

necessary to meet requirements of the Help America Vote Act (HAVA) of 2002 (42 U.S.C. 15301). This data collection effort is authorized under the Help America Vote Act (HAVA). Section 202 of HAVA requires EAC to serve as a national clearinghouse and resource for the compilation of information and review of procedures with respect to the administration of Federal elections. Section 202(3) authorizes EAC to conduct studies and to carry out other duties and activities to promote the effective administration of Federal elections. Since 2004, the EAC has issued guidance on various topics to assist State and local election officials in managing and administering elections. This guidance includes a number of management guidelines, best practices, and other related reports. The specific products to be evaluated include: Effective Designs for the Administration of Federal Elections (Ballot Designs); Successful Practices—Poll Worker Recruitment, Training, and Retention; A Guidebook to Recruiting College Poll Workers; State Poll Worker Requirements Compendium; Election Management Guidelines; Quick Start Guides; Election Terminology Glossaries in Six Languages; and A Voter's Guide to Federal Elections. The Evaluation Contractor will conduct an evaluation of the effectiveness, use, and overall satisfaction with the aforementioned products by State and local election officials. The results of the evaluation will be used internally as a decision-making tool to guide the EAC's determination about future updates and reprints of these work products. The evaluation will include the use of surveys and focus groups.

There is one online survey for local election officials and one online survey for State election officials. Each survey is estimated to take 40 minutes to complete.
