SUPPLEMENTARY INFORMATION:

I. Background

On April 4, 2002, the Secretary of Labor announced a comprehensive approach to ergonomics. This approach consists of four prongs: Guidelines; Enforcement; Outreach and Assistance; and Research. In order for this comprehensive approach to be successful, the Secretary believes it is necessary and in the public interest to establish a National Advisory Committee on Ergonomics. The Committee will advise the Assistant Secretary of Labor for Occupational Safety and Health (Assistant Secretary) on ergonomic guidelines, research, and outreach and assistance. Specifically, the Assistant Secretary intends to seek advice from the Committee in the following areas: (1) Information related to various industry or task-specific guidelines; (2) identification of gaps in the existing research based related to applying ergonomic principles to the

workplace; (3) current and projected research needs and efforts; (4) methods of providing outreach and assistance that will communicate the value of ergonomics to employers and employees, and (5) ways to increase communication among stakeholders on the issue of ergonomics. The Committee will be expected to report periodically to the Assistant Secretary on its findings and recommendations. Where Committee recommendations involve research efforts, the Assistant Secretary will forward such recommendations to NIOSH.

II. Committee Formation

The Committee will consist of not more than 15 members. The Assistant Secretary recognizes that ergonomics involves a wide range of complex issues. For that reason, the Agency encourages the nomination of a broad range of individuals as possible Committee members, including those with specialized scientific or medical expertise related to ergonomics, or others who have knowledge or experience concerning the issues to be examined by the Committee. The Committee will be fairly balanced in terms of the points of view represented and the functions to be performed. OSHA is requesting that the Committee be chartered for a two-year period.

OSHA anticipates that during its two-year term, the Committee will meet between 2 and 4 times per year. The Committee will function solely as an advisory body, and in compliance with the provisions of the Federal Advisory Committee Act (FACA) (5 U.S.C. App. 2), GSA’s FACA Regulations (41 CFR Part 102–3, and DLMS 3 Chapter 1600).

III. Public Participation

Nominees for committee membership should be qualified by experience, knowledge, and expertise. Interested persons may nominate themselves or others for membership on the Committee. Each nomination must include: (1) The name of the nominee; (2) the address, phone number, title, position, experience, qualifications and resume of the nominee; and (3) a written commitment from the nominee that he/she can and will attend regular meetings of the Committee and participate in good faith.
