SUPPLEMENTARY INFORMATION: Pursuant to section 73(a)(1) of the Arms Export Control Act (22 U.S.C. 2797b(a)(1)); section 11B(b)(1) of the Export Administration Act of 1979 (50 U.S.C. app. 2401b(b)(1)), as carried out under Executive Order 13222 of August 17, 2001 (hereinafter cited as the "Export Administration Act of 1979"); and Executive Order 12851 of June 11, 1993; the U.S. Government determined on March 24, 2003 that the following foreign person has engaged in missile technology proliferation activities that require the imposition of the sanctions described in section 73(a)(2)(B) and (C) of the Arms Export Control Act (22 U.S.C. 2797b(a)(2)(B) and (C) and section 11B(b)(1)(B)(ii) and (iii) of the Export Administration Act of 1979 (50 U.S.C. app. 2410b(b)(1)(B)(ii) and (iii) on this person:

(C) Denial of all imports into the United States of products produced by the sanctioned entity for two years.

With respect to items controlled pursuant to the Export Administration Act of 1979, the export sanctions only apply to exports made pursuant to individual export licenses.

Additionally, because North Korea is a country with a non-market economy that is not a former member of the Warsaw pact (as referenced in the definition of "person" in section 74(8)(B) of the Arms Export Control Act), the following sanctions shall be applied to all activities of the North

Korean government relating to the development or production of missile equipment or technology and all activities of the North Korean government affecting the development or production of electronics, space systems or equipment, and military aircraft:

(A) New individual licenses for export to the government activities described above of equipment or technology controlled pursuant to the Arms Export Control Act will be denied for two years; and

(B) No new U.S. Government contracts involving the government activities described above will be entered into for two years.
