

(Catalog of Federal Domestic Assistance No. 83.100, "Flood Insurance")

Dated: May 30, 2001.

Margaret E. Lawless,
Acting Executive Associate Director for Mitigation.

[FR Doc. 01-14572 Filed 6-8-01; 8:45 am]

BILLING CODE 6718-04-P

FEDERAL EMERGENCY MANAGEMENT AGENCY

44 CFR Part 65

Changes in Flood Elevation Determinations

AGENCY: Federal Emergency Management Agency, (FEMA).

ACTION: Final rule.

SUMMARY: Modified Base (1-percent-annual-chance) Flood Elevations (BFEs) are finalized for the communities listed below. These modified elevations will be used to calculate flood insurance premium rates for new buildings and their contents.

EFFECTIVE DATES: The effective dates for these modified BFEs are indicated on the table below and revise the Flood Insurance Rate Maps (FIRMs) in effect for the listed communities prior to this date.

ADDRESSES: The modified BFEs for each community are available for inspection at the office of the Chief Executive Officer of each community. The respective addresses are listed in the table below.

FOR FURTHER INFORMATION CONTACT: Matthew B. Miller, P.E., Chief, Hazards Study Branch, Mitigation Directorate, FEMA, 500 C Street, SW., Washington, DC 20472, (202) 646-3461 or (e-mail) matt.miller@fema.gov.

SUPPLEMENTARY INFORMATION: FEMA makes the final determinations listed below of the final determinations of modified BFEs for each community listed. These modified elevations have been published in newspapers of local circulation and ninety (90) days have elapsed since that publication. The

Acting Executive Associate Director for Mitigation, has resolved any appeals resulting from this notification.

The modified BFEs are not listed for each community in this notice. However, this rule includes the address of the Chief Executive Officer of the community where the modified BFE determinations are available for inspection.

The modifications are made pursuant to Section 206 of the Flood Disaster Protection Act of 1973, 42 U.S.C. 4105, and are in accordance with the National Flood Insurance Act of 1968, 42 U.S.C. 4001 *et seq.*, and with 44 CFR Part 65.

For rating purposes, the currently effective community number is shown and must be used for all new policies and renewals.

The modified BFEs are the basis for the floodplain management measures that the community is required to either adopt or to show evidence of being already in effect in order to qualify or to remain qualified for participation in the National Flood Insurance Program (NFIP).

These modified BFEs, together with the floodplain management criteria required by 44 CFR 60.3, are the minimum that are required. They should not be construed to mean that the community must change any existing ordinances that are more stringent in their floodplain management requirements. The community may at any time enact stricter requirements of its own, or pursuant to policies established by other Federal, State, or regional entities.

These modified BFEs are used to meet the floodplain management requirements of the NFIP and are also used to calculate the appropriate flood insurance premium rates for new buildings built after these elevations are made final, and for the contents in these buildings.

The changes in BFEs are in accordance with 44 CFR 65.4.

National Environmental Policy Act

This rule is categorically excluded from the requirements of 44 CFR Part

10, Environmental Consideration. No environmental impact assessment has been prepared.

Regulatory Flexibility Act

The Acting Executive Associate Director for Mitigation certifies that this rule is exempt from the requirements of the Regulatory Flexibility Act because modified base flood elevations are required by the Flood Disaster Protection Act of 1973, 42 U.S.C. 4105, and are required to maintain community eligibility in the NFIP. No regulatory flexibility analysis has been prepared.

Regulatory Classification

This final rule is not a significant regulatory action under the criteria of Section 3(f) of Executive Order 12866 of September 30, 1993, Regulatory Planning and Review, 58 FR 51735.

Executive Order 12612, Federalism

This rule involves no policies that have federalism implications under Executive Order 12612, Federalism, dated October 26, 1987.

Executive Order 12778, Civil Justice Reform

This rule meets the applicable standards of Section 2(b)(2) of Executive Order 12778.

List of Subjects in 44 CFR Part 65

Flood insurance, Floodplains, Reporting and record keeping requirements.

Accordingly, 44 CFR Part 65 is amended to read as follows:

PART 65—[AMENDED]

1. The authority citation for Part 65 continues to read as follows:

Authority: 42 U.S.C. 4001 *et seq.*; Reorganization Plan No. 3 of 1978, 3 CFR, 1978 Comp., p. 329; E.O. 12127, 44 FR 19367, 3 CFR, 1979 Comp., p. 376.

§ 65.4 [Amended]

2. The tables published under the authority of § 65.4 are amended as follows:

State and county	Location	Dates and names of newspaper where notice was published	Chief executive officer of community	Effective date of modification	Community No.
Missouri: St. Louis (FEMA Docket) No. 7600.	Unincorporated Areas.	November 1, 2000, November 8, 2000, <i>St. Louis Post Dispatch</i> .	The Honorable Buzz Westfall, St. Louis County Executive, 41 South Central Avenue, Clayton, Missouri 63105.	Jan. 31, 2001	290327
Texas: Dallas and Collin (FEMA Docket No. 7600).	City of Garland	October 12, 2000, October 19, 2000, <i>Garland News</i> .	The Honorable Jim Spence, Mayor, City of Garland, 200 North 5th Street, Garland, Texas 75046-9002.	Sept. 8, 2000	485471

State and county	Location	Dates and names of newspaper where notice was published	Chief executive officer of community	Effective date of modification	Community No.
Texas: Denton and Tarrant (FEMA Docket No. 7600).	Town of Westlake	December 8, 2000, December 15, 2000, <i>Denton Record Chronicle</i> .	The Honorable Scott Bradley, Mayor, Town of Westlake, 3 Village Circle, Suite 207, Westlake, Texas 76262.	Mar. 16, 2001	480614

(Catalog of Federal Domestic Assistance No. 83.100, "Flood Insurance").

Dated: June 4, 2001.

Margaret E. Lawless,
Acting Executive Associate, Director for Mitigation.

BILLING CODE 6718-04-P

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

50 CFR Part 648

[Docket No. 001121328-1041-02; I.D. 060501A]

Fisheries of the Northeastern United States; Black Sea Bass Fishery; Commercial Quota Harvested for Quarter 2 Period

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Closure; Quarter 2 commercial black sea bass fishery.

SUMMARY: NMFS announces that the black sea bass commercial quota available in the quarter 2 period to the coastal states from Maine through North Carolina has been harvested. Commercial vessels may not land black sea bass in these states north of 35°15.3' N. lat. for the remainder of the 2001 quarter 2 quota period (through June 30, 2001). Regulations governing the black sea bass fishery require publication of this notification to advise the coastal states from Maine through North Carolina that the quota has been harvested and to advise vessel permit holders and dealer permit holders that no commercial quota is available for landing black sea bass in these states north of 35°15.3' N. lat.

DATES: Effective 0001 hrs local time, June 10, 2001, through 2400 hrs local time, June 30, 2001.

FOR FURTHER INFORMATION CONTACT: Jennifer L. Anderson, Fishery Management Specialist, at (978) 281-9226.

SUPPLEMENTARY INFORMATION: Regulations governing the black sea bass

fishery are found at 50 CFR part 648.

The regulations require annual specification of a commercial quota that is allocated into four quota periods based upon percentages of the annual quota. The quarter 2 (April through June) commercial quota is distributed to the coastal states from Maine through North Carolina. The process to set the annual commercial quota is described in § 648.140.

The initial total commercial quota for black sea bass for the 2001 calendar year was 3,024,742 lb (1,372,000 kg) (66 FR 12902, March 1, 2001). The quarter 2 period quota, which is equal to 29.26 percent of the annual commercial quota, was 885,040 lb (401,447 kg). The quota allocation was adjusted downward to compensate for 2000 quarter 2 landings in excess of the 2000 quarter 2 quota, consistent with the procedures in § 648.140. The final adjusted quarter 2 quota was 679,519 lb (308,225 kg).

The Regional Administrator, Northeast Region, NMFS (Regional Administrator) monitors the commercial black sea bass quota for each quota period on the basis of dealer reports, state data, and other available information to determine when the commercial quota has been harvested. NMFS is required to publish a notification in the **Federal Register** advising and notifying commercial vessels and dealer permit holders that, effective upon a specific date, the black sea bass commercial quota has been harvested and no commercial quota is available for landing black sea bass for the remainder of the quarter 2 period, north of 35°15.3' N. lat. The Regional Administrator has determined, based upon dealer reports and other available information, that the black sea bass commercial quota for the 2001 quarter 2 period has been harvested.

The regulations at § 648.4 (b) provide that Federal black sea bass moratorium permit holders agree as a condition of the permit not to land black sea bass in any state after NMFS has published a notification in the **Federal Register** stating that the commercial quota for the period has been harvested and that no commercial quota for the black sea bass is available. The Regional Administrator has determined that the quarter 2 period for black sea bass no longer has commercial quota available. Therefore,

effective 0001 hrs local time, June 10, 2001, further landings of black sea bass in coastal states from Maine through North Carolina, north of 35°15.3' N. lat., by vessels holding commercial Federal fisheries permits are prohibited through June 30, 2001. The 2001 quarter 3 period for commercial black sea bass harvest will open on July 1, 2001. Effective June 10, 2001, federally permitted dealers are also advised that they may not purchase black sea bass from federally permitted black sea bass moratorium permit holders who land in coastal states from Maine through North Carolina, north of 35°15.3' N. lat., for the remainder of the quarter 2 period (through June 30, 2001).

The regulations at § 648.4 (b) also provide that, if the commercial black sea bass quota for a period is harvested and the coast is closed to the possession of black sea bass north of 35°15.3' N. lat., any vessel owners who hold valid commercial permits for both the black sea bass and the NMFS Southeast Region snapper-grouper fisheries may surrender their black sea bass moratorium permit by certified mail addressed to the Regional Administrator (see table 1 at § 600.502) and fish pursuant to their snapper-grouper permit, as long as fishing is conducted exclusively in waters, and landings are made, south of 35°15.3' N. lat. A moratorium permit for the black sea bass fishery that is voluntarily relinquished or surrendered will be reissued upon the receipt of the vessel owner's written request after a minimum period of 6 months from the date of cancellation.

Classification

This action is required by 50 CFR part 648 and is exempt from review under Executive Order 12866.

Authority: 16 U.S.C. 1801 *et seq.*

Dated: June 5, 2001.

Bruce C. Morehead,
Acting Director, Office of Sustainable Fisheries, National Marine Fisheries Service.
