The U.S. Nuclear Regulatory Commission (NRC) is soliciting input on topics for discussion at a proposed June 23–24, 2010, public meeting entitled, “Spent Fuel Storage and Transportation Licensing Conference.” The purpose of the proposed Conference is to discuss areas of improvement for spent fuel storage and transportation licensing activities conducted under 10 CFR part 71 and 10 CFR part 72. This solicitation will provide potential discussion topics on opportunities to improve interactions between staff and industry that could be more effective and efficient. Conference participants will be encouraged to interact with the NRC staff and with colleagues to discuss insights on the potential topics for discussion.

DATES: The solicitation period expires on May 14, 2010. The NRC will consider topics for discussion received after this date if it is practical to do so, but is able to ensure consideration of only those topics received on or before this date.

ADDRESSES: You may submit proposed topics for discussion by mail or fax. Topics for discussion submitted in writing will be posted on the NRC Web site. Because the topics for discussion will not be edited to remove any identifying or contact information, the NRC cautions you against including any identifying or contact information, the Commission estimates that broker or dealer) to notify the bank if the agreement between the bank and the broker or dealer (as part of a written notification agreement) has submitted to the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 et seq.), the Securities and Exchange Commission ("Commission") has submitted to the Office of Management and Budget a request for approval of extension of the collection of information provided for Regulation R, Rule 701 (17 CFR 247.701) under the Securities Exchange Act of 1934 (15 U.S.C. 78a et seq.) ("Exchange Act").

Regulation R, Rule 701 requires a broker or dealer (as part of a written agreement between the bank and the broker or dealer) to notify the bank if the broker or dealer makes certain determinations regarding the financial status of the customer, a bank employee’s statutory disqualification status, and compliance with suitability or sophistication standards.

The Commission estimates that broker or dealers would, on average, notify 1,000 banks approximately two times annually about a determination regarding a customer’s high net worth or institutional status or suitability or sophistication standing as well as a bank employee’s statutory disqualification status. Based on these estimates, the Commission anticipates that Regulation R, Rule 701 would result in brokers or dealers making approximately 2,000 notices to banks per year. The Commission further estimates (based on the level of difficulty and complexity of the applicable activities) that a broker or dealer would spend approximately 15 minutes per notice to a bank. Therefore, the estimated total annual reporting and recordkeeping burden for the

Dated at Rockville, Maryland, this 18th day of February, 2010. For the Nuclear Regulatory Commission.

Eric Benner,
Chief, Licensing Branch, Division of Spent Fuel Storage and Transportation, Office of Nuclear Material Safety and Safeguards.
