Certain Stainless Steel Butt-Weld Pipe Fittings From Taiwan: Extension of Final Results of Antidumping Duty Administrative Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

ACTION: Notice of extension of time limit for final results of antidumping duty administrative review.

SUMMARY: The Department of Commerce (”the Department”) is extending the time limit for the final results of the review of stainless steel butt-weld pipe fittings from Taiwan. This review covers the period June 1, 2000, through May 31, 2001.

EFFECTIVE DATE: November 7, 2002.

FOR FURTHER INFORMATION CONTACT: James Doyle, Enforcement Group III—Office 9, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230; telephone (202) 482–0159.

Applicable Statute
Unless otherwise indicated, all citations to the Tariff Act of 1930, as amended (“the Act”), are to the provisions effective January 1, 1995, the effective date of the amendments made to the Act by the Uruguay Round Agreements Act (“URAA”). In addition, unless otherwise indicated, all citations to the Department’s regulations are to 19 CFR part 351 (2001).

Background
On July 23, 2001, the Department published a notice of initiation of this antidumping duty administrative review for the period of June 1, 2000, through May 31, 2001 (66 FR 38252). We published the preliminary results of review on July 9, 2002 (67 FR 45467).

Extension of Time Limit for Final Results
Section 751(a)(3)(A) of the Act states that if it is not practicable to complete the review within the time specified, the administering authority may extend the 120-day period, following the date of publication of the preliminary results, to issue its final results by an additional 60 days. Completion of the final results within the 120-day period is not practicable for the following reasons:

• This review involves certain complex Constructed Export Price (“CEP”) adjustments including but not limited to CEP Profit and CEP Offset which were raised by respondent and petitioners after the verification and after the preliminary results of review.

Therefore, in accordance with section 751(a)(3)(A) of the Act, the Department is extending the time period for issuing the final results of review by 30 days until December 6, 2002.

Dated: November 1, 2002.
Joseph A. Spetrini,
Deputy Assistant Secretary for Import Administration, Group III.

Stainless Steel Sheet and Strip in Coils From Mexico; Antidumping Duty Administrative Review; Time Limits

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

ACTION: Notice of extension of time limits.

SUMMARY: The Department of Commerce (the Department) is extending the time limits for the final results of the 2000–2001 administrative review of the antidumping duty order on stainless steel sheet and strip in coils from Mexico. This review covers one manufacturer/exporter of the subject merchandise to the United States, ThyssenKrupp Mexinox S.A. de C.V., and the period July 1, 2000, through June 30, 2001.

EFFECTIVE DATE: November 7, 2002.

SUPPLEMENTARY INFORMATION: On August 7, 2002, we published the preliminary results of the administrative review of stainless steel sheet and strip in coils from Mexico for the period July 1, 2000, through June 30, 2001. See “Stainless Steel Sheet and Strip in Coils from Mexico; Preliminary Results of Antidumping Duty Administrative Review,” 67 FR 51204 (August 7, 2002). Currently, the final results of this administrative review are due on December 5, 2002. However, we determine it is not practicable to complete the final results of this review within the original time limit due to a number of significant case issues. Petitioners’ and respondent’s case and rebuttal briefs raise complicated issues related to the further manufacturing of subject merchandise in the United States, level of trade, and cost of production, such as material costs and the calculation of interest and general and administrative expenses. Making a determination with respect to each of these issues, particularly those related to further manufacturing and cost of production, requires considerable scrutiny of respondent’s questionnaire and supplemental questionnaire responses. Therefore, because it is not practicable to complete this review within the normal statutory time limit, the Department is extending the time limits for completion of the final results until February 3, 2003, in accordance with section 751(a)(3)(A) of the Tariff Act of 1930, as amended (the Tariff Act).

Dated: November 1, 2002.
Joseph A. Spetrini,
Deputy Assistant Secretary for Import Administration, Group III.
