Notification

Bonding is no longer permitted to fulfill security requirements for shipments from Shandong Heze of fresh garlic from the PRC entered, or withdrawn from warehouse, for consumption in the United States on or after the publication of this rescission notice in the **Federal Register**.

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during these review periods. Failure to comply with this requirement, pursuant to 19 CFR 351.402(f)(3), could result in the Department's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of doubled antidumping duties.

This notice also serves as the only reminder to parties subject to administrative protective orders (APO) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely written notification of the return/destruction of APO material or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a violation which is subject to sanctions.

We are issuing and publishing this determination and notice in accordance with sections 751(a)(2)(B)(iv) and 777(i) of the Tariff Act of 1930, as amended.

Dated: October 22, 2002.

The Applicable Statute and Regulations

Unless otherwise indicated, all citations to the statute are references to the provisions effective January 1, 1995, the effective date of the amendments made to the Tariff Act of 1930 (the Act) by the Uruguay Round Agreements Act and all citations to the Department of Commerce's (the Department's) regulations are to 19 CFR part 351 (2002).

Background

On July 24, 2002, the Department issued the preliminary results of the new shipper review of the antidumping duty order on fresh garlic from the People's Republic of China. See *Fresh Garlic from the People's Republic of China: Notice of Preliminary Results of Antidumping Duty New Shipper Review and Intent to Rescind in Part*, 67 FR 49669 (July 31, 2002). We invited parties to comment on our preliminary results. We received comments from the petitioners and the new shipper, Jinan Yipin Corporation, Ltd. The final results for this review are currently due October 22, 2002.

Extension of Time Limit for Final Results of New Shipper Review

Section 751(a)(1)(B)(iv) of the Act provides that the Department will issue the final results of a new shipper review within 90 days after the date on which the preliminary results were issued. If

¹ We were also conducting a new shipper review of the antidumping order on fresh garlic from the People's Republic of China for Shandong Heze International Trade and Developing Company (Shandong Heze). On October 22, 2002, we issued a notice rescinding that new shipper review.

the Department determines that a new shipper review is extraordinarily complicated, however, section 751(a)(1)(B)(iv) of the Act allows the Department to extend the deadline for the final results to up to 150 days after the date on which the preliminary results of the new shipper review were issued. The Department has determined that this case is extraordinarily complicated, and the final results of this new shipper review cannot be completed within 90 days from the date on which the preliminary results were issued. The Department finds that this new shipper review is extraordinarily complicated because the comments we received present a number of complex factual and legal questions about the assignment of antidumping duty margins.

Therefore, in accordance with section 751(a)(1)(B)(iv) of the Act and 19 CFR 351.214(i)(3), the Department is extending the time limit for the completion of the final results by thirty-five days. The final results will be due no later than November 26, 2002.

Dated: October 22, 2002.

Deputy Assistant Secretary for AD/CVD Enforcement I.
