**Order Relating to Hailin Lin**

The Bureau of Industry and Security, U.S. Department of Commerce ("BIS") has initiated an administrative proceeding against Hailin Lin ("Lin") pursuant to Section 766.3 of the Export Administration Regulations (the "Regulations").

Specifically, the charges are:

**Charge 1:** 15 CFR 764.2(d)—Conspiring To Export Electronic Components to the Republic of China Without the Required Licenses

Between on or about March 16, 1992 and on or about September 30, 2004, Lin conspired with others, known and unknown, to bring about acts that violated the Regulations. The object of the conspiracy was to export electronic components from the United States to the People’s Republic of China (PRC) in violation of U.S. export control laws.

**Charge 2–56:** 15 CFR 764.2(b)—Causing an Export Without the Required License

Between on or about January 28, 2002 through on or about September 30, 2004, Lin caused 55 acts prohibited by the Regulations. Specifically, Lin caused 55 exports of items controlled under ECCNs 3A001 and 3A002 to the PRC without the licenses required by Section 742.2 of the Regulations. These exports were committed in furtherance of and as a reasonably foreseeable consequence of the conspiracy described in Charge One above. In so doing, Lin committed 55 violations of Section 764.2(b) of the Regulations.

**Charge 57–111:** 15 CFR 764.2(e)—Acting With Knowledge of a Violation

In connection with each of the transactions described in Charges 2 through 56 above, on 55 occasions between on or about January 28, 2002 through on or about September 30, 2004, Lin bought, sold, and/or transferred electronic components subject to the Regulations to be exported from the United States with knowledge that a violation of the Regulations was about to occur or was intended to occur in connection with the components. Specifically, at the time that the electronic components were bought, sold and/or transferred, all of which were done as a reasonably foreseeable consequence of the conspiracy described in Charge One above, Lin knew or had reason to know that the export of the items required an export license but that an export license would not be obtained. In so doing, Lin committed 55 violations of Section 764.2(e) of the Regulations.

**Charges 112–12415:** CFR 764.2(h)—Taking Action With Intent To Evade the Regulations

In connection with certain transactions described above, on thirteen occasions between on or about April 5, 2004 through on or about September 30, 2004, Lin took actions with intent to evade the provisions of the Regulations. Specifically, in connection with the preparation of export control documents, Lin made false statements and conceal material facts by representing on shipping invoices that the value of thirteen different shipments was less than $2500. This was done so that Shipper’s Export Declarations, which are filed with the U.S. Government and which must contain information about export license requirements, would not be requested for the exports. In so doing, Lin committed 13 violations of Section 764.2(h) of the Regulations.

**Whereas,** BIS and Lin have entered into a Settlement Agreement pursuant to Section 766.18(b) of the Regulations whereby they agreed to settle this matter.
