Bureau of Reclamation

Long-Term Miscellaneous Purposes Contract, Carlsbad Irrigation District, New Mexico

AGENCY: Bureau of Reclamation, Interior.

ACTION: Notice of intent to prepare a draft environmental impact statement and announcement of a public scoping meeting.

SUMMARY: Pursuant to the National Environmental Policy Act (NEPA) of 1969, as amended, the Bureau of Reclamation (Reclamation) and the New Mexico Interstate Stream Commission (NMISC) intend to prepare a draft environmental impact statement (EIS) on the execution of a long-term contract, based upon the 1920 Sale of Water for Miscellaneous Purposes Act (long-term miscellaneous purposes contract) with the Carlsbad Irrigation District (CID), New Mexico, and the subsequent conversion and delivery of the full amount of irrigation water addressed in the contract and any related contracts (hereinafter collectively referred to as a single contract). Reclamation is the lead Federal agency and the NMISC will serve as a joint lead agency for NEPA compliance for the proposed Federal action.

DATES AND ADDRESSES: To receive input from interested organizations and individuals, a public scoping meeting will be held on February 12, 2004, in Carlsbad, New Mexico. Scoping is an early and public process for determining the issues to be addressed and identifying any significant issues related to the proposed Federal action. The scoping period will be open from January 20, 2004 to March 15, 2004. The public scoping meeting will be held at the following time and location:

- Thursday, February 12, 2004—7 to 9 p.m., Best Western Stevens Inn, Room No. 4, 1829 South Canal Street, Carlsbad, New Mexico.

Reclamation also invites written comments during the scoping period. Written comments regarding the scope and content of the draft EIS may be sent directly to Marsha Carra, Bureau of

Reclamation, Albuquerque Area Office, 555 Broadway NE., Suite 100, Albuquerque, New Mexico 87102; telephone (505) 462-3602; facsimile (505) 462-3797; e-mail: *mcarra@uc.usbr.gov*. Written comments should be received no later than March 15, 2004, to be considered most effectively.

Those not desiring to submit comments or suggestions at this time, but who would like to receive a copy of the draft EIS, should contact Marsha Carra. When the draft EIS is complete, its availability will be announced in the **Federal Register**, in the local news media, and through direct contact with interested parties. Comments will be solicited on the draft document.

FOR FURTHER INFORMATION CONTACT:

Marsha Carra, Bureau of Reclamation, Albuquerque Area Office, 555 Broadway NE., Suite 100, Albuquerque, New Mexico 87102; e-mail: *mcarra@uc.usbr.gov*; telephone (505) 462-3602; or Sara Rhoton, New Mexico Interstate Stream Commission, Bataan Memorial Building, State Capitol, P.O. Box 25102, Santa Fe, New Mexico 87504; e-mail: *srhoton@ose.state.nm.us*; telephone (505) 827-3996.

SUPPLEMENTARY INFORMATION: The purpose of Reclamation's proposed Federal action is to allow the NMISC to use Carlsbad Project water (Project water) allotted to land located inside the boundaries of the CID that NMISC owns or leases from other members of the CID, or other Project water, for release from facilities serving the Carlsbad Project. The underlying need for Reclamation's action is to help the NMISC comply with the Pecos River Compact and the United States Supreme Court Amended Decree in *Texas v. New Mexico*. "Other Project water" consists of water that is allotted to land on the CID assessment rolls that is available for lease under a Contingent Water Contract where: (1) Willing lessors temporarily forego irrigation of their lands in an irrigation season (fallowed land water) or (2) allotted water is not delivered to farms by October 31 of a given year (undelivered allotment water). The long-term miscellaneous purposes contract would replace a 1999 short-term contract that Reclamation currently has with the CID that allows the NMISC to use water allotted to CID lands leased by the NMISC or lease other available Carlsbad Project water.

The State of New Mexico *ex rel.* the State Engineer, NMISC, Reclamation, CID, and the Pecos Valley Artesian Conservancy District entered into a Settlement Agreement on March 25, 2003, that resolves litigation,
