ACTION: Issuance of record of decision.

SUMMARY: This notice is provided in accordance with the Council on Environmental Quality's regulations (40 CFR parts 1500 to 1508) and TVA's procedures implementing the National Environmental Policy Act. TVA has updated its 1983 land management plan for 40,236 acres of TVA-managed land on Guntersville Reservoir in Alabama and Tennessee. TVA will use the plan to guide land use approvals, private water-use facility permitting, and resource management decisions. Under the adopted land plan, TVA has allocated undeveloped lands for public recreation and natural resource conservation, and has also been responsive to local requests for use of TVA lands for water access and community development. Of the 40,236 acres of TVA lands on the reservoir which are available for allocation, 37,662 acres would be allocated to resource conservation, sensitive resource management, TVA project operation, or dispersed recreation uses; 1,704 acres would be allocated for developed recreation uses such as marinas, campgrounds, parks, and boat ramps; 543 acres would be allocated for residential lake access, and 327 acres for industrial access or commercial uses.
