The collection is used to conduct a National Nonprofit Humanitarian Program 501(c)(3) for purposes of expanding current disposition options for surplus nonfat dry milk (NDM) to help feed the hungry in the United States. This action will expedite the sale of NDM to nonprofit organizations and relieve regulatory burdens imposed upon current domestic feeding programs.

SUPPLEMENTARY INFORMATION:

Title: National Nonprofit Humanitarian Program.

OMB Control Number: 0560-0227.

Date of Expiration: September 30, 2003.

Abstract: The Commodity Credit Corporation (CCC) has acquired approximately 1.2 billion pounds of nonfat dry milk (NDM) through its Milk Price Support Program. Limited shelf life for this commodity has prompted USDA's Farm Service Agency (FSA) to propose implementation of a 501(c)(3) program further utilizing CCC-owned NDM by selling the product to religious and non-religious nonprofit organizations in the United States.

Under this proposal, CCC will deliver a minimum of four truckload quantities U.S. Extra Grade NDM or U.S. Extra Grade instantized fortified nonfat dry milk (INDM) to authorized recipients for the nominal fee of \$20 per truckload. A minimum of two truckloads must be received per delivery period with each truckload consisting of one package size and product type (NDM or INDM). Recipients must demonstrate capability to store and handle the product in full compliance with applicable State and local health and food safety requirements to assure product wholesomeness. Recipients shall distribute the NDM or INDM in a timely manner for human consumption in the United States and shall not export, resell, exchange, or barter the product. Nonprofit organizations currently receiving NDM as a donated product from the U.S. Department of Agriculture, Food and Nutrition Service (FNS), under the Emergency Food Assistance Program (TEFAP) may also receive NDM under this program.

Estimate of Burden: Public reporting burden for this information collection is estimated to average 30 minutes per response.

Respondents: Nonprofit organizations.

Estimated Number of Respondents: 220.

Estimated Number of Annual Responses per Respondent: 1.

Estimated Total Annual Burden on Respondents: 321 hours.
