Suspension of Antidumping Duty Investigation: Urea Ammonium Nitrate Solutions From the Russian Federation

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

EFFECTIVE DATE: March 3, 2003.

FOR FURTHER INFORMATION CONTACT:

Paige Rivas or Thomas F. Futtner, AD/CVD Enforcement, Office 4, Group II, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230; telephone: (202) 482-0651, and (202) 482-3814, respectively.

SUMMARY: The Department of Commerce (the Department) has suspended the antidumping duty investigation involving urea ammonium nitrate solutions (UANS) from the Russian Federation (Russia). The basis for this action is a suspension agreement (the Agreement) between the Department, JSC Nevinnomysskij Azot (Nevinka), JSC Kuybyshevazot/Togliatti, and S.P. Novolon/Novomoskovsk, which together account for substantially all imports of UANS from Russia. In the Agreement, the signatory companies have agreed to cease exports of UANS from Russia to the United States until July 1, 2003, and, following that period, to revise prices to ensure that such exports are sold at or above an agreed reference price.

SUPPLEMENTARY INFORMATION:

Background

On May 9, 2002, the Department initiated antidumping duty investigations to determine whether imports of UANS from Lithuania, Belarus, Russia, and Ukraine are being, or are likely to be, sold in the United States at less than fair value (LTFV). See *Initiation of Antidumping Investigations: Urea Ammonium Nitrate Solutions from Belarus, Lithuania, the Russian Federation, and Ukraine*, 67 FR 35492 (May 20, 2002). On June 4, 2002, the International Trade Commission (ITC) preliminarily determined that there is a reasonable indication that an industry in the United States is materially injured or threatened with material injury by reason of imports of UANS from Belarus, Russia and Ukraine. See *Urea Ammonium Nitrate Solution from Belarus, Lithuania, the Russian Federation and Ukraine*, 67 FR 39439 (June 7, 2002). On October 3, 2002, the Department published its preliminary determination that UANS is

being, or is likely to be, sold in the United States at LTFV, as provided in section 733 of the Act (67 FR 62008). See *Notice of Preliminary Determination of Sales at Less Than Fair Value: Urea Ammonium Nitrate Solutions from the Russian Federation*, 67 FR 62008 (October 3, 2002) (*Preliminary Determination*). The Department and Nevinka initiated a proposed agreement suspending this investigation on January 17, 2003, at which time we invited interested parties to provide written comments on the agreement. We received comments from Agrum US, Inc. on February 5, 2003, the Nitrogen Solutions Fair Trade Committee (the petitioner), Nevinka, the Committee For Competitive Fertilizer Markets, and J.R. Simplot, on February 10, 2003. We have taken these comments into account in the final version of the suspension agreement.

The Department, Nevinka, JSC Kuybyshevazot/Togliatti, and S.P. Novolon/Novomoskovsk signed the final suspension agreement on February 19, 2003.

Accordingly the Department has suspended the investigation pursuant to sections 734(b)(1) and (c) of the Act. Pursuant to section 734(g) of the Act, parties have 20 days from the date of publication of this notice to request a continuation of the investigation.

Scope of Investigation

For a complete description of the scope of the investigation, see *Preliminary Determination*.

Suspension of Investigation

The Department consulted with the parties to the proceeding and has considered the comments submitted with respect to the proposed suspension agreement. Based on our review of these comments, we have made changes to the originally proposed agreement. In accordance with section 734(c)(1) of the Act, we have determined that extraordinary circumstances are present in this case. See Memorandum from Bernard Carreau to Faryar Shirzad, "Existence of Extraordinary Circumstances: Agreement Suspending the Antidumping Duty Investigation of Urea Ammonium Nitrate Solutions from the Russian Federation."

In accordance with section 734(c)(1)(A) and (B) of the Act, we have determined that the Agreement provides that the subject merchandise will be sold at or above the established reference price and, for each entry of each exporter, the amount by which the estimated normal value exceeds the export price (or constructed export price) will not exceed 15 percent of the

weighted-average amount by which the estimated normal value exceeded the export price (or constructed export price) for all LTFV entries of the producer/exporter examined during the course of the investigation. We have determined that the Agreement will eliminate completely the injurious effect of exports to the United States of the subject merchandise and prevent the suppression or undercutting of price levels of UANS by imports of that merchandise from Russia. See Memorandum from Bernard Carreau to Faryar Shirzad, "The Prevention of Price Suppression or Undercutting of Price Levels in the Suspension Agreement On UANS from the Russian Federation."

In addition, in accordance with section 734(c)(1) of the Act, we have determined that the signatory producers/exporters collectively are the producers and exporters in Russia which, during the antidumping duty investigation of the merchandise subject to the Agreement, accounted for substantially all (not less than 85 percent) of the subject merchandise imported into the United States. See *Id.*

Moreover, in accordance with section 734(d) of the Act, we have determined that the agreement is in the public interest, and that the agreement can be monitored effectively. See Memorandum to Faryar Shirzad from Jeffrey May, "Public Interest Assessment of the Agreement Suspending the Antidumping Duty Investigation of UANS from the Russian Federation." We find, therefore, that the criteria for suspension of an investigation pursuant to sections 734(b)(1), (c), and (d) of the Act have been met. The terms and conditions of this agreement, signed February 19, 2003, are set forth in Annex 1 to this notice.

International Trade Commission

In accordance with section 733(f) of the Act, the Department has notified the ITC of the Agreement.

Suspension of Liquidation

Pursuant to section 734(f)(2)(B) of the Act, the suspension of liquidation of all entries of UANS from Russia entered, or withdrawn from warehouse, for consumption, directed in our *Preliminary Determination*, shall continue in effect, subject to subsection 734(h)(3). This suspension of liquidation shall terminate at the close of the 20-day period beginning on the day after the date on which notice of suspension of the investigation is published unless a review petition is filed under section 734(h)(1) of the Act.

Notwithstanding the Agreement, the Department will continue the investigation if it receives such a request within 20 days after the date of publication of this notice in the **Federal Register**, in accordance with section 734(g) of the Act.

This notice is published pursuant to section 734(f)(1)(A) of the Act.

Dated: February 19, 2003.

Faryar Shirzad,
Assistant Secretary for Import Administration.

Annex 1—Agreement Suspending the Antidumping Investigation on Urea Ammonium Nitrate Solutions From the Russian Federation

Pursuant to section 734(b)(1) and (c) of the Tariff Act of 1930, as amended (19 U.S.C. 1673c(b)(1) and (c)) (the Act), and section 208 of part 351 of Title 19 of the Code of Federal Regulations (the Regulations) (2002), the U.S. Department of Commerce (the Department or DOC) and the signatory producers/exporters of Urea Ammonium Nitrate Solutions ("UANS") from the Russian Federation (the Signatories) agree as follows:

II. Suspension of Investigation

On the Effective Date, the Department will suspend its antidumping investigation of UANS from the Russian Federation initiated on May 9, 2002 (67 FR 35492, May 20, 2002), in accordance with section 734(b)(1) and (c) of the Act and 19 CFR 351.208 (2002).

The Department determines that extraordinary circumstances are present in this case, that this Agreement will eliminate completely the injurious effect of exports to the United States of UANS from the Russian Federation, and that this Agreement will prevent suppression or undercutting of price levels of domestic products by imports of that merchandise. The Department also determines that this Agreement is in the public interest, and that effective monitoring of the Agreement by the United States is practicable.

The Signatories collectively are the producers and exporters in the Russian Federation that, during the antidumping duty investigation of UANS from the Russian Federation, accounted for substantially all of the subject merchandise exported from the Russian Federation to the United States, as defined in section 351.208(c) of the Regulations. The Department may at any time during the operation of the Agreement require additional producers/exporters to sign the Agreement in order to ensure that not less than substantially all sales of UANS from the Russian Federation to the United States are covered by the Agreement.

III. Contingency

Continued application of the Suspension Agreement shall be dependent upon all of the signatory Russian producers and exporters of UANS reaching an agreement, by March 3, 2003, with the Russian Federation Ministry of Economic Development and Trade MEDT, whereby MEDT and the signatories agree to establish an Export Certification Program and to abide by each of the conditions outlined in the Appendix to the letter dated February 19, 2003, from Maxim Medvedkov, Deputy Minister of MEDT, to Faryar Shirzad, Assistant Secretary of Commerce for Import Administration. A copy of this Agreement ("the Russian Agreement") shall be placed on the record of this Suspension Agreement at that time. Should this contingency not be met by this date, this Suspension Agreement shall lapse and the provisions of section 734(i) of the Act shall apply.

IV. Moratorium Period

As of the Effective Date, each Signatory Producer/Exporter agrees, pursuant to section 734(b)(1) of the Act, to cease exports of UANS to the United States during the period ending on June 30, 2003.

V. Reference Price Period

Each Signatory agrees that, following the Moratorium Period, *i.e.*, beginning July 1, 2003, and in order to satisfy the requirements of section 734(c)(1)(B) of the Act, for each entry of UANS subject to this Agreement, the amount by which the estimated normal value exceeds the export price (or the constructed export price) will not exceed 15 per cent of the weighted average amount by which the estimated normal value exceeded the export price (or the constructed export price) for all less-than-fair-value entries examined during the investigation.

VI. Reference Price Methodology

A. The Reference Price will be based on a Current Market Price, adjusted to reflect an F.O.B. Russian Federation port of export price. In addition, there will be a Floor Price below which the Reference Price shall not fall. The Reference Price will be determined on a weekly basis.

B. The Department will issue the first Reference Price under this Agreement seven days before the termination of the Moratorium Period, utilizing the calculation methodology in section VI.C. below. This first Reference Price will be applicable to the week after the end of the Moratorium Period.

C. The Current Market Price will be determined as follows:

1. The Department will calculate an average of the weekly Northeast and Southeast F.O.B. from Green Markets and the Atlantic Coast region of Fertilizer Week price ranges from publicly available information.

2. The Department will calculate a simple average of the four most recent weekly averages derived in subsection 1 above. This four week average (converted from a short ton basis to a metric ton basis) will be the Current Market Price.

3. After consultations, the Department and the Signatories to the Agreement, should they agree that the currently used sources for the valuation of the Current Market Price for UANS are no longer appropriate, may agree to select an alternative source. The Department will give parties at least 30 days notice before choosing another source(s) for the purposes of Current Market Price valuation.

4. To express the Current Market Price on an F.O.B. Russian Federation port of

export basis, an amount for costs associated with delivering the merchandise from the Russian Federation to the United States shall be deducted from the Current Market Price calculated in section C.2. This amount will be \$36 per metric ton. Except when section C.3 applies, the result of this calculation shall be the Reference Price. After consultations, the Department and the signatories to the Agreement, should they agree that the amount for costs associated with delivering the merchandise from the Russian Federation to the United States are no longer appropriate, may revise this amount. The Department will give parties at least 30 days notice prior to any change becoming effective.

D. The Floor Price is the price below which the UANS subject to this Agreement may not be sold. The Floor Price will be \$85 F.O.B. Russian Federation port. The Reference Price shall be not less than the Floor Price.

E. Reference Prices are F.O.B. Russian Federation port of export. If the sale for export is on terms other than F.O.B. Russian Federation port of export, the Signatories to this Agreement shall ensure that the F.O.B. Russian Federation port of export price is not lower than the Reference Price, by adjusting the relevant costs to ensure compliance with the Reference Price requirements.

VII. Reporting Requirements

A. Each Signatory will supply to the Department 30 days after the end of each Quarter all information that the Department determines is necessary to ensure that the Signatory is in full compliance with the terms of this Agreement. Such information shall include, but not be limited to, complete price information on each sale of UANS directly or indirectly to unaffiliated purchasers in the United States, including information supporting any relevant adjustments to the price under section 772 of the Act.

B. The Department may reject any information submitted under this Agreement that is untimely or any information which it is unable to verify to its satisfaction.

VIII. Disclosure

The Department may make available to representatives of each domestic Party to the Proceeding, under administrative protective orders drawn in accordance with section 777 of the Act and section 351.305 of the Regulations, business proprietary information submitted to the Department for each Quarter, as well as

the results and methodology of its calculation of Reference Prices.

IX. Monitoring

A. The Department will monitor entries of UANS from the Russian Federation to ensure compliance with this Agreement. Among other means, the Department will review publicly-available data and other official import data, including, as appropriate, records maintained by the U.S. Customs Service, to determine whether there have been imports that are inconsistent with the provisions of this Agreement.

B. The Department may require, and each Signatory agrees to provide, confirmation, through documentation provided to the Department, that the price received on any sale subject to this Agreement was not less than the established reference price. The Department may require that such documentation be provided, and be

subject to verification, within 30 days of the sale.

C. The Department may require, and each Signatory agrees to report, on computer disk in the prescribed format and using the prescribed method of data compilation, each sale of the merchandise subject to this Agreement, either directly or indirectly to unaffiliated purchasers in the United States, including each adjustment applicable to each sale, as specified by the Department.

D. Each Signatory agrees to permit review and on-site inspection of all information deemed necessary by the Department to verify the reported information.

X. Expedited Reviews

A. If a surge, as defined in paragraph B, in U.S. imports of UANS from the Russian Federation occurs, any party to the proceeding may request that the

Department conduct a review pursuant to section 751(b) of the Act to determine whether the Suspension Agreement continues to meet the requirements of section 734(c)(1)(A) of the Act. If a surge has occurred, and the Department receives an appropriately documented request, the Department will regard the surge as good cause to conduct a changed circumstances review and shall conduct such a review and complete it within 45 days of initiation.

B. For purposes of section X.A., a surge in U.S. imports of UANS from the Russian Federation shall be considered to have occurred whenever imports of such UANS exceed the following amounts in metric tons. These annual levels will be divided evenly into four quarterly amounts, and a surge will be considered to have occurred if, in any one calendar quarter, the level of imports exceeds one-quarter of those annual amounts.

Moratorium to June 30, 2003	July–Dec. 2003	2004	2005	2006	2007
	60,000 MT	150,000 MT	200,000 MT	250,000 MT	300,000 MT

XI. Anticircumvention

A. The Signatories will not circumvent this Agreement. Together with each sales report provided pursuant to section VII.A, each Signatory will certify to the Department in writing that the sales reported therein include all sales by that signatory directly or indirectly to unaffiliated purchasers in the United States or for delivery to the United States, and that the Signatory did not make any other such sales pursuant to any bundling arrangement, on-site processing arrangement, discounts/free goods/financing package, swap, exchange, or other arrangement in circumvention of this Agreement.

B. The signatories to this Agreement will not engage in any of the following activities:

1. Exchange (“swap”) subject merchandise for non-subject merchandise to be entered into the United States in place of the subject merchandise, thereby evading the requirements of this Agreement. Swaps include but are not limited to the following different types of swaps:

a. Ownership Swaps—involve the exchange of ownership of UANS without physical transfer. These may include exchange of ownership of UANS in different countries, so that the parties obtain ownership of products located in different countries, or exchange of ownership of UANS

produced in different countries, so that the parties obtain ownership of products of different national origin.

b. Flag Swaps—involve the exchange of indicia of national origin of UANS, without any exchange of ownership.

c. Displacement Swaps—involve the sale or delivery of UANS from the Russian Federation to an intermediary country (or countries) which, regardless of the sequence of events, results in the ultimate sale or delivery into the United States of displaced UANS, where the exporter in the Russian Federation knew or had reason to know that the export sale would have that result.

2. Transship subject merchandise to the United States through third countries inconsistent with the terms of this Agreement.

C. To help prevent circumvention of this Agreement, Signatories agree to take the following steps:

1. Establish contracts that incorporate the terms of this Agreement and obligate purchasers, including customers in and outside the United States (i) to only use, resell, or enter into any other arrangements pursuant to terms that prohibit circumvention of this Agreement, (ii) not to engage in any of the activities listed in section XI.B, (iii) to include the same requirement in any subsequent contracts for the sale or transfer of such UANS, (iv) to provide to the Department all requested information, including subsequent arrangements entered into for the sale,

transfer, exchange, or loan to the United States of UANS, and (v) to comply with requests for verification. Signatories shall refuse to enter into contracts with parties unwilling to comply with the terms of this Agreement. Signatories must ensure that their customers of any nationality will not engage in activities to circumvent this Agreement.

2. Require any Selling Agents to establish a contract with third parties to ensure that their sales of subject merchandise are consistent with the requirements of this Agreement. These contracts must also require the Selling Agent to maintain documentation demonstrating that sales of subject merchandise are made consistent with this Agreement and authorize the Department to verify the Selling Agent’s records.

D. At any time and without prior notice, the Department may conduct verifications of Importers or Selling Agents to determine whether they are selling subject merchandise in accordance with this Agreement.

E. The Department shall investigate any allegations of circumvention brought to its attention.

XII. Consultations

A. The Department and any Signatory may request consultations at any time regarding the implementation, operation (including any changes in the relationship of the reference price to

market prices), and/or enforcement of this Agreement.

B. If the Department requests consultations with any Signatory concerning potential noncompliance with, or Violation of, this Agreement, it may simultaneously request that Signatory to provide the Department with all information relating to the allegation, including all sales information pertaining to covered and non-covered merchandise manufactured or sold by the Signatory. The Signatory will provide the requested information to the Department within 15 days of the Department's request. Any Party to the Proceeding may submit comments on the information submitted by the Signatory within 10 days after the information is received by the Department. The consultations shall be held within 45 days after the Department's request for consultations or for relevant information, unless the Department and the Signatory agree on a later date.

XIII. Termination

Any Signatory may terminate this Agreement at any time upon notice to the Department. Termination shall be effective 90 days after such notice is received by the Department. Upon termination, the Department shall follow the procedures outlined in section 734(i)(1) of the Act.

XIV. Violations

A. In reviewing the operation of this Agreement for the purpose of determining whether this Agreement has been violated or no longer meets the requirements of section 734(d)(1) of the Act, the Department will consider imports of UANS into the United States from all sources, and factors including, but not limited to, the volume of trade, patterns of trade, and whether any reseller's export price is being complied with and is satisfying the conditions under section 734 of the Act.

B. If the Department determines that this Agreement is being or has been violated or no longer meets the requirements of section 734(c) or (d) of the Act, the Department shall take whatever action it deems appropriate under section 734(i) of the Act and the Regulations.

C. In the event that the Department resumes the original investigation, it will conduct the resumed investigation on the basis of the original administrative record and the statutes, regulations, policies, and practices in effect on the Effective Date.

XV. Other Provision

By entering into this Agreement, the Signatories do not admit that any sales of UANS have been made at less than fair value.

XVI. Duration

This Agreement will remain in force until the underlying antidumping proceeding is terminated in accordance with U.S. law, or until it is terminated pursuant to section XIII or XIV of this Agreement.

XVII. Effective Date

The effective date of this Agreement is February 19, 2003.

Signed on the 19th day of February, 2003.
