ACTION: Notice of New Fee Site.

SUMMARY: The Chattahoochee-Oconee National Forests' Oconee Ranger District will begin charging a \$5.00 daily special recreation permit trail fee at the Town Creek—Roberts Bike Camp Off Highway Vehicle (OHV) trail system. Construction of the site was completed in 2005. This new OHV trailhead replaces an existing trailhead that was moved a quarter mile to protect environmental and archaeological sites. The new trailhead will facilitate continued OHV use on the existing 16 mile loop designated trail system. Funds collected will be used for the continued safe operation and maintenance of the OHV trail system and trailhead.

DATES: Town Creek—Roberts Bike Camp OHV Special Recreation Permit fee would be collected immediately once authorization is approved.

ADDRESSES: Forest Supervisor, Chattahoochee-Oconee National Forests, 1755 Cleveland Highway, Gainesville, GA 30501.

FOR FURTHER INFORMATION CONTACT: Carolyn Hoffmann, Recreation Fee Coordinator, 770–297–3030.

SUPPLEMENTARY INFORMATION: The Federal Recreation Lands Enhancement Act (Title VII, Pub. L. 108–447) directed the Secretary of Agriculture to publish a six month advance notice in the **Federal Register** whenever new recreation fee areas are established. The Chattahoochee-Oconee National Forests' Oconee Ranger District has only one designated OHV trail with two designated trailheads accessing a 16 mile loop trail. A \$5 daily special

recreation permit fee is required for each operator accessing the trail system. Recreation surveys and public involvement have shown that people desire to have this sort of recreation experience on the Oconee Ranger District. Current fee collections and user comments indicate that the current fee is both reasonable and acceptable for this sort of unique recreation experience. Town Creek—Roberts Bike Camp OHV trailhead and trail will offer a 16 mile loop trail experience and accessible facilities such as a vault toilet, loading ramp, designated parking, picnic tables, trash receptacles, bulletin board, and an interpretive board. Reservations are not accepted, use is on a first come, first served basis.

ACTION: Notice of a Finding of No Significant Impact.

SUMMARY: Pursuant to section 102(2)(c) of the National Environmental Policy Act of 1969: the Council of Environmental Quality Regulations (40 CFR part 1500); and the Natural Resources Conservation Service Regulations (7 CFR part 650); the Natural Resources Conservation Service, U.S. Department of Agriculture, gives notice that an environmental impact statement is not being prepared for the Pigeon Roost Watershed, Jackson County, Kentucky.

FOR FURTHER INFORMATION CONTACT: David G. Sawyer, State Conservationist, Natural Resource Conservation Service, 771 Corporate Drive, Suite 210, Lexington, KY 40503-5479, telephone (859)-224-7350.

SUPPLEMENTARY INFORMATION: The recently updated Pigeon Roost Creek Watershed Plan/Environmental

Assessment analyzed the installation of a floodwater retarding structure within the Pigeon Roost Creek Watershed in Jackson County, Kentucky. This project is a federally-assisted action and the completed Watershed Plan/EA has indicated that the project will not cause significant local, regional, or national impacts on the environment. The proposed project is the installation of flood retarding structure #3 (FRS#3) as originally planned and analyzed in the approved 1986 Pigeon Roost Watershed Plan and Environment Assessment.

The Notice of a Finding of No Significant Impact (FONSI) has been forwarded to the Environmental Protection Agency (EPA) and to various local agencies and interested parties. A limited number of copies of the FONSI are available by contacting the above address. Basic data developed during the environmental assessment are on file and may be reviewed by contacting Anita Arends, Resource Conservationist at 859-224-7354 or anita.arends@ky.usda.gov.

Foreign-Trade Zones Board

[Docket No. 64-2005]

Foreign-Trade Zone 93—Raleigh-Durham, NC; Application for Subzone, Merck & Company, Inc. (Pharmaceutical Products), Durham, NC

An application has been submitted to the Foreign-Trade Zones (FTZ) Board (the Board) by the Triangle J Council of Governments, grantee of FTZ 93, requesting special-purpose subzone status for the pharmaceutical manufacturing facility of Merck & Company, Inc. (Merck), located in Durham, North Carolina. The application was submitted pursuant to the Foreign-Trade Zones Act, as

amended (19 U.S.C. 81a-81u), and the regulations of the Board (15 CFR part 400). It was formally filed on December 15, 2005.

The proposed subzone (15 buildings of 639,000 square feet on 262 acres, which includes a possible expansion of 11 buildings totaling 400,000 sq. ft.) is comprised of one site located at 5325 Old Oxford Road, in Durham, North Carolina. The Merck facility is currently under construction and the first phase is scheduled to be completed in May 2006. The plant (200 employees) will manufacture, test, package, and warehouse pharmaceutical products, activities which it is proposing to perform under zone procedures.

Initially, the company is proposing to produce vaccines for the prevention of measles, mumps, and rubella (MMR) and chicken pox under zone procedures at the plant. The applicant notes that material sourced from abroad (human albumin, HTSUS 3002.10.0190—duty-free) may initially represent less than half of the value of the finished products manufactured under the proposed primary scope.

The application also requests authority to include a broad range of inputs and pharmaceutical final products that it may produce under FTZ procedures in the future.
