[Docket No. ER-03-563-030; EL04-102-000]

Devon Power LLC, *et al.*

Issued June 2, 2004

Joseph T. Kelliher, Commissioner
 concurring:

I am writing separately to explain my
 views on the implementation date of a
 locational installed capacity (LICAP)
 market in New England.

I concur with the order that a LICAP
 market should not be implemented
 before January 1, 2006. The purpose of
 establishing a LICAP market is to ensure
 there is adequate electricity generation
 in New England, particularly in
 Southwest Connecticut and
 Northeastern Massachusetts/Boston.
 The record shows that there is
 insufficient generation in these two
 areas of New England.

For a LICAP market to be effective,
 the transmission system must be strong
 enough to permit generation
 interconnections. Unfortunately, the
 transmission system in Southwest
 Connecticut is notoriously weak, and at

present cannot accommodate significant
 generation additions.

It is important to give New England
 enough time to make necessary
 transmission upgrades. The order
 provides for an initial decision from an
 administrative law judge by June 1,
 2005 to define the appropriate
 methodology for determining capacity
 transfer limits between ICAP regions,
 the amount and allocation of capacity
 transfer rights for purposes of each
 LICAP market, and the parameters of the
 demand curve that will apply in each
 ICAP region. The order also sets an
 implementation date for LICAP markets
 of January 1, 2006. I would have
 deferred selecting a specific
 implementation date for LICAP markets
 until after the initial decision. That
 would have given the Commission the
 flexibility to select an appropriate date
 for implementing LICAP based on an
 understanding of the progress—if any—
 towards strengthening the transmission
 grid in Southwest Connecticut and
 Northeastern Massachusetts/Boston.

Until implementation of a LICAP
 market, the Commission will extend the
 Peaking Unit Safe Harbor (PUSH)
 mechanism, and consider reliability-
 must-run contracts to ensure generators
 receive just and reasonable
 compensation. Experience with the
 PUSH mechanism has proved
 disappointing, and reliability-must-run
 contracts may be the superior means to
 assure just and reasonable
 compensation during the interim.

Joseph T. Kelliher,
Commissioner.

ENVIRONMENTAL PROTECTION AGENCY

[FRL-7673-1]

Science Advisory Board Staff Office; Notification of Upcoming Meeting of the Science Advisory Board Committee on Valuing the Protection of Ecological Systems and Services; Correction

AGENCY: Environmental Protection
 Agency (EPA).

ACTION: Notice; correction.

SUMMARY: The EPA Science Advisory
 Board (SAB) Staff Office published a
 notice in the **Federal Register** of June 1,
 2004, announcing a public meeting for
 the SAB's Committee on Valuing the
 Protection of Ecological Systems and
 Services (C-VPESS) on June 13-14,

2004. The notice contained incorrect
 dates.

FOR FURTHER INFORMATION CONTACT: Dr.
 Angela Nugent, Designated Federal
 Officer, via telephone/voice mail at
 (202) 343-9981, via e-mail at
nugent.angela@epa.gov or by mail at:

ENVIRONMENTAL PROTECTION AGENCY

[OPPT-2004-0100; FRL-7365-3]

Certain New Chemicals; Receipt and Status Information

AGENCY: Environmental Protection
 Agency (EPA).

ACTION: Notice.

SUMMARY: Section 5 of the Toxic
 Substances Control Act (TSCA) requires
 any person who intends to manufacture
 (defined by statute to include import) a
 new chemical (i.e., a chemical not on
 the TSCA Inventory) to notify EPA and
 comply with the statutory provisions
 pertaining to the manufacture of new
 chemicals. Under sections 5(d)(2) and
 5(d)(3) of TSCA, EPA is required to
 publish a notice of receipt of a
 premanufacture notice (PMN) or an
 application for a test marketing
 exemption (TME), and to publish
 periodic status reports on the chemicals
 under review and the receipt of notices
 of commencement to manufacture those
 chemicals. This status report, which
 covers the period from May 12, 2004 to
 May 21, 2004, consists of the PMNs and
 TMEs, both pending or expired, and the
 notices of commencement to
 manufacture a new chemical that the
 Agency has received under TSCA
 section 5 during this time period.

DATES: Comments identified by the
 docket ID number OPPT-2004-0100
 and the specific PMN number or TME

number, must be received on or before July 14, 2004.

ADDRESSES: Comments may be submitted electronically, by mail, or through hand delivery/courier. Follow the detailed instructions as provided in Unit I. of the **SUPPLEMENTARY INFORMATION**.

FOR FURTHER INFORMATION CONTACT:

Colby Lintner, Regulatory Coordinator, Environmental Assistance Division, Office of Pollution Prevention and Toxics (7408M), Environmental Protection Agency, 1200 Pennsylvania Ave., NW., Washington, DC 20460-0001; telephone number: (202) 554-1404; e-mail address: TSCA-Hotline@epa.gov.

SUPPLEMENTARY INFORMATION:

I. General Information

A. Does this Action Apply to Me?

This action is directed to the public in general. As such, the Agency has not attempted to describe the specific entities that this action may apply to. Although others may be affected, this action applies directly to the submitter of the premanufacture notices addressed in the action. If you have any questions regarding the applicability of this action to a particular entity, consult the person listed under **FOR FURTHER INFORMATION CONTACT**.

B. How Can I Get Copies of this Document and Other Related Information?

1. *Docket.* EPA has established an official public docket for this action under docket identification (ID) number OPPT-2004-0100. The official public docket consists of the documents specifically referenced in this action, any public comments received, and other information related to this action. Although a part of the official docket, the public docket does not include Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. The official public docket is the collection of materials that is available for public viewing at the EPA Docket Center, Rm. B102-Reading Room, EPA West, 1301 Constitution Ave., NW., Washington, DC. The EPA Docket Center is open from 8:30 a.m. to 4:30 p.m., Monday through Friday, excluding legal holidays. The EPA Docket Center Reading Room telephone number is (202) 566-1744 and the telephone number for the OPPT Docket, which is located in EPA Docket Center, is (202) 566-0280.

2. *Electronic access.* You may access this **Federal Register** document electronically through the EPA Internet

under the "**Federal Register**" listings at <http://www.epa.gov/fedrgstr/>.

An electronic version of the public docket is available through EPA's electronic public docket and comment system, EPA Dockets. You may use EPA Dockets at <http://www.epa.gov/edocket/> to submit or view public comments, access the index listing of the contents of the official public docket, and to access those documents in the public docket that are available electronically. Although not all docket materials may be available electronically, you may still access any of the publicly available docket materials through the docket facility identified in Unit I.B.1. Once in the system, select "search," then key in the appropriate docket ID number.

Certain types of information will not be placed in the EPA Dockets. Information claimed as CBI and other information whose disclosure is restricted by statute, which is not included in the official public docket, will not be available for public viewing in EPA's electronic public docket. EPA's policy is that copyrighted material will not be placed in EPA's electronic public docket but will be available only in printed, paper form in the official public docket. To the extent feasible, publicly available docket materials will be made available in EPA's electronic public docket. When a document is selected from the index list in EPA Dockets, the system will identify whether the document is available for viewing in EPA's electronic public docket. Although not all docket materials may be available electronically, you may still access any of the publicly available docket materials through the docket facility identified in Unit I.B.1. EPA intends to work towards providing electronic access to all of the publicly available docket materials through EPA's electronic public docket.

For public commenters, it is important to note that EPA's policy is that public comments, whether submitted electronically or in paper, will be made available for public viewing in EPA's electronic public docket as EPA receives them and without change, unless the comment contains copyrighted material, CBI, or other information whose disclosure is restricted by statute. When EPA identifies a comment containing copyrighted material, EPA will provide a reference to that material in the version of the comment that is placed in EPA's electronic public docket. The entire printed comment, including the copyrighted material, will be available in the public docket.

Public comments submitted on computer disks that are mailed or

delivered to the docket will be transferred to EPA's electronic public docket. Public comments that are mailed or delivered to the docket will be scanned and placed in EPA's electronic public docket. Where practical, physical objects will be photographed, and the photograph will be placed in EPA's electronic public docket along with a brief description written by the docket staff.

C. How and To Whom Do I Submit Comments?

You may submit comments electronically, by mail, or through hand delivery/courier. To ensure proper receipt by EPA, identify the appropriate docket ID number and specific PMN number or TME number in the subject line on the first page of your comment. Please ensure that your comments are submitted within the specified comment period. Comments received after the close of the comment period will be marked "late." EPA is not required to consider these late comments. If you wish to submit CBI or information that is otherwise protected by statute, please follow the instructions in Unit I.D. Do not use EPA Dockets or e-mail to submit CBI or information protected by statute.

1. *Electronically.* If you submit an electronic comment as prescribed in this unit, EPA recommends that you include your name, mailing address, and an e-mail address or other contact information in the body of your comment. Also include this contact information on the outside of any disk or CD ROM you submit, and in any cover letter accompanying the disk or CD ROM. This ensures that you can be identified as the submitter of the comment and allows EPA to contact you in case EPA cannot read your comment due to technical difficulties or needs further information on the substance of your comment. EPA's policy is that EPA will not edit your comment, and any identifying or contact information provided in the body of a comment will be included as part of the comment that is placed in the official public docket, and made available in EPA's electronic public docket. If EPA cannot read your comment due to technical difficulties and cannot contact you for clarification, EPA may not be able to consider your comment.

i. *EPA Dockets.* Your use of EPA's electronic public docket to submit comments to EPA electronically is EPA's preferred method for receiving comments. Go directly to EPA Dockets at <http://www.epa.gov/edocket/>, and follow the online instructions for submitting comments. Once in the system, select "search," and then key in

docket ID number OPPT-2004-0100. The system is an "anonymous access" system, which means EPA will not know your identity, e-mail address, or other contact information unless you provide it in the body of your comment.

ii. *E-mail.* Comments may be sent by e-mail to oppt.ncic@epa.gov, Attention: Docket ID Number OPPT-2004-0100 and PMN Number or TME Number. In contrast to EPA's electronic public docket, EPA's e-mail system is not an "anonymous access" system. If you send an e-mail comment directly to the docket without going through EPA's electronic public docket, EPA's e-mail system automatically captures your e-mail address. E-mail addresses that are automatically captured by EPA's e-mail system are included as part of the comment that is placed in the official public docket, and made available in EPA's electronic public docket.

iii. *Disk or CD ROM.* You may submit comments on a disk or CD ROM that you mail to the mailing address identified in Unit I.C.2. These electronic submissions will be accepted in WordPerfect or ASCII file format. Avoid the use of special characters and any form of encryption.

2. *By mail.* Send your comments to: Document Control Office (7407M), Office of Pollution Prevention and Toxics (OPPT), Environmental Protection Agency, 1200 Pennsylvania Ave., NW., Washington, DC 20460-0001.

3. *By hand delivery or courier.* Deliver your comments to: OPPT Document Control Office (DCO) in EPA East Bldg., Rm. 6428, 1201 Constitution Ave., NW., Washington, DC. Attention: Docket ID Number OPPT-2004 0100 and PMN Number or TME Number. The DCO is open from 8 a.m. to 4 p.m., Monday through Friday, excluding legal holidays. The telephone number for the DCO is (202) 564-8930.

D. How Should I Submit CBI to the Agency?

Do not submit information that you consider to be CBI electronically through EPA's electronic public docket

or by e-mail. You may claim information that you submit to EPA as CBI by marking any part or all of that information as CBI (if you submit CBI on disk or CD ROM, mark the outside of the disk or CD ROM as CBI and then identify electronically within the disk or CD ROM the specific information that is CBI). Information so marked will not be disclosed except in accordance with procedures set forth in 40 CFR part 2.

In addition to one complete version of the comment that includes any information claimed as CBI, a copy of the comment that does not contain the information claimed as CBI must be submitted for inclusion in the public docket and EPA's electronic public docket. If you submit the copy that does not contain CBI on disk or CD ROM, mark the outside of the disk or CD ROM clearly that it does not contain CBI. Information not marked as CBI will be included in the public docket and EPA's electronic public docket without prior notice. If you have any questions about CBI or the procedures for claiming CBI, please consult the technical person listed under **FOR FURTHER INFORMATION CONTACT**.

E. What Should I Consider as I Prepare My Comments for EPA?

You may find the following suggestions helpful for preparing your comments:

1. Explain your views as clearly as possible.
2. Describe any assumptions that you used.
3. Provide copies of any technical information and/or data you used that support your views.
4. If you estimate potential burden or costs, explain how you arrived at the estimate that you provide.
5. Provide specific examples to illustrate your concerns.
6. Offer alternative ways to improve the notice or collection activity.
7. Make sure to submit your comments by the deadline in this document.
8. To ensure proper receipt by EPA, be sure to identify the docket ID number

assigned to this action and the specific PMN number you are commenting on in the subject line on the first page of your response. You may also provide the name, date, and **Federal Register** citation.

II. Why is EPA Taking this Action?

Section 5 of TSCA requires any person who intends to manufacture (defined by statute to include import) a new chemical (i.e., a chemical not on the TSCA Inventory to notify EPA and comply with the statutory provisions pertaining to the manufacture of new chemicals. Under sections 5(d)(2) and 5(d)(3) of TSCA, EPA is required to publish a notice of receipt of a PMN or an application for a TME and to publish periodic status reports on the chemicals under review and the receipt of notices of commencement to manufacture those chemicals. This status report, which covers the period from May 12, 2004 to May 21, 2004, consists of the PMNs and TMEs, both pending or expired, and the notices of commencement to manufacture a new chemical that the Agency has received under TSCA section 5 during this time period.

III. Receipt and Status Report for PMNs and TMEs

This status report identifies the PMNs and TMEs, both pending or expired, and the notices of commencement to manufacture a new chemical that the Agency has received under TSCA section 5 during this time period. If you are interested in information that is not included in the following tables, you may contact EPA as described in Unit II. to access additional non-CBI information that may be available.

In Table I of this unit, EPA provides the following information (to the extent that such information is not claimed as CBI) on the PMNs received by EPA during this period: the EPA case number assigned to the PMN; the date the PMN was received by EPA; the projected end date for EPA's review of the PMN; the submitting manufacturer; the potential uses identified by the manufacturer in the PMN; and the chemical identity.

BILLING CODE 3125-01-M

FEDERAL COMMUNICATIONS COMMISSION**Notice of Public Information Collection(s) Being Submitted to OMB for Review and Approval**

May 28, 2004.

SUMMARY: The Federal Communications Commissions, as part of its continuing effort to reduce paperwork burden invites the general public and other Federal agencies to take this opportunity to comment on the following information collection, as required by the Paperwork Reduction Act of 1995, Public Law 104-13. An agency may not conduct or sponsor a collection of information unless it displays a currently valid control number. No person shall be subject to any penalty for failing to comply with a collection of information subject to the Paperwork Reduction Act (PRA) that does not display a valid control number. Comments are requested concerning (a) whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; (b) the accuracy of the Commission's burden estimate; (c) ways to enhance the quality, utility, and clarity of the information collected; and (d) ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology.

DATES: Written comments should be submitted on or before July 14, 2004. If you anticipate that you will be submitting comments, but find it difficult to do so within the period of time allowed by this notice, you should advise the contact listed below as soon as possible.

ADDRESSES: Direct all comments to Les Smith, Federal Communications Commission, Room 1-A804, 445 12th Street, SW., Washington, DC 20554 or via the Internet to Leslie.Smith@fcc.gov or Kristy L. LaLonde, Office of Management and Budget (OMB), Room 10236 NEOB, Washington, DC 20503,

(202) 395-3087 or via the Internet at Kristy_L._LaLonde@omb.eop.gov.

FOR FURTHER INFORMATION CONTACT: For additional information or copy of the information collection(s) contact Les Smith at (202) 418-0217 or via the Internet at Leslie.Smith@fcc.gov.

Title: Regulations Concerning Indecent Communications by Telephone.

Form Number: N/A.

Type of Review: Revision of a currently approved collection.

Respondents: Business or other for-profit entities; Individuals or households.

Number of Respondents: 10,200.

Estimated Time per Response: 0.13 hrs (8 mins.) (avg.)

Frequency of Response: On occasion reporting requirements; Third party disclosure.

Total Annual Burden: 1,632 hours.

Total Annual Cost: None.

Privacy Impact Assessment: Yes.

Needs and Uses: Under Section 223 of the Communications Act of 1932, as amended, telephone companies are required, to the extent technically feasible, to prohibit access to indecent communications from the telephone of a subscriber who has not previously requested access. 47 CFR Section 64.201 implements Section 223 and contains several information collection requirements: (1) A requirement that certain common carriers block access to indecent messages unless the subscriber seeks access from the common carrier (telephone company) in writing; (2) A requirement that adult message service providers notify their carriers of the nature of their programming; and (3) A requirement that a provider of adult message services request that their carrier identify it as such in bills to its subscribers. The information requirements are imposed on carriers, adult message service providers, and those who solicit their services to ensure that minors are denied access to material deemed indecent.

This information collection affects "individuals or household," and the Commission has prepared a Privacy Impact Assessment as required by OMB Memorandum M-03-22. The categories of records, purpose(s), routine uses, safeguards, and disposal of the information are governed by the Commission's system of records, FCC/CIB-1, "Informal Complaints and Inquiries," (66 FR 51955).
