On June 8, the Board will meet in open session from 8:30 a.m. to 11:30 a.m. The open session will include a Department of Health and Human Services drug testing program update, a presentation on the revisions to the “Mandatory Guidelines for Federal Workplace Drug Testing” published in the Federal Register on April 13, 2004 (69 FR 19644–19673), and a Department of Transportation drug testing program update. If anyone needs special accommodations for persons with disabilities, please notify the Contact listed below.

The Board will meet in closed session on June 8, from 11:30 a.m. to 4:30 p.m. to review and evaluate proprietary testing processes and procedures of drug testing laboratories certified to perform drug testing in accordance with the “Mandatory Guidelines for Federal Workplace Drug Testing Programs” (Mandatory Guidelines) published in the Federal Register (59 FR 29908–29931 on June 9, 1994), 63 FR 51118–51119 on September 30, 1997 and 63 FR 63483 on November 13, 1998). Public disclosure of information concerning proprietary laboratory testing processes would result in competitive harm to the laboratories and significantly impede the cooperation of laboratories in fully disclosing information to inspectors during laboratory inspections. The meeting must be conducted in closed session because disclosure of such proprietary laboratory information would significantly impede the Department’s ability to certify laboratories to meet the standards of Subpart C of the Mandatory Guidelines and is therefore protected by exemption 9(B) of section 552b of title 5 U.S.C.

The Board will meet in closed session on June 9, from 8:30 a.m. until noon to review and discuss new specimen adulteration methods by which persons subject to drug testing may subterfuge the drug test and the Department’s ability to detect them. This meeting must be conducted in closed session since disclosing information on such specimen adulteration methods will significantly frustrate the Department’s ability to assure accurate and reliable drug and specimen validity testing, and is therefore protected by exemption 9(B) of section 552b(c) of title 5 U.S.C.

A roster of the board members may be obtained from: Mrs. Giselle Hersh, Division of Workplace Programs, 5600 Fishers Lane, Rockwall II, Suite 815, Rockville, MD 20857, 301–443–6014 (voice). The proposed location is on an approximately 7-acre plot within the National Interagency Biodefense Campus on Area A of Fort Detrick, Maryland, near facilities of the U.S. Army Medical Research Institute of Infectious Diseases, the U.S. Department of Agriculture, and the planned National Institutes of Health Integrated Research Facility.

Issues to be analyzed in the EIS will include safety of laboratory operations; public health and safety; handling, collection, treatment, and disposal of research wastes; and analysis of other risks, as well as concerns for pollution prevention and impacts of the proposed action on air quality, biological resources, cultural resources, water resources, land use, and socioeconomic resources. The EIS will address several alternatives, including citing the proposed NBACC facility at another location on the grounds of Fort Detrick; locating the proposed NBACC facility on other existing government-owned property outside of Fort Detrick; siting the proposed NBACC facility on privately-owned property outside Fort Detrick; and a No-Action alternative, under which the proposed NBACC facility would not be built. Additional alternatives may be identified in the Public Scoping process.

Public Participation: The DHS and the U.S. Army invite full public participation to promote open communication and better decision-making. All interested persons and organizations, including minority, low-income, disadvantaged, and Native American groups, are urged to participate in this NEPA environmental analysis process. Assistance will be provided upon request to anyone with special needs to facilitate their participation in the NEPA process.

To ensure that the full range of issues related to this proposed action and the scope of this EIS are addressed, oral and written comments are invited from all interested federal, state, and local agencies, and private organizations and citizens.

Public comments are welcome throughout the NEPA process and should be directed to Kevin Anderson, Department of Homeland Security, 7435 New Technology Way, Suite A, Frederick, MD 21703. Additional formal opportunities for public participation after the Public Scoping are tentatively scheduled as follows:

Review and comment on the Draft EIS (including a public meeting), August–September 2004.

NOTICES OF AVAILABILITY FOR THE DRAFT EIS, FINAL EIS, AND RECORD OF DECISION WILL BE PROVIDED THROUGH DIRECT MAIL, THE FEDERAL REGISTER, AND OTHER MEDIA. NOTIFICATIONS WILL ALSO BE SENT TO FEDERAL, STATE, AND LOCAL AGENCIES AND PERSONS AND ORGANIZATIONS THAT SUBMIT COMMENTS OR QUESTIONS THROUGHOUT THE NEPA PROCESS. PRECISE SCHEDULES AND LOCATIONS FOR PUBLIC MEETINGS WILL BE ANNOUNCED IN THE LOCAL NEWS MEDIA. INTERESTED INDIVIDUALS AND ORGANIZATIONS MAY REQUEST TO BE INCLUDED ON THE MAILING LIST FOR PUBLIC DISTRIBUTION OF MEETING ANNOUNCEMENTS AND ASSOCIATED DOCUMENTS.

[FERA–1516–DR]

Arkansas; Major Disaster and Related Determinations

ACTION: Notice.

SUMMARY: This is a notice of the Presidential declaration of a major disaster for the State of Arkansas (FERA–1516–DR), dated May 7, 2004, and related determinations.

FOR FURTHER INFORMATION CONTACT:

SUPPLEMENTARY INFORMATION: Notice is hereby given that, in a letter dated May 7, 2004, the President declared a major disaster under the authority of the Robert T. Stafford Disaster Relief and Emergency Assistance Act, 42 U.S.C. 5121–5206 (the Stafford Act), as follows:

I have determined that the damage in certain areas of the State of Arkansas, resulting from severe storms, flooding and landslides on April 19, 2004, and continuing, is of sufficient severity and magnitude to warrant a major disaster declaration under...
