Geneva Energy, LLC; Notice of Issuance of Order

January 9, 2006.

Geneva Energy LLC (Geneva) filed an application for market-based rate authority, with an accompanying rate tariff. The proposed rate tariff provides for the sales of energy and capacity at market-based rates and for the reassignment of transmission capacity.

On January 9, 2006, pursuant to delegated authority, the Director, Division of Tariffs and Market Development—West, granted the request for blanket approval under part 34. The Commission reserves the right to require a further showing that neither public nor private interests will be adversely affected by continued approval of Nuclear Geneva's issuances of securities or assumptions of liability.
