COMMODITY FUTURES TRADING COMMISSION

Citrus Associates of the New York Cotton Exchange Proposed FCOJ-A Futures and Options Contract and FCOJ-B Contract

AGENCY: Commodity Futures Trading Commission.

ACTION: Notice of availability of terms and conditions of new contract specifications for FCOJ-A futures and options contracts and FCOJ-B futures contract.

SUMMARY: The Citrus Associates of the New York Cotton Exchange (CANYCE or Exchange) has requested that the

Commission approve the subject proposed new FCOJ-A futures and options contracts and FCOJ-B futures contract. The proposals were submitted pursuant to Commission Regulations 40.3 and 40.5.

The delivery provisions of the proposed FCOJ-A futures contract are the same as the existing FCOJ-2 futures contract, and the delivery provisions of the proposed FCOJ-B futures contract are the same as the existing FCOJ-1 futures contract. The FCOJ-A contract will trade outright, as the principal trading vehicle, and the FCOJ-B contract will trade as a differential to the FCOJ-A contract (currently, the FCOJ-1 contract trades outright and the FCOJ-2 contract trades as a differential to the FCOJ-1 contract).

Both the FCOJ-A and FCOJ-B futures contracts will require delivery of 15,000 pounds of US Grade A orange solids with a Brix value of not less than 62.5 degrees, and a Brix to acid value ratio of not less than 14 to 1 nor more than 19 to 1. Deliverable product must also have a minimum score of 94, with the minimums for the component factors fixed at 37 for color, 37 for flavor and 19 for defects. In addition, both the FCOJ-A and FCOJ-B futures contracts will require delivery in drums or tanks, at the seller's option, at Exchange-licensed warehouses in Florida, New Jersey, Delaware, or California. The principal difference between the two contracts is that the FCOJ-A futures contract, which, as noted, will be the principal trading vehicle, will require delivery of product that is 100% Florida origin, 100% Brazilian origin, or a combination of the two origins, whereas the FCOJ-B contract, which, as noted, will trade as a differential to FCOJ-A, will not have a country or state of origin requirement.

The Director of the Division of Market Oversight (Division) of the Commission, acting pursuant to the authority delegated by Commission Regulation 140.96, has determined that publication of the Exchange's proposal for comment is in the public interest, and will assist the Commission in considering the views of interested persons.

DATES: Comments must be received on or before December 11, 2003.

ADDRESSES: Interested persons should submit their views and comments to Jean A. Webb, Secretary, Commodity Futures Trading Commission, Three Lafayette Centre, 1155 21st Street, NW., Washington 20581 by the specified date. In addition, comments may be sent by facsimile transmission to (202) 418-5521 or by electronic mail to secretary@cftc.gov. Reference should be
