

County, Nevada and in that portion of unincorporated Clark County located between the two cities. The proposed project would involve improvements to the I-515 Corridor between the southern terminus of the present I-515 Freeway in the City of Henderson (MP56) and the northern terminus of I-515 in the City of Las Vegas (MP76). The proposed project covers a total distance of approximately 20 miles on the present route.

Improvements to the corridor are considered necessary to provide for the existing and projected traffic demand resulting from the growth of interstate traffic and local commuter traffic in the southeast region of the Las Vegas Valley. Specifically, the project will evaluate improvements to I-515 to mitigate congestion along the freeway corridor, widening and upgrading the existing freeway, upgrading existing interchanges, providing new interchanges at F Street and Sahara Avenue, and realigning Bonanza Road at Las Vegas Boulevard. The EIS will consider the effects of the proposed project, the No Action alternative, and other alternatives to the proposed project.

Letters describing the proposed action and soliciting comments will be sent to appropriate Federal, State, and local agencies, and to private organizations and citizens who have previously expressed or are known to have interest in this project. A public scoping meeting will be held September 14, 2004, and local notice will be provided. The Web site for the project is <http://www.i515study.com>. In addition, public information meetings will be held throughout the duration of the project and a public hearing will be held for the draft EIS. Public notices will be given announcing the time and place of the public meetings and the hearing. The draft EIS will be available for public and agency review and comment prior to the public hearing.

To ensure that the full range of issues related to this proposed action are addressed and all significant issues identified, comments and suggestions are invited from all interested parties. Comments or questions concerning this proposed action and the EIS should be directed to the FHWA at the address provided above.

DEPARTMENT OF TRANSPORTATION

National Highway Traffic Safety Administration

[U.S. DOT Docket Number NHTSA-04-18816]

Reports, Forms, and Recordkeeping Requirements

AGENCY: National Highway Traffic Safety Administration (NHTSA), Department of Transportation.

ACTION: Request for public comment on proposed collection of information.

SUMMARY: Before a Federal agency can collect certain information from the public, it must receive approval from the Office of Management and Budget (OMB). Under procedures established by the Paperwork Reduction Act of 1995, before seeking OMB approval, Federal agencies must solicit public comment on proposed collections of information, including extensions and reinstatement of previously approved collections.

This document describes one collection of information for which NHTSA intends to seek OMB approval.

DATES: Comments must be received on or before October 12, 2004.

ADDRESSES: Comments must refer to the docket notice numbers cited at the beginning of this notice and be submitted to Docket Management, Room PL-401, 400 Seventh Street, SW., Washington, DC 20590. Please identify the proposed collection of information for which a comment is provided, by referencing its OMB Control Number. It is requested, but not required, that 2 copies of the comment be provided. The Docket Section is open on weekdays from 10 a.m. to 5 p.m.

FOR FURTHER INFORMATION CONTACT: Complete copies of each request for collection of information may be obtained at no charge from Christina Morgan, NHTSA, 400 Seventh Street, SW., Room 5208, NPO-321, Washington, DC 20590. Ms. Morgan's telephone number is (202) 366-2562. Please identify the relevant collection of information by referring to its OMB Control Number.

SUPPLEMENTARY INFORMATION: Under the Paperwork Reduction Act of 1995,

before an agency submits a proposed collection of information to OMB for approval, it must first publish a document in the **Federal Register** providing a 60-day comment period and otherwise consult with members of the public and affected agencies concerning each proposed collection of information. The OMB has promulgated regulations describing what must be included in such a document. Under OMB's regulation (at 5 CFR 1320.8(d)), an agency must ask for public comment on the following:

(i) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

(ii) The accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

(iii) How to enhance the quality, utility, and clarity of the information to be collected; and

(iv) how to minimize the burden of the collection of information on those who are to respond, including the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, *e.g.*, permitting electronic submission of responses.

In compliance with these requirements, NHTSA asks for public comments on the following proposed collections of information:

Title: The Impact of LATCH on Child Restraint Use.

OMB Control Number: 2127—New.

Affected Public: Individuals.

Form Number: Not applicable.

Abstract: The data will provide information on the impact of Lower Anchor and Tethers for Children (LATCH) on child safety seat use. Specifically, NHTSA will find out if consumers are using the LATCH system to install child safety seats, if they are easy to install, and the percentage that are being installed correctly. The evaluation is required under Executive Order 12866.

Estimated Annual Burden: 832 hours.

Number of Respondents: 9,088.

Comments are invited on: whether the proposed collection of information is necessary for the proper performance of the functions of the Department, including whether the information will have practical utility; the accuracy of the Department's estimate of the burden of the proposed information collection; ways to enhance the quality, utility and clarity of the information to be collected; and ways to minimize the burden of the collection of information

on respondents, including the use of automated collection techniques or other forms of information technology.

Noble Bowie,

Associate Administrator for Planning, Evaluation, and Budget.
