SUPPLEMENTARY INFORMATION:

Summaries for each FAR rule follow. For the actual revisions and/or amendments to these FAR cases, refer to the specific item number and subject set forth in the documents following these item summaries.

FAC 2001–25 amends the FAR as specified below:

Item I—Elimination of the Standard Form 1417 (FAR Case 2002–017)

This final rule eliminates the use of the Standard Form 1417, Pre-Solicitation Notice (Construction Contract), in contracts for construction, alteration or repair, dismantling, demolition, or removal of improvements. The use of this form has become unnecessary because contracting officers provide access to presolicitation notices through the Governmentwide point of entry (GPE) via the Internet at <http://www.fedbizopps.gov> pursuant to FAR 5.204. Elimination of the form increases reliance on electronic business practices and reduces the estimated information collection requirement burden hours imposed on offerors.

Item II—Free Trade Agreements—Chile and Singapore, and Trade Agreements Thresholds (FAR Case 2003–016)

The interim rule to implement new Free Trade Agreements with Chile and Singapore, published in the **Federal Register** at 69 FR 1050, January 7, 2004, is converted to a final rule with changes. The interim rule included in each Trade Agreements clause the statement that United States law will apply to resolve any claim of breach of contract. At the

request of the Department of Justice, the final rule relocates this statement into a separate clause to be included in all contracts. All contracting officers must be aware of this new requirement.

Item III—Telecommuting for Federal Contractors (FAR Case 2003–025) (Interim)

This interim rule addresses telecommuting by employees of Federal contractors. This rule implements Section 1428 of the Services Acquisition Reform Act of 2003 (Title XIV of Public Law 108–136), which prohibits agencies from including a requirement in a solicitation that precludes an offeror from permitting its employees to telecommute or, when telecommuting is not precluded, from unfavorably evaluating an offeror’s proposal that includes telecommuting unless it would adversely affect agency requirements, such as security. Contracting officers awarding service contracts should familiarize themselves with this rule.

Item IV—Section 508 Micropurchase Exemption (FAR Case 2004–020) (Interim)

This interim rule extends from October 1, 2004, to April 1, 2005, the micropurchase exception from the requirement to purchase electronic and information technology that provides individuals with disabilities better access to and use of information and data, as required by Section 508 of the Rehabilitation Act of 1973. The extension will provide agencies time to update their purchase card training modules on the 508 requirements and train their personnel. This rule is of

special interest to contracting officers who purchase electronic and information technology.

Item V—Technical Amendments

Editorial changes are made at FAR 14.403(c), 52.212–5(b)(34)(ii), 52.215–15(b)(2), 52.217–5, and 52.219–4(d)(3) to update various references.

Dated: September 28, 2004.

Ralph J. De Stefano,

Acting Director, Contract Policy Division.
