

hourly average of 71 scheduled operations. In reaching and maintaining this level, the FAA will retire Operating Authorizations in the order in which the air carriers' commitments to reduce service are received and will notify an air carrier if any Operating Authorization that it is voluntarily offering to relinquish could be subject to reallocation. The FAA also notes that paragraphs A.6 and A.7 of the ordering paragraphs related to minimum usage requirements and the associated reallocation principles continue to apply to all Operating Authorizations that are not surrendered to the FAA and retired.

In order to receive credit for the voluntary reduction in the future, an air carrier must present its offer to reduce scheduled service at LaGuardia no later than February 2, 2009. If an air carrier wishes to offer a voluntary reduction in scheduled service at LaGuardia, an authorized representative of the carrier must contact the individual identified in the **FOR FURTHER INFORMATION CONTACT** section of this document. In addition, air carriers must return all voluntarily surrendered Operating Authorizations to the FAA no later than May 31, 2009.

Accordingly, paragraph A.1 of the FAA's December 27, 2006 order limiting operations at LaGuardia, as previously amended, is amended as follows:

1. The final Order governs scheduled arrivals and departures, except helicopters, at LaGuardia from 6 a.m. through 9:59 p.m., Eastern Time, Monday through Friday, and from 12 noon through 9:59 p.m., Eastern Time, Sunday. Seventy-one (71) Operating Authorizations are available per hour and will be assigned by the FAA on a 30-minute basis. The FAA will permit additional, existing operations above this threshold; however, the FAA will retire Operating Authorizations that are surrendered to the FAA, withdrawn for non-use, or unassigned during each affected hour until the number of Operating Authorizations in that hour reaches seventy-one (71).

Issued in Washington, DC, on January 12, 2009.

Chief Counsel, Federal Aviation Administration.
