This policy applies to any repair station plan number for certain repair stations. We will continue to recognize the antidrug plan number have been told by their respective repair station that is conducting testing under 14 CFR part 121, appendices I and J, the “Drug Testing Program” and the “Alcohol Misuse Prevention Program” regulations. In the final rule, the FAA required an Antidrug and Alcohol Misuse Prevention Program Operations Specification (OpSpec) for all part 121 and 135 certificate holders and any part 145 repair station opting to conduct drug and alcohol testing under the FAA’s regulations. The final rule was effective February 11, 2004. For administrative reasons, the FAA has not been able to issue an Antidrug and Alcohol Misuse Prevention Program Prevention Program OpSpec to the remaining part 145 repair stations no later than July 29, 2004.

Discussion
Some existing part 145 repair stations that already have an FAA antidrug plan number have been told by their respective repair stations no later than July 29, 2004.
