We determine that the total net countervailing subsidy rate for U&A is 0.20 percent ad valorem for the period January 1, 2006, through December 31, 2006, which is de minimis pursuant to 19 CFR 351.106(c)(1). The calculations will be disclosed to the interested parties in accordance with 19 CFR 351.224(b).

**Assessment Rates**

Because the countervailing duty rate for U&A is de minimis, we will instruct U.S. Customs and Border Protection (“CBP”) to liquidate entries for U&A during the period January 1, 2006, through December 31, 2006, without regard to countervailing duties in accordance with 19 CFR 351.106(c). The Department will issue appropriate instructions directly to CBP 15 days after publication of these final results of this review.

**Cash Deposits**

Since the countervailable subsidy rate for U&A is zero, the Department will instruct CBP to continue to suspend liquidation of entries, but to collect no cash deposits of estimated countervailing duties for U&A on all shipments of the subject merchandise that are entered, or withdrawn from warehouse, for consumption on or after the date of publication of the final results of this administrative review.

For all non-reviewed firms, we will instruct CBP to collect cash deposits of estimated countervailing duties at the others rate applicable to the company.

We determine that the total net countervailing subsidy rate for U&A is 0.20 percent ad valorem for the period January 1, 2006, through December 31, 2006, which is de minimis pursuant to 19 CFR 351.106(c)(1). The calculations will be disclosed to the interested parties in accordance with 19 CFR 351.224(b).

**High and Ultra–High Voltage Ceramic Station Post Insulators from Japan: Final Results of Sunset Review and Revocation of Order**

**AGENCY:** Import Administration, International Trade Administration, Department of Commerce.

**SUMMARY:** On November 3, 2008, the Department of Commerce (Department) initiated the sunset review of the antidumping duty order on high and ultra–high voltage ceramic station post insulators from Japan. Because the domestic interested parties did not participate in this sunset review, the Department is revoking this antidumping duty order.

**EFFECTIVE DATE:** December 30, 2008

**FOR FURTHER INFORMATION CONTACT:** Elizabeth Eastwood, AD/CVD Operations, Office 2, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street & Constitution Avenue, NW, Washington, DC 20230; telephone: (202) 482–3874.

**SUPPLEMENTARY INFORMATION:**

**Background**

On December 30, 2003, the Department issued an antidumping duty order on high and ultra–high voltage ceramic station post insulators from Japan. See Notice of Antidumping Duty Order: High and Ultra–High Voltage Ceramic Station Post Insulators from Japan, 68 FR 75211 (Dec. 30, 2003). On November 3, 2008, the Department initiated a Sunset review of this order. See Notice of Sunset Review and Revocation of Order: High and Ultra–High Voltage Ceramic Station Post Insulators from Japan, 73 FR 75675 (Dec. 30, 2008). We did not receive a notice of intent to participate from domestic interested parties in this sunset review by the deadline date. As a result, in accordance with 19 CFR 351.218(d)(1)(iii)(A), the Department determined that no domestic interested party intends to participate in the sunset review, and on November 30, 2008, we notified the International Trade Commission, in writing, that we intended to issue a final determination revoking this antidumping duty order. See 19 CFR 351.218(d)(1)(iii)(B)(2).

**Scope of the Order**

The scope of this order covers station post insulators manufactured of porcelain, of standard strength, high strength, or extra–high strength, solid core or cavity core, single unit or stacked unit, assembled or unassembled, and with or without hardware attached, rated at 115 kilovolts (kV) voltage class and above (550 kV Basic Impulse Insulation Level and above), including, but not limited to, those manufactured to meet the following American National Standards Institute, Inc. standard class specifications: T.R.-286, T.R.-287, T.R.-288, T.R.-289, T.R.-291, T.R.-295, T.R.-304, T.R.-308, T.R.-312, T.R.-316, T.R.-362 and T.R.-391.

Subject merchandise is classifiable under subheading 8546.20.0000 of the Harmonized Tariff Schedule of the United States (HTSUS). While the HTSUS subheading is provided for convenience and customs purposes, the written description above remains dispositive as to the scope of this order.

**Determination to Revoke**

Pursuant to section 751(c)(3)(A) of the Tariff Act of 1930, as amended (the Act), and 19 CFR 351.218(d)(1)(iii)(B)(3), if no domestic interested party files a notice of intent to participate, the Department shall, within 90 days after the initiation of the review, issue a final determination revoking the order.

Because the domestic interested parties did not file a notice of intent to participate in this sunset review, the Department finds that no domestic interested party is participating in this sunset review. Therefore, consistent with 19 CFR 351.222(i)(1)(i) and section 751(c)(3) of the Act, we are revoking this antidumping duty order. The effective date of revocation is December 30, 2008.

SUPPLEMENTARY INFORMATION: Section 702 of the Trade Agreements Act of 1979 (as amended) ("the Act") requires the Department of Commerce ("the Department") to determine, in consultation with the Secretary of Agriculture, whether any foreign government is providing a subsidy with respect to any article of cheese subject to an in–quota rate of duty, as defined in section 702(h) of the Act, and to publish an annual list and quarterly updates to the type and amount of those subsidies. We hereby provide the Department’s quarterly update of subsidies on articles of cheese that were imported during the period April 1, 2008 through June 30, 2008.  
The Department has developed, in consultation with the Secretary of Agriculture, information on subsidies (as defined in section 702(h) of the Act) being provided either directly or indirectly by foreign governments on articles of cheese subject to an in–quota rate of duty.  
The appendix to this notice lists the country, the subsidy program or programs, and the gross and net amounts of each subsidy for which information is currently available. The Department will incorporate additional programs which are found to constitute subsidies, and additional information on the subsidy programs listed, as the information is developed.  
The Department encourages any person having information on foreign government subsidy programs which benefit articles of cheese subject to an in–quota rate of duty to submit such information in writing to the Assistant Secretary for Import Administration, U.S. Department of Commerce, 14th Street and Constitution Ave., NW, Washington, DC 20230.
