

The information obtained from this data collection will help the CDC meet its evaluation objectives as described

above. Responses are voluntary. No proprietary items or sensitive information will be collected. The

annualized burden hours are estimated to be 32.

Proposed Data Collections Submitted for Public Comment and Recommendations

The Centers for Disease Control and Prevention (CDC) publishes a list of information collection requests under review by the Office of Management and Budget (OMB) in compliance with the Paperwork Reduction Act (44 U.S.C. Chapter 35). To request a copy of these requests, call the CDC Reports Clearance Officer at (404) 498-1210 or send an email to omb@cdc.gov. Send written comments to CDC Desk Officer, Human Resources and Housing Branch, New Executive Office Building, Room 10235, Washington, DC 20503 or by fax to (202) 395-6974. Written comments should be received within 30 days of this notice.

Proposed Project

HIV Prevention Capacity-Building Assistance (CBA) Information Collection: Reporting and Monitoring System—New—National Center for HIV, STD, and TB Prevention (NCHSTP), Centers for Disease Control and Prevention (CDC).

Background

CDC is requesting a 3-year clearance for information collection forms to monitor the HIV prevention activities of CBA provider grantees funded by CDC from 2004 to 2009. These forms will be used to collect information that assists in monitoring CBA services and activities. CDC is responsible for monitoring and evaluating HIV prevention activities conducted under these cooperative agreements. This requires that CDC have current information regarding the progress of CBA activities and services supported through these cooperative agreements. Therefore, forms such as the Trimester Interim Progress Report, CBA Notification Form, CBA Completion Form, and CBA Training Events Report are considered a critical component of the monitoring and evaluation process. Since, this program will encompass approximately 36 CBA provider organizations, there is a need for a standardized system for reporting individual episodes of CBA delivered by all CBA provider grantees. The collection of data will help CDC discern and refine national goals and objectives in the prevention of HIV.

CBA providers will be required to submit CBA Trimester Progress Reports (form A). The purpose of the CBA Trimester Progress Report is to describe CBA undertaken during the previous four months. The Trimester Progress Report will be a narrative on the programs' successes and barriers; process and outcome monitoring data; collaborative and cooperative activities with other organizations; and plans for future activities.

To effectively track and monitor all requests for capacity building assistance, CBA providers will be required to submit a CBA Notification

Form (form B) following each contact with a community based organization (CBO) or HIV prevention stakeholder for CBA services. The purpose of this form is to track all requests for services from CBOs, health departments, and stakeholders. Requests for CBA from these CBOs and stakeholders are received by CBA providers on an on-going basis.

CBA providers will also be required to submit a CBA Completion Form (form C) following each episode of CBA service delivered to all CBOs and stakeholders. The purpose of this form is to provide feedback and follow-up information to CDC Project Officers on the types of CBA services and quality of services that were delivered to all CBOs by CBA Providers. CBA requests from CBOs, health departments, and stakeholders are received by CBA providers on an on-going basis. Information collection will be on-going throughout the duration of the cooperative agreements.

In addition, CBA providers will be required to submit pre-planned CBA training events for a CBA Training Events Report (form D). The CBA Training Events Report is used to disseminate planned capacity building assistance activities delivered by CBA providers, the CDC, and other organizations providing training and technical assistance.

It is estimated that Form A will require 4 hours of preparation by the respondent, Form B will require 15 minutes of preparation by the respondent, Form C will require 30 minutes of preparation by the respondent, and Form D will require 2 hours of preparation by the respondent. The annualized burden is estimated to be 2,196 hours.

Form name	Number of respondents	Number of responses per respondent	Average burden per response (in hrs.)
Form A: CBA Trimester Report	36 Grantees	3	4
Form B: CBA Notification Form	36 CBA Provider Grantees.	50	15/60
Form C: CBA Completion Form	36 CBA Provider Grantees.	25	30/60

Form name	Number of respondents	Number of responses per respondent	Average burden per response (in hrs.)
Form D: CBA Training Events Report	36 CBA Provider Grantees.	12	2

ADAPT: Adopting and Demonstrating the Adaptation of Prevention Techniques

Announcement Type: Competitive
Supplement.

Funding Opportunity Number: PA
04064 (Supplemental).

*Catalog of Federal Domestic
Assistance Number:* 93.944.

Dates: Letter of Intent Deadline: None.

Application Deadline: September 22,
2004.

I. Funding Opportunity Description

Authority: This program is authorized
under sections 301 and 317(k) of the
Public Health Service Act, (42 U.S.C.
241 and 247b(k)), as amended.

Purpose

The purpose of this program is to
improve understanding of the processes
needed for adapting evidence-based
interventions to fit new conditions or
populations and to pilot CDC-developed
draft guidance for adaptation.

The ADAPT project responds to
concerns from the field that existing
interventions do not address the HIV
prevention needs of their specific
population. This project seeks to
develop guidance for agencies to engage
in evidence-based adaptation of
interventions previously shown to be
effective in research settings for use in
real world applications. If data from this
project is published, it will be published
as case studies and not as generalizable
research data.

Activities

Supplemental funds are intended to
support 3-5 eligible grantees that are
currently participating in Community-
Based Organizations (CBO) PA 04064.

The funds will support additional
activities that involve adapting an HIV
prevention intervention listed in the
Procedural Guidance for Selected
Strategies and Interventions for
Community-Based Organizations
Funded Under Program Announcement
04064 (Procedural Guidance) for use in
an HIV seropositive population of men
of color who have sex with other men
(MSM of color). CDC is especially
interested in supporting projects that
use the Many Men, Many Voices
(MMMV) intervention listed in the
Procedural Guidance. Contingent upon
the quality of proposals, CDC
anticipates that at least one of the
applicants funded under the ADAPT
supplement will adapt and implement
MMMV. However, applicants are not
limited to this particular intervention
and may propose work using any one of
the other interventions listed in the
Procedural Guidance. Funded
applicants will further evaluate the
intervention they select to adapt.
Preference will be given to those
applicants that have limited or no
previous experience with the adaptation
and implementation of the intervention
they were funded to implement under
CBO PA 04064. Funded applicants will
be required to conduct two evaluation
components for this award: (1) To
monitor and evaluate the adaptation
process; and (2) to monitor and evaluate
the intervention.

In a cooperative agreement, CDC staff
is substantially involved in the program
activities, above and beyond routine
grant monitoring.

CDC Activities for this program are as
follows:

- CDC will provide to funded
applicants the draft adaptation guidance
developed by CDC with input from
internal and external researchers, HIV
prevention intervention implementers,
and community advocates.
- CDC will provide process and
outcome indicators and work with
funded applicants in the evaluation
processes for this award. The evaluation
methods could include, but are not
limited to: timelines; qualitative
summaries; focus group summaries;
unstructured key informant interviews;
case studies; checklists; progress
reports; and perhaps information on
costs. Note that evaluation activities

will include unstructured interviews
with key stakeholders before and after
the implementation of the adapted
intervention(s). Outcome measures
could include, but are not limited to,
behavioral outcomes such as condom
use or frequency of unprotected sex, or
biological outcomes such as sexually
transmitted disease (STD) incidence as
collected with the Program Evaluation
and Monitoring System (PEMS).

II. Award Information

Type of Award: Cooperative
Agreement. CDC involvement in this
program is listed in the Activities
Section above.

Fiscal Year Funds: 2004-2006.

Approximate Total Funding: The
estimated total cost is \$5,000,000 with
approximately \$2,000,000 awarded
during the first fiscal year.

Approximate Number of Awards: 3-5.

Approximate Average Award:
\$575,000 (This amount is for the first
12-month budget period, and includes
both direct and indirect costs).

Floor of Award Range: \$200,000.

Anticipated Award Date: September
1, 2004.

Budget Period Length: 12 months.

Project Period Length: 2 years.

Throughout the project period, CDC's
commitment to continuation of awards
will be conditioned on the availability
of funds, evidence of satisfactory
progress by the recipient (as
documented in required reports), and
the determination that continued
funding is in the best interest of the
Federal Government.

III. Eligibility Information

III.1. Eligible applicants

Applications may only be submitted
by grantees currently funded under CBO
PA 04064 who are eligible to apply for
supplemental funding.

III.2. Cost Sharing or Matching

Matching funds are not required for
this program.

III.3. Other

If your application is incomplete or
non-responsive to the requirements
listed in this section, it will not be
entered into the review process. You
will be notified that your application
did not meet submission requirements.
