

supplementary submissions) to the Agency, as outlined above. Though similar in file content, the paper collections held by the EPA contractor in Silver Spring may differ from those maintained by the applicable Regional office.

(3) Records on various isolated electronic systems developed and operated by individual EPA Regional offices under their own initiative for local use. These electronic records are maintained separately from the main central server at RTP, and have been created solely by and for the use of the applicable Regional office.

- *Retrieving*

Records may be retrieved by referencing an individual's name, application ID number, applicant ID number, or program activity.

- *Safeguarding Access*

Physical access to the electronic data system housed within the facility at RTP is controlled by a computerized badge reading system, with the complex patrolled by security during non-business hours. All users are provided a unique user identification (ID) with personal identifiers. All interactions between the system and the authorized individual users are recorded through use of a card reader and tracking database. Paper records stored at the EPA contractor facility in Silver Spring are protected by computerized badge-reading security systems, with files maintained in locked file drawers. Records stored at EPA Regional offices are secured through building security with computerized badge-reading systems.

- *Retaining and Disposing*

EPA will retain and dispose of these records in accordance with the EPA Records Schedule 089 and the National Archives and Records Administration General Records Schedule 23/8. Application records maintained in the system are deleted/destroyed 2 years after the date of the last entry.

**System Manager's Address and Telephone Number:**

LPSOR System Manager, USEPA, Office of Pollution Prevention and Toxics, (7404T), 1200 Pennsylvania Ave., NW., Washington, DC 20460, Attn: Maria J. Doa, Ph.D., Director, National Program Chemicals Division, (202) 566-0500.

**Notification Procedure:**

Requests to determine whether this system of records contains a record pertaining to you must be sent to the LPSOR System Manager, USEPA, Office of Pollution Prevention and Toxics, (7404T), 1200 Pennsylvania Ave., NW.,

Washington, DC 20460. At a minimum, requestors will be required to provide adequate identification (e.g., driver's license, military identification card, employee badge or identification card) and, if necessary, proof of authority. Additional identity verification procedures may be required as warranted. Requests must meet the requirements of EPA regulations at 40 CFR part 16.

**Record Access Procedures:**

Requesters seeking access to this system shall follow the directions described under Notification Procedure and will be sent to the system manager at the address listed above.

**Contesting Records Procedures:**

If you wish to contest a record in the system of records, contact the system manager with the information described under Notification Procedure, identify the specific items you are contesting, and provide a written justification for each item.

**Record Source Categories:**

Information is obtained from individuals, firms, and training provider forms submitted for certification and/or accreditation to perform lead-based paint activities.

**System Exempted from Certain Provisions of the Act:**

None.

**Emergency Clearance: Public Information Collection Requirements Submitted to the Office of Management and Budget (OMB)**

**AGENCY:** Center for Medicare and Medicaid Services, HHS.

In compliance with the requirement of section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995, the Centers for Medicare and Medicaid Services (CMS), Department of Health and Human Services, is publishing the following summary of proposed collections for public comment. Interested persons are invited to send comments regarding this burden estimate or any other aspect of this collection of information, including any of the following subjects: (1) The necessity and utility of the proposed information collection for the proper performance of the agency's functions; (2) the accuracy of the estimated burden; (3) ways to enhance the quality, utility, and clarity of the information to be collected; and (4) the use of automated collection techniques or other forms of information technology to minimize the information collection burden.

We are, however, requesting an emergency review of the information collection referenced below. In compliance with the requirement of section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995, we have submitted to the Office of Management and Budget (OMB) the following requirements for emergency review. We are requesting an emergency review because the collection of this information is needed before the expiration of the normal time limits under OMB's regulations at 5 CFR part 1320. This is necessary to ensure compliance with an initiative of the Administration. We cannot reasonably comply with the normal clearance procedures, because of a possible public harm that will ensue from delay or denial of access to the new Eligibility verification process described in this notice.
