

The Regulatory Flexibility Act and Executive Order 12866

CBP establishes, expands and consolidates CBP ports of entry throughout the United States to accommodate the volume of CBP-related activity in various parts of the country. Thus, although this document is being issued with notice for public comment, because it relates to agency management and organization, it is not subject to the notice and public procedure requirements of 5 U.S.C. 553. Accordingly, this document is not subject to the provisions of the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*). Agency organization matters such as this proposed port extension are exempt from consideration under Executive Order 12866.

The text of those temporary regulations

also serves as the text of these proposed regulations.

SUPPLEMENTARY INFORMATION:

Background and Explanation of Provisions

Temporary regulations in the Rules and Regulations section of this issue of the **Federal Register** amend 26 CFR part 1 relating to section 1031(a)(1). The temporary regulations substitute NAICS classification codes for the SIC classification codes in the regulatory text and permit the use of NAICS codes for determining product classes, and therefore property of like kind, of depreciable tangible personal property exchanged under section 1031. The text of those temporary regulations also serves as the text of these proposed regulations. The preamble to the temporary regulations explains the amendments.

Special Analyses

It has been determined that this notice of proposed rulemaking is not a significant regulatory action as defined in Executive Order 12866. Therefore, a regulatory assessment is not required. It also has been determined that section 553(b) of the Administrative Procedure Act (5 U.S.C. chapter 5) does not apply to these regulations, and, because the regulations do not impose a collection of information on small entities, the Regulatory Flexibility Act (5 U.S.C. chapter 6) does not apply. Pursuant to section 7805(f) of the Code, this notice of proposed rulemaking will be submitted to the Chief Counsel for

Advocacy of the Small Business Administration for comment on its impact.

Comments and Requests for a Public Hearing

Before these proposed regulations are adopted as final regulations, consideration will be given to any written comments (a signed original and eight (8) copies) or electronic comments that are submitted timely to the IRS. The IRS and Treasury Department request comments on the clarity of these proposed regulations and how they may be made easier to understand. All comments will be available for public inspection and copying. A public hearing will be scheduled if requested in writing by any person that timely submits written comments. If a public hearing is scheduled, notice of the date, time, and place for the public hearing will be published in the **Federal Register**.

Background

This document contains proposed amendments to 26 CFR part 1 under section 1363(d) of the Internal Revenue Code (Code). Section 1363(d)(1) provides that a C corporation that owns LIFO inventory and that elects under section 1362(a) to be taxed as an S corporation must include in its gross income for its final tax year as a C corporation the LIFO recapture amount. Under section 1363(d)(3), the LIFO recapture amount is the excess of the inventory amount of the inventory using the first-in, first-out (FIFO) method (the FIFO value) over the inventory amount of the inventory using the LIFO method (the LIFO value) at the close of the corporation’s final tax year as a C corporation (essentially, the amount of income the corporation has deferred by using the LIFO method rather than the FIFO method).

Final regulations (TD 8567) under section 1363(d) were published in the **Federal Register** on October 7, 1994 (59 FR 51105) to describe the recapture of LIFO benefits when a C corporation that owns LIFO inventory elects to become an S corporation or transfers LIFO inventory to an S corporation in a nonrecognition transaction. The final regulations do not explicitly address the indirect ownership of inventory through a partnership. These proposed regulations provide guidance for situations in which a C corporation that owns LIFO inventory through a
