**DEPARTMENT OF HEALTH AND HUMAN SERVICES**

**Substance Abuse and Mental Health Services Administration**

**Fiscal Year (FY) 2001 Funding Opportunities**

**AGENCY:** Substance Abuse and Mental Health Services Administration, HHS.

**ACTION:** Notice of funding availability.

**SUMMARY:** The Substance Abuse and Mental Health Services Administration (SAMHSA) Center for Mental Health Services (CMHS), Center for Substance Abuse Prevention (CSAP), and the Center for Substance Abuse Treatment (CSAT) announce the availability of FY 2001 funds for the following activity. This notice is not a complete description of the activity; potential applicants must obtain a copy of the Guidance for Applicants (GFA), including Part I, Minority Fellowship Program, and Part II, General Policies and Procedures Applicable to all SAMHSA Applications for Discretionary Grants and Cooperative Agreements, before preparing and submitting an application.

Activity	Application deadline	Est. funds FY 2001	Est. No. of awards	Project period
Minority Fellowship Program .....	May 16, 2001 .....	\$3,090,000	Four .....	3 years

The actual amount available for the award may vary, depending on unanticipated program requirements and the number and quality of application received. FY 2001 funds for the activity discussed in this announcement were appropriated by Congress under Public Law 106-310. SAMHSA's policies and procedures for peer review and Advisory Council review of grant and cooperative agreement application were published

in the **Federal Register** (Vol. 58, No. 126) on July 2, 1993.

*General Instructions:* Applicants must use application form PHS 5161-1 (Rev. 7/00). The application kit contains the two-part application materials (complete programmatic guidance and instructions for preparing and submitting applications), the PHS 5161-1 which includes Standard Form 424 (Face Page), and other documentation and forms. Application kits may be

obtained from: The National Clearinghouse for Alcohol and Drug Information, P.O. Box 2345, Rockville, MD 20847-2345, 1-800-729-6686.

The PHS 5161-1 application form and the full text of the activity are also available electronically via SAMHSA's World Wide Web Home Page: <http://www.samhsa.gov>

When requesting an application kit, the applicant must specify the particular activity for which detailed information is desired. All information necessary to

apply, including where to submit applications and application deadline instructions, are included in the application kit.

*Purpose:* The Substance Abuse and Mental Health Services Administration (SAMHSA) Center for Mental Health Services (CMHS), Center for Substance Abuse Prevention, (CSAP), and the Center for Substance Abuse Treatment (CSAT) announce the availability of FY2001 funds for the Minority Fellowship Program (MFP). The MFP facilitates entry of ethnic minority students into mental health and substance abuse disorders careers, and increases the number of psychology, psychiatry, nursing, and social work professionals trained to teach, administer, conduct services research, and provide direct mental health/substance abuse services to ethnic/racial/social/cultural minority groups.

*Eligibility:* Eligibility is limited to the American Nurses Association (ANA), the American Psychiatric Association (ApA), the American Psychological Association (APA), and the Council on Social Work Education (CSWE). These professional organizations have unique access to those students entering their profession. The fields of psychiatric nursing, psychiatry, psychology, and social work have been nationally recognized for decades as the four core behavioral health disciplines, proving part of an essential core of services for individuals with serious mental illness and also less severe mental disorders. The ANA, ApA, and APA are the largest national professional organizations in the country for nursing, psychiatry, and psychology, respectively. The ANA, ApA, and APA and their affiliates have activities in all major areas of national policies affecting nursing and psychiatry as professions, including education and training. In the field of social work, the CSWE is the leading national organization which is focused just on the education and training of social workers, and it maintains a close working relationship with the National Association of Social Workers, the largest professional social work organization in the country.

All four organizations, the ANA, ApA, APA, and CSWE, along with their affiliates, have direct involvement in curriculum development, school accreditation, and pre/post doctoral training. All four have had decades of experience in working directly with university training programs, from which the pools of participants are selected. These are the only organizations that have the infrastructure and expertise in place to administer this program. They already

have mechanisms and databases in place to identify minority students based on race/ethnicity demographics and to recruit each group based on the proportion they represent in the population. All four organizations developed relationships with appropriate minority professional organizations which may serve as useful liaisons.

*Availability of Funds:* Approximately \$3,090,000 will be available for four awards. The average award is expected to range from \$600,000 to \$900,000 in total costs (direct and indirect). Actual funding levels will depend on the quality of each application and the availability of funds.

*Period of Support:* Awards may be requested for up to three years. Annual awards will be made subject to the continued progress achieved and the availability of funds.

*Criteria for Review and Funding:* *General Review Criteria:* Competing applications requesting funding under this activity will be reviewed for technical merit in accordance with established PHS/SAMHSA peer review procedures. Review criteria that will be used by the peer review groups are specified in the application guidance material.

*Award Criteria for Scored Applications:* Applications will be considered for funding on the basis of their overall technical merit as determined through the peer review group and the appropriate National Advisory Council review process. Availability of funds will also be an award criteria. Additional award criteria specific to the programmatic activity may be included in the application guidance materials.

*Catalog of Federal Domestic Assistance Number:* 93.230.

*Program Contact:* For questions on treatment services program issues and the coordinating center, contact: Paul Wohlford, Ph.D., Project Officer, Division of State and Community Systems Development, Center for Mental Health Services, Substance Abuse and Mental Health Services Administration, 5600 Fishers Lane, Room 15C-26, Rockville, MD 20857, Telephone: 301-443-3503, E-mail: pwohlfor@samhsa.gov

Or  
Mattie Cheek, Ph.D., Alt. Project Officer, Division of State and Community Systems Development, Center for Mental Health Services, Substance Abuse and Mental Health Services Administration, 5600 Fishers Lane, Room 15C-26, Rockville, MD 20857, Telephone: 301-443-7710, E-mail: mcheek@samhsa.gov.

For questions regarding grants management issues, contact: Stephen Hudak, Division of Grants Management, OPS, Substance Abuse and Mental Health Services Administration, 5600 Fishers Lane, Rm 13-103, Rockville, MD 20857, (301) 443-9996, E-mail: shudak@samhsa.gov.

*Public Health System Reporting Requirements:* The Public Health System Impact Statement (PHSIS) is intended to keep State and local health officials apprised of proposed health services grant and cooperative agreement applications submitted by community-based nongovernmental organizations within their jurisdictions.

Community-based nongovernmental service providers who are not transmitting their applications through the State must submit a PHSIS to the head(s) of the appropriate State and local health agencies in the area(s) to be affected not later than the pertinent receipt date for applications. This PHSIS consists of the following information:

- (a) A copy of the face page of the application (Standard form 424).
- (b) A summary of the project (PHSIS), not to exceed one page, which provides:
  - (1) A description of the population to be served.
  - (2) A summary of the services to be provided.
  - (3) A description of the coordination planned with the appropriate State or local health agencies.

State and local governments and Indian Tribal Authority applicants are not subject to the Public Health System Reporting Requirements. Application guidance materials will specify if a particular FY 2001 activity is subject to the Public Health System Reporting Requirements.

*PHS Non-use of Tobacco Policy Statement:* The PHS strongly encourages all grant and contract recipients to provide a smoke-free workplace and promote the non-use of all tobacco products. In addition, Public Law 103-227, the Pro-Children Act of 1994, prohibits smoking in certain facilities (or in some cases, any portion of a facility) in which regular or routine education, library, day care, health care, or early childhood development services are provided to children. This is consistent with the PHS mission to protect and advance the physical and mental health of the American people.

*Executive Order 12372:* Applications submitted in response to the FY 2001 activity listed above are subject to the intergovernmental review requirements of Executive Order 12372, as implemented through DHHS regulations at 45 CFR Part 100. Executive Order

12372 sets up a system for State and local government review of applications for Federal financial assistance. Applicants (other than Federally recognized Indian tribal governments) should contact the State's Single Point of Contact (SPOC) as early as possible to alert them to the prospective application(s) and to receive any necessary instructions on the State's review process. For proposed projects serving more than one State, the applicant is advised to contact the SPOC of each affected State. A current listing of SPOCs is included in the application guidance materials. The SPOC should send any State review process recommendations directly to: Division of Extramural Activities, Policy, and Review, Substance Abuse and Mental Health Services Administration, Parklawn Building, Room 17-89, 5600 Fishers Lane, Rockville, Maryland 20857.

The due date for State review process recommendations is no later than 60 days after the specified deadline date for the receipt of applications. SAMHSA does not guarantee to accommodate or explain SPOC comments that are received after the 60-day cut-off.
