**DEPARTMENT OF ENERGY**

**Privacy Act of 1974; Notice To Amend  
an Existing System of Records**

**AGENCY:** U.S. Department of Energy.

**ACTION:** Notice.

**SUMMARY:** As required by the Privacy Act of 1974, 5 U.S.C. 552a, and the Office of Management and Budget (OMB) Circular A-130, the Department of Energy (DOE) and the National Nuclear Security Administration (herein referred to collectively as "DOE") are publishing notice of a proposed amendment to an existing system of records. DOE proposes to amend the system of records DOE-11 "Emergency Operations Notification Call List." This notice will increase the categories of individuals covered by the Emergency Operations Notification Call List, expand the categories of information to be collected, and ensure that the Emergency Operations Notification Call List is applicable to all DOE facilities and activities.

**DATES:** The proposed amendment to this existing system of records will become effective without further notice on November 19, 2007 unless DOE receives adverse comments and determines that this amendment should not become effective on that date.

**ADDRESSES:** Written comments should be directed to the following address: U.S. Department of Energy, Alan J. Cerrone, Continuity Programs Manager, Office of Emergency Operations, National Nuclear Security Administration, NA-40, 1000 Independence Avenue, SW., Washington, DC 20585.

**FOR FURTHER INFORMATION CONTACT:** Abel Lopez, Director, Freedom of Information Act and Privacy Group, MA-74, U.S. Department of Energy, 1000 Independence Avenue, SW., Washington, DC 20585, (202) 586-5955; Isiah Smith, Deputy Assistant General Counsel for General Law, GC-77, U.S. Department of Energy, 1000 Independence Avenue, SW., Washington DC 20585, (202) 586-5000; David S. Jonas, Office of the General Counsel, National Nuclear Security Administration, NA-3.1, U.S. Department of Energy, 1000 Independence Avenue, SW., Washington DC 20585, (202) 586-5000; and Alan J. Cerrone, Continuity Programs Manager, Office of Emergency Operations, National Nuclear Security Administration, NA-40, 1000 Independence Avenue, SW., Washington, DC 20585, (301) 903-5886.

**SUPPLEMENTARY INFORMATION:** The events of September 11, 2001, and the threat of nuclear terrorism have resulted in an increased impetus for ensuring that such Federal Government emergency response capabilities are ready to respond on short notice. To rapidly and effectively respond, DOE plans to amend its system of records to maintain additional information about emergency response resources.

Since September 11, 2001, DOE's emergency response mission has expanded to include continuity of Government programs. In the case of a terrorist attack, weather related emergency, or accidental release of radiological materials, DOE will be able to use the information in this system of records to locate employees, to notify personnel of the event, to deploy responders, and/or to move operations to an alternate location. DOE also will be able to use the information in this system of records to mobilize personnel. The Homeland Security Act of 2002 delineates DOE's responsibilities for managing the readiness of capabilities and assets that may be called upon to

respond to a nuclear or radiological incident. Homeland Security Presidential Directive-5, (HSPD-5), "Management of Domestic Incidents" mandated the development of an intergovernmental agency National Response Plan (NRP) to direct Federal Government agency capabilities and resources into a coordinated, unified domestic catastrophic incident management and response system. DOE has several responsibilities and functions under the NRP.

The amendment to this system will increase the categories of individuals covered by the Emergency Operations Notification Call List, expand the categories of information to be collected, and ensure that the Emergency Operations Notification Call List is applicable to all DOE facilities and activities.

DOE is submitting the report required by OMB Circular A-130 concurrently with the publication of this notice. The text of this notice contains information required by the Privacy Act, 5 U.S.C. 552a(e)(4).

Issued in Washington, DC, on September 28, 2007.
