Accordingly, we find that petitioner has not provided sufficient information to warrant initiation of an investigation of this program.

**GOC Provision of Goods for Less than Adequate Remuneration**

2. Provision of Natural Gas and Water to State-Owned Enterprises (SOEs) for Less than Adequate Remuneration

Petitioner alleges that the GOC provides natural gas and water to SOEs and other special industrial sectors at subsidized prices. Petitioner further alleges that end-user prices for natural gas and for water are set by the National Development and Reform Commission, and rarely reflect the true market price of these commodities. For purposes of this investigation, we find that petitioner has not sufficiently alleged the elements necessary for a less than adequate remuneration subsidy, as identified in 19 CFR 351.511. Petitioner has not provided sufficient information demonstrating that the GOC has provided natural gas and water for less than adequate remuneration and that this program is specific. Accordingly, we find that petitioner has not provided sufficient information to warrant initiation of an investigation of these programs.

**GOC Indirect Tax Program and Import Tariff Program**

3. VAT Exemptions on Exports

Petitioner alleges that the GOC enterprises are exempted from paying import tariffs and VAT payments on imported equipment provided that these goods are not for resale. Petitioner notes that in certain cases, a full 17–percent VAT exemption will apply upon export. Petitioner states that the program, by definition, is conditioned upon export performance, and therefore, is an export subsidy. Petitioner further alleges that this is a prohibited export subsidy if the exemption or reduction of indirect taxes on the exported product exceeds the indirect taxes levied on the inputs into the exported product. We find that Petitioner has not sufficiently alleged the elements necessary for the imposition of a countervailing duty and did not support the allegation with reasonably available information. Therefore, we are not initiating an investigation of this program.

**Application of the Countervailing Duty Law to the PRC**

The Department has treated the PRC as a non–market economy (NME) country in all past antidumping investigations and administrative reviews. In accordance with section 771(18)(C)(i) of the Act, any determination that a country is an NME country shall remain in effect until revoked by the administering authority. See e.g., Tapered Roller Bearings and Parts Thereof, Finished and Unfinished, (TRBs) From the People’s Republic of China: Preliminary Results of 2001–2002 Administrative Review and Partial Rescission of Review, 68 FR 7500, 7500–1 (February 14, 2003), unchanged in TRBs from the People’s Republic of China: Final Results of 2001–2001 Administrative Review, 68 FR 70488, 70488–89 (December 18, 2003).

In the final affirmative countervailing duty determination on coated free sheet paper from the PRC, the Department determined that the current nature of the PRC economy does not create obstacles to applying the necessary criteria in the countervailing duty law. See Coated Free Sheet Paper from the People’s Republic of China: Final Affirmative Countervailing Duty Determination, 72 FR 60645 (October 25, 2007), and the accompanying Issues and Decision Memorandum, at Comment 1. Therefore, because petitioner has provided sufficient allegations and support of its allegations to meet the statutory criteria for initiating a countervailing duty investigation of sodium nitrite from the PRC, initiation of a countervailing duty investigation is warranted in this case.

**Respondent Selection**

For this investigation, the Department expects to select respondents based on U.S. Customs and Border Protection (CBP) data for U.S. imports during the POI. We intend to make our decision regarding respondent selection within 20 days of publication of this Federal Register notice. The Department invites comments regarding the CBP data and respondent selection within seven calendar days of publication of this Federal Register notice.

**Distribution of Copies of the Petition**

In accordance with section 702(b)(4)(A)(i) of the Act, a copy of the public version of the petition has been provided to the GOC. To the extent practicable, we will attempt to provide a copy of the public version of the petition to each exporter named in the petition, as provided under 19 CFR 351.203(c)(2).

**ITC Notification**

We have notified the ITC of our initiation, as required by section 702(d) of the Act.

**Preliminary Determination by the ITC**

The ITC will preliminarily determine, within 25 days after the date on which it receives notice of this initiation, whether there is a reasonable indication that imports of subsidized sodium nitrite from the PRC are materially injuring, or threatening material injury to, a U.S. industry. See section 703(a)(2) of the Act. A negative ITC determination will result in the investigation being terminated; otherwise, the investigation will proceed according to statutory and regulatory time limits.

This notice is issued and published pursuant to section 777(i) of the Act.

David M. Spooner, Assistant Secretary for Import Administration.

DEPARTMENT OF EDUCATION

Notice of Proposed Information Collection Requests

AGENCY: Department of Education.
SUMMARY: The IC Clearance Official, Regulatory Information Management Services, Office of Management, invites comments on the proposed information collection requests as required by the Paperwork Reduction Act of 1995.
DATES: Interested persons are invited to submit comments on or before February 4, 2008.

SUPPLEMENTARY INFORMATION: Section 3506 of the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35) requires that the Office of Management and Budget (OMB) provide interested Federal agencies and the public an early opportunity to comment on information collection requests. OMB may amend or waive the requirement for public consultation to the extent that public participation in the approval process would defeat the purpose of the information collection, violate State or Federal law, or substantially interfere with any agency’s ability to perform its statutory obligations. The IC Clearance Official, Regulatory Information Management Services, Office of Management, publishes that notice containing proposed information collection requests prior to submission of these requests to OMB. Each proposed information collection, grouped by office, contains the following: (1) Type of review requested, e.g. new, revision, extension, existing or reinstatement; (2) Title; (3) Summary of the collection; (4) Description of the need for, and proposed use of, the information; (5) Respondents and frequency of collection; and (6) Reporting and/or Recordkeeping burden. OMB invites public comment.

The Department of Education is especially interested in public comment addressing the following issues: (1) Is this collection necessary to the proper functions of the Department; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the Department enhance the quality, utility, and clarity of the information to be collected; and (5) how might the Department minimize the burden of this collection on the respondents, including through the use of information technology.

Angela C. Arrington,
IC Clearance Official, Regulatory Information Management Services, Office of Management.

Office of Special Education and Rehabilitative Services

Type of Review: Extension.
Title: Protection and Advocacy for Assistive Technology (PAAT).
Frequency: Annually.
Affected Public: Not-for-profit institutions; State, Local, or Tribal Gov’t, SEAs or LEAs.
Abstract: The Annual PAAT Program Performance Report will be used to analyze and evaluate the PAAT Program administered by eligible systems in states. These systems provide services to eligible individuals with disabilities to assist in the acquisition, utilization, or maintenance of assistive technology devices or assistive technology services. The Rehabilitation Services Administration (RSA) uses the form to meet specific data collection requirements of Section 5 of the Assistive Technology Act of 1998, as amended (AT Act). PAAT programs must report annually using the form, which is due on or before December 30 of each year. The Annual PAAT Performance Report has enabled RSA to furnish the President and Congress with data on the provision of protection and advocacy services and has helped to establish a sound basis for future funding requests. Data from the form have been used to evaluate the effectiveness of eligible systems within individual states in meeting annual priorities and objectives. These data also have been used to indicate trends in the provision of services from year to year.
