NMFS does not believe that each potentially affected organization or individual must necessarily have its own representative, but each sector must be adequately represented. The intent is to have a group that, as a whole, reflects an appropriate and equitable balance and mix of interests given the responsibilities of the AP. Criteria for membership include one or more of the following: (1) experience in the HMS recreational fishing industry; (2) experience in the HMS commercial fishing industry; (3) experience in fishery-related industries (e.g., marinas, bait and tackle shops); (4) experience in the scientific community working with HMS; and/or (5) representation of a private; non-governmental; regional, national, or international organization representing marine fisheries, environmental, governmental, or academic interests dealing with HMS.

Five additional members on the AP include one member representing each of the following Councils: New England Fishery Management Council, the Mid-Atlantic Fishery Management Council, the South Atlantic Fishery Management Council, the Gulf of Mexico Fishery Management Council, and the Caribbean Fishery Management Council. The AP also includes 22 ex-officio participants: 20 representatives of the coastal states and two representatives of the interstate commissions (the Atlantic States Marine Fisheries Commission and the Gulf States Marine Fisheries Commission).

NMFS will provide the necessary administrative support, including technical assistance, for the AP. However, NMFS will not compensate participants with monetary support of any kind. Depending on availability of funds, members may be reimbursed for travel costs related to the AP meetings.

C. Meeting Schedule

Meetings of the AP will be held as frequently as necessary but are routinely

held twice each year in the spring and fall. The meetings may be held in conjunction with public hearings.

SUPPLEMENTARY INFORMATION:

I. Abstract

This collection of information is required by the Trademark Act, 15 U.S.C. 1051 *et seq.*, which provides for the Federal registration of trademarks, service marks, collective trademarks and service marks, collective membership marks, and certification marks. Individuals and businesses that use or intend to use such marks in commerce may file an application to register their marks with the United States Patent and Trademark Office (USPTO).

Such individuals and businesses may also submit various communications to the USPTO, including requests to amend their registrations to delete goods or services that are no longer being used by the registrant. Registered marks remain on the register for ten years and can be renewed, but will be canceled unless the owner files with the USPTO a declaration attesting to the continued use (or excusable non-use) of the mark in commerce within specific deadlines. Applicants may also surrender a registration and in limited situations petition the Director to reinstate a registration that has been cancelled.

The forms in this information collection are available in electronic format through the Trademark Electronic Application System (TEAS),

which may be accessed on the USPTO Web site. The USPTO is proposing to add one form to this collection for Section 7 Requests (PTO-1597). Customers may use a Section 7 Request to request a correction or amendment to the information appearing on the certificate of registration. Requests for changes that would result in a material alteration of the registration are not permitted under Section 7. Applicants may submit the proposed new form to the USPTO electronically through TEAS or submit the required information for the Section 7 Request to the USPTO on paper. The USPTO does not provide official forms for these paper submissions.

II. Method of Collection

By mail, facsimile, hand delivery, or electronic transmission.

III. Data

OMB Number: 0651-0055.

Form Number(s): PTO-1583, PTO/TM/1583, PTO-1597, PTO-1963, PTO-4.16, PTO/TM/4.16.

Type of Review: Revision of a currently approved collection.

Affected Public: Individuals or households; businesses or other for-profits; and not-for-profit institutions.

Estimated Number of Respondents: 133,587 responses per year, including 3,800 responses per year for Section 7 Requests.

Estimated Time per Response: The USPTO estimates that the public will require approximately 20 to 23 minutes (0.33 to 0.38 hours) to supply the information required for a Section 7 Request, depending upon the amount and type of information requested in a particular case.

Estimated Total Annual Respondent Burden Hours: 21,097 hours, including 1,349 hours for Section 7 Requests.

Estimated Total Annual Respondent Cost Burden: \$6,413,488. The USPTO expects that the information in this collection will primarily be prepared by attorneys, though some submissions may be prepared by *pro se* applicants. Using the professional hourly rate of \$304 for associate attorneys in private firms, the USPTO estimates that the respondent cost burden for submitting Section 7 Requests will be \$410,096 per year, which would result in a total annual respondent cost burden of \$6,413,488 for this collection.
