Background

Public Law (Pub. L.) 106—170, the Ticket to Work and Work Incentives Improvement Act of 1999, created a new Ticket to Work (TTW) program for providing work access services to Social Security disability beneficiaries. The new program requires SSA to monitor the services provided under the law. SSA has developed three data collection forms that request service provider and beneficiary information, which is essential to SSA's administration of this new program. Employment networks (ENs) providing TTW services under contracts with SSA are required to submit to SSA the information listed in form SSA—1367. State vocational rehabilitation agencies (VRAs) that provide services to our beneficiaries under either the traditional VR

reimbursement mechanism or the new TTW program are required to submit to SSA the information listed in forms SSA—1365 and SSA—1366. SSA does not require that ENs or VRAs use forms SSA—1366 and SSA—1367 per se, but does require that any alternative forms submitted in place of these SSA forms include the SSA listed information at a minimum. VRAs are required to submit Form SSA—1365 in all cases as a means of assigning Tickets to VRAs.

a. State Agency Ticket Assignment Form—SSA—1365. The information collected on this form will be used by SSA's contracted Program Manager (PM) to perform the task of assigning beneficiaries' tickets and monitoring the use of tickets under the Ticket to Work and Self-Sufficiency Program. The State VRA answers the questions and the beneficiary reviews the data and if in agreement will sign the form acknowledging the Ticket assignment. The respondents are State VR agencies.

Number of Respondents: 21.

Frequency of Response: 4,048 annually per respondent.

Average Burden Per Response: 3 minutes.

Estimated Annual Burden: 4,250 hours.

b. State Vocational Rehabilitation Ticket to Work Information Sheet—SSA—1366. The information collected on Form SSA—1366 will be used by SSA's contracted PM when a State VRA elects to participate in the Program as an EN. In this case, form SSA—1366, when combined with the SSA—1365, is intended to meet the minimum information requirements for IWP and to monitor the appropriateness of the IWPs as required under the Pub. L. 106—107. The respondents are VRAs acting as ENs under the Ticket to Work Program.

Number of Respondents: 21.

Frequency of Response: 132 annually per respondent.

Average Burden Per Response: 2 minutes.

Estimated Annual Burden: 92 hours.

Please Note: The Ticket to Work Program is being implemented in stages. The above represents the initial phase of the program with 13 participating states that include 21 State VR agencies. As the program continues to be phased in, each initial program year will result in a larger number of new tickets for the participating State VRs because existing clients will also be brought into the program.

c. Individual Work Plans (IWP) Information Sheet—SSA—1367. The information collected on Form SSA—

1367 will be used to monitor the appropriateness of IWPs that have been assigned to ENs under the TTW program. The respondents are ENs under the TTW program.

Number of Respondents: 31,450.

Frequency of Response: 1 annually per respondent.

Average Burden Per Response: 3 minutes.

Estimated Annual Burden: 1,573 hours.
