

CONSUMER PRODUCT SAFETY COMMISSION

Proposed Collection; Comment Request—Notification Requirements for Coal and Woodburning Appliances

AGENCY: Consumer Product Safety Commission.

ACTION: Notice.

SUMMARY: The information collection requirements in a Commission coal and woodburning appliance rule have been approved by the Office of Management and Budget (OMB) under OMB control number 3041–0040. As required by the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35), the Consumer Product Safety Commission now requests comments on a proposed extension of approval of those information collection requirements for a period of three years from the date of approval by the OMB.

The rule, codified at 16 CFR part 1406, requires manufacturers and importers of certain coal and woodburning appliances to provide safety information to consumers on labels and instructions and an explanation of how certain clearance distances in those labels and instructions were determined. The requirements to provide copies of labels and instructions to the Commission have been in effect since May 16, 1984. For this reason, the information burden imposed by this rule is limited to manufacturers and importers introducing new products or models, or making changes to labels, instructions, or information previously provided to the Commission. The purposes of the reporting requirements in part 1406 are to reduce risks of injuries from fires associated with the installation, operation, and maintenance of the appliances that are subject to the rule, and to assist the Commission in determining the extent to which manufacturers and importers comply with the requirements in part 1406. The Commission will consider all comments received in response to this notice before requesting approval of this collection of information from the Office of Management and Budget.

DATES: Written comments must be received by the Office of the Secretary not later than September 19, 2005.

ADDRESSES: Written comments should be captioned “Notification Requirements for Coal and Wood Burning Stoves” and mailed to the Office of the Secretary, Consumer Product Safety Commission, Washington, DC 20207, or delivered to that office, room 502, 4330 East-West

Highway, Bethesda, Maryland 20814. Written comments may also be sent to the Office of the Secretary by facsimile at (301) 504–0127 or by e-mail at cpsecos@cpsc.gov.

FOR FURTHER INFORMATION CONTACT: For information about the proposed collection of information call or write Linda L. Glatz, Management and Program Analyst, Office of Planning and Evaluation, Consumer Product Safety Commission, Washington, DC 20207; (301) 504–7671.

SUPPLEMENTARY INFORMATION:

A. Estimated Burden

The Commission staff estimates that there may be up to about 5 firms required to annually submit labeling and other information. The staff further estimates that the average number of hours per respondent is three per year, for a total of about 15 hours of annual burden ($5 \times 3 = 15$).

B. Request for Comments

The Commission solicits written comments from all interested persons about the proposed collection of information. The Commission specifically solicits information relevant to the following topics:

- Whether the collection of information described above is necessary for the proper performance of the Commission’s functions, including whether the information would have practical utility;
- Whether the estimated burden of the proposed collection of information is accurate;
- Whether the quality, utility, and clarity of the information to be collected could be enhanced; and
- Whether the burden imposed by the collection of information could be minimized by use of automated, electronic or other technological collection techniques, or other forms of information technology.

Proposed Collection; Comment Request—Information Collection Requirements for Sound Levels of Toy Caps

AGENCY: Consumer Product Safety Commission.

ACTION: Notice.

SUMMARY: The information collection requirements in a Commission toy cap rule have been approved by the Office of Management and Budget (OMB) under OMB control number 3041–0080. As required by the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35), the Consumer Product Safety Commission now requests comments on a proposed extension of approval of those information collection requirements for a period of three years from the date of approval by the OMB.

A regulation codified at 16 CFR 1500.18(a)(5) bans toy caps producing peak sound levels at or above 138 decibels (dB). Another regulation codified at 16 CFR 1500.86(a)(6) exempts toy caps producing sound levels between 138 and 158 dB from the banning rule if they bear a specified warning label and if firms intending to distribute such caps: (1) Notify the Commission of their intent to distribute such caps; (2) participate in a program to develop toy caps producing sound levels below 138 dB; and (3) report quarterly to the Commission concerning the status of their programs to develop caps with reduced sound levels. The Commission wishes to obtain current and periodically updated information from all manufacturers concerning the status of programs to reduce sound levels of toy caps. The Commission will use this information to monitor industry efforts to reduce the sound levels of toy caps, and to ascertain which firms are currently manufacturing or importing toy caps with peak sound levels between 138 and 158 db.
