Change**
1. Purpose

NYSE Arca proposes to identify the next 75 options classes to be added to the Penny Pilot effective February 1, 2010. The Exchange recently received approval to extend and expand the Pilot through December 31, 2010.³ In that filing, the Exchange had proposed expanding the Pilot on a quarterly basis to add the next 75 most actively traded multiply listed options classes based on national average daily volume for the six months prior to selection, closing under \$200 per share on the Expiration Friday prior to expansion, except that the month immediately preceding their addition to the Penny Pilot will not be used for the purpose of the six month analysis.⁴

NYSE Arca proposes adding the following 75 options classes to the Penny Pilot on February 1, 2010, based on national average daily volume from July 1, 2009 through December 31, 2009:

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

No written comments were solicited or received with respect to the proposed rule change.
