SUPPLEMENTARY INFORMATION:  
I. Background  
The criteria for Medicare coverage of inpatient hospital rehabilitation services set forth in HCFA Ruling 85–2 (HCFA–85–2) were developed more than 25 years ago, and were designed to provide coverage criteria for a small subset of providers furnishing intensive and complex therapy services in a fee-for-service environment to a small segment of patients whose rehabilitation needs could only be safely furnished at a hospital level of care. In the final rule implementing the Inpatient Rehabilitation Facility Prospective Payment System for Federal FY 2010, published August 7, 2009 in the Federal Register (74 FR 39762), we adopted inpatient rehabilitation facility (IRF) coverage requirements and technical revisions to certain other IRF requirements to reflect the changes that have occurred in medical practice during the past 25 years. The new IRF coverage requirements adopted in the final rule are effective for IRF discharges occurring on or after January 1, 2010. As discussed in the final rule (74 FR 39762, at 39797), we anticipate that these new coverage requirements will be further interpreted by new manual provisions in Chapter 1, Section 110 of the Medicare Benefit Policy Manual that will also go into effect on January 1, 2010. Thus, HCFA 85–2 (and the current manual provisions, rev. 1, effective October 1, 2003) will continue to apply for all IRF discharges that occur prior to January 1, 2010.
