga Nation of New York.

This notice has been sent to officials of the Cayuga Nation of New York, the Seneca Nation of New York, and the Seneca-Cayuga Tribe of Oklahoma. Representatives of any other Indian tribe that believes itself to be culturally affiliated with these human remains should contact Lisa Compton, Director, Seneca Falls Historical Society, 55 Cayuga Street, Seneca Falls, NY 13148, telephone (315) 568-8412, before January 29, 2001. Repatriation of the human remains occurred on August 13, 1999.

Dated: December 14, 2000.

## INTERNATIONAL TRADE COMMISSION

[Investigation No. 1205-5]

### **Proposed Modifications to the Harmonized Tariff Schedule of the United States**

**AGENCY:** United States International Trade Commission.

**ACTION:** Additional Proposed Amendments.

**EFFECTIVE DATE:** December 21, 2000.

**SUMMARY:** On November 18, 1999, the Commission instituted investigation No. 1205-5, Proposed Modifications to the Harmonized Tariff Schedule of the United States, pursuant to section 1205 of the Omnibus Trade and Competitiveness Act of 1988. Section 1205 directs the Commission to keep Harmonized Tariff Schedule of the United States (HTS) under continuous review and to recommend modifications

to the HTS (1) when amendments to the International Convention on the Harmonized Commodity Description and Coding System (Harmonized System), and the Protocol thereto, are recommended by the World Customs Organization (WCO) (formerly known as the Customs Cooperation Council) for adoption, and (2) as other circumstances warrant. The Commission's final report will set forth the proposed changes and indicate the necessary changes in the HTS that would be needed to conform the HTS to the international nomenclature structure; the report will also include other appropriate explanatory information on the proposed changes. A preliminary report was submitted to the Office of the United States Trade Representative in March 2000. Since that time, the Commission has been informed of additional proposed amendments to the HTS that should be included in the final report.

**FOR FURTHER INFORMATION CONTACT:**

Eugene A. Rosengarden, Director (202-205-2592), Office of Tariff Affairs and Trade Agreements, U.S. International Trade Commission, Washington, DC 20436. Hearing impaired individuals are advised that information on this investigation can be obtained by contacting the TDD terminal on (202) 205-1810.

**Background**

The majority of the changes proposed in the Commission's preliminary report are the result of the work of the WCO and its Harmonized System Committee (HSC) to update and clarify the Harmonized System nomenclature, as part of the WCO's long-term program to review the nomenclature structure on a formal basis. These proposed changes, which are to become effective in January 2002, are available in the Office of the Secretary, Room 112, United States International Trade Commission, 500 E Street SW., Washington, DC 20436 (telephone 202-205-2000) and are posted on the Commission's website (<http://www.usitc.gov>). These changes encompass all decisions taken by the HSC since the implementation of the last set of WCO modifications to the Harmonized System, which were effective as of January 1, 1996. Future notices will be issued in this investigation indicating the final resolution of all matters and decisions taken by the HSC during the course of Commission consideration. Other proposed changes included in this investigation are requested by the U.S. Customs Service, in order to clarify the proper tariff classification and duty

treatment of particular goods due to decisions of the Court of International Trade, the HSC, or the US Customs Service. These changes, including those which are the subject of this notice, will be treated separately in the Commission's final report. The Commission has prepared non-authoritative cross-reference tables in its preliminary report to provide guidance to potentially affected parties and to show the likely existing and future tariff classifications of the goods concerned. The Customs Service has domestic legal authority for tariff classification and may provide information, both during the course of the investigation and after the Commission's report is submitted, that indicates different or additional tariff classifications of some goods. Moreover, the WCO will eventually issue a cross-reference table under Article 16 of the Harmonized System Convention, indicating the agreed international classifications (existing and future) of the goods affected by the proposed changes. The latter table may be release later in the Commission's investigation, and differences between international and domestic classification of a few goods may be suggested (in some cases due to reservations filed by WCO member countries or to theoretical or asserted classifications for some goods). Thus, the classifications shown in the Commission's cross-reference tables may be subject to change in the final report.

**Additional Proposed Amendments to the HTS**

In addition to the changes to the HTS proposed in the Commission's preliminary report, the following changes are also proposed, in order to correct an error made during the conversion of the former Tariff Schedules of the United States (TSUS) to the format of the Harmonized System. These new proposed changes are set out below.

(1) Subheading 2924.29.41: Delete the reference to "Methyl-4-aminobenzenesulfonylcarbamate (Asulam)" from the Article Description, so that the description would read as follows:

"3-Ethoxycarbonylaminophenyl-N-phenylcarbamate (Desmedipahm); and Isopropyl-N-(3-chlorophenyl)carbamate (CIPC)"

Renumber the subheading as 2924.29.43 to reflect a change in its scope.

(2) Subheading 2935.00.05: Insert a reference to "Methyl-4-aminobenzenesulfonylcarbamate

(Asulam)" in the Article Description, so that the description would read as follows:

"4-Amino-6-chloro-m-benzenedisulfonamide; and Methyl-4-aminobenzenesulfonylcarbamate (Asulam)"

Renumber the subheading as 2935.00.06 to reflect a change in its scope.

**Written Submissions**

Interested parties are invited to submit written statements concerning two proposed changes outlined above. Commercial or financial information that a submitter desires to treat as confidential must be submitted on separate sheets of paper, each clearly marked "Confidential Business Information" at the top. All submissions requesting confidential treatment must conform with the requirements of § 201.6 of the Commission's rules of practice and procedure (19 CFR 201.6). All written submissions, except for confidential business information, will be made available in the Office of the Secretary of the Commission for inspection by interested parties. To be assured of consideration by the Commission, written statements relating to the proposed changes above should be submitted to the Commission at the earliest practical date and should be received no later than the close of business on January 19, 2001. All submissions should be addressed to the Secretary, United States International Trade Commission, 500 E Street SW, Washington, DC 20436. The Commission's rules do not authorize filing submissions with the Secretary by facsimile or by electronic means.

Persons with mobility impairments who will need special assistance in gaining access to the Commission should contact the Office of the Secretary at 202-205-2000. General information concerning the Commission may also be obtained by accessing its Internet server (<http://www.usitc.gov>).

**List of Subjects**

Tariffs/HTS, Harmonized System, WCO, and imports.

Issued: December 21, 2000.

By order of the Commission.

**Donna R. Koehnke,**

*Secretary.*
