On June 12, 2006, pursuant to delegated authority, the Director, Division of Tariffs and Market Development—West, granted the request for blanket approval under part 34. The Director’s order also stated that the Commission would publish a separate notice in the Federal Register establishing a period of time for the filing of protests. Accordingly, any person desiring to be heard or to protest the blanket approval of issuances of securities or assumptions of liability by the Receiver should file a motion to intervene or protest with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, in accordance with Rules 211 and 214 of the Commission’s Rules of Practice and Procedure. 18 CFR 385.211, 385.214 (2004).

Notice is hereby given that the deadline for filing motions to intervene or protest is July 12, 2006.

Absent a request to be heard in opposition by the deadline above, the Receiver is authorized to issue securities or assume liabilities for some lawful object within the corporate purposes of the Receiver, compatible with the public interest, and is reasonably necessary or appropriate for such purposes.

The Commission reserves the right to require a further showing that neither public nor private interests will be adversely affected by continued issuance or assumption is for some purposes.

The Commission reserves the right to require a further showing that neither public nor private interests will be adversely affected by continued issuance or assumption is for some purposes. Adequate notice was provided to all interested parties and the public as required by FERC’s regulations.

Take notice that the Commission reserved the right to require a further showing that neither public nor private interests will be adversely affected by continued issuance or assumption is for some purposes. Adequate notice was provided to all interested parties and the public as required by FERC’s regulations.

Description: RockGen OL–1, LLC, and RockGen OL–2, LLC, et al. submit their application for approval and expedited consideration under Section 203 of the Federal Power Act and Part 33 of the Regulations.
