1. Internet: We strongly recommend this method for submitting your comments. Visit the Federal eRulemaking portal at http://www.regulations.gov. Use the Search function of the webpage to find docket number SSA–2008–0041, then submit your comment. Once you submit your comment, the system will issue you a tracking number to confirm your submission. You will not be able to view your comment immediately as we must manually post each comment. It may take up to a week for your comment to be viewable.

2. Fax: Fax comments to (410) 966–2830.

3. Mail: Address your comments to the Office of Regulations, Social Security Administration, 137 Altmyer Building, 6401 Security Boulevard, Baltimore, MD 21235–6401. Comments are available for public viewing on the Federal eRulemaking portal at http://www.regulations.gov or in person, during regular business hours, by arranging with the contact person identified below.

FOR FURTHER INFORMATION CONTACT:
Nancy Schoenberg, Office of Compassionate Allowances and Disability Outreach, Social Security Administration, 4692 Annex, 6401 Security Boulevard, Baltimore, MD 21235–6401, (410) 966–9408, for information about this notice. For information on eligibility or filing for benefits, call our national toll-free number, 1–800–772–1213 or TTY 1–21235–6401, or visit our Internet site, Social Security Online at http://www.socialsecurity.gov.

SUPPLEMENTARY INFORMATION:
Electronic Version

The electronic file of this document is available on the date of publication in the Federal Register at http://www.gpoaccess.gov/fr/index.html.

What Do Our Current Rules Provide?
Under our current rules, a State agency disability examiner and a State agency medical or psychological consultant generally work together to make disability determinations at the first two levels of the administrative review process for adjudicating disability claims under titles II and XVI of the Act. The members of the team are jointly responsible for the determination. A State agency disability examiner can make the disability determination alone only when there is no medical evidence to evaluate and the claimant fails or refuses, without a good reason, to go to a consultative examination.

Although we evaluate all disability claims using the same criteria, we have developed two methods for expediting certain claims where there is a high probability that we will find the claimant disabled. In the QDD process, we use a computer-based predictive model to analyze specific elements of data in electronic claim files. The predictive model identifies claims in which there is a high potential that the claimant is disabled and in which we can quickly and easily obtain evidence supporting the claimant’s allegations.

In the compassionate allowance initiative, we use a list of conditions to quickly identify diseases and other medical conditions that invariably qualify under the Listing of Impairments.
What Changes Are We Proposing, and Why?

We propose to redesignate current §§ 404.1615(c)(3) and 416.1015(c)(3) as (c)(4) and to add new paragraph (c)(3) to allow disability examiners to make fully favorable determinations under our QDD process only when there were no impairments that meet or medically equal a listing at step 3. We also propose revisions to §§ 404.1520(a)(4) and 416.920(a)(4) to allow State agency disability examiners to consult with a medical or psychological consultant before they make a fully favorable determination based on medical equivalence to a listing at step 3 or based on a finding of inability to do other work at step 3 of our sequential evaluation process. Our current rules require adjudicators to consider the opinion of one or more medical or psychological consultants when they determine whether an impairment(s) medically equals a listing at step 3. Further, in order to make a fully favorable determination at step 5, adjudicators must first determine that a claimant does not have an impairment(s) that meets or medically equals a listing; therefore, they will have had to consult with a medical or psychological consultant to determine that there were no impairments that medically equaled a listing. Regardless of whether the State agency disability examiner chooses to consult with a State agency medical or psychological consultant or is required to do so, the disability examiner would be solely responsible for the determination under the proposed rules.

What Other Changes Are We Proposing?

The change we are proposing would apply only to claims adjudicated under the QDD process or the compassionate allowance initiative. Our current regulations explain the QDD process, but not the compassionate allowance initiative. Therefore, we propose to add a short definition of compassionate allowance in §§ 404.1602 and 416.1002, the sections of subpart Q of part 404 and subpart J of part 416 that provide definitions of terms. We also propose a number of conforming changes throughout subparts P and Q of part 404 and subparts I and J of part 416 of our regulations to reflect the provisions in proposed new §§ 404.1615(c)(3) and 416.1015(c)(3). For example, we propose revisions to §§ 404.1546 and 416.946 to recognize that it would be possible in some cases for a State agency disability examiner to be responsible for assessing a claimant’s residual functional capacity. We also propose revisions to §§ 404.1512, 404.1527, 416.912, and 416.927 to account for situations in which State agency disability examiners would weigh State agency medical or psychological consultant input as opinion evidence; these rules are similar to the rules we already have for the terminals at the Appeals Council (when the Appeals Council makes a decision). We show all of the proposed changes in the proposed rules section following this preamble.

While the QDD process applies only to the initial level of the administrative review process under §§ 404.1602 and 416.1002 of our regulations, these proposed rules include provisions that apply to both the initial and reconsideration levels. We have two references to the Social Security Act, § 1614(a)(3)(A) of the Act and §§ 409.303(f) and 416.1015(e) of our regulations.
major reasons for including references to the reconsideration level:

- The compassionate allowance initiative is not limited to the initial level of administrative review; and,
- Any claimant who is dissatisfied with our determination—even a determination that is fully favorable—may request a reconsideration.14

Finally, we are proposing minor editorial changes to several rules to recognize that State agency medical consultants are not always physicians. These changes would conform these rules to the provisions of §§404.1616 and 416.1016 of our current rules. We also would correct a grammatical error in §§404.1619(b)(2) and 416.1019(b)(2) and make other minor editorial changes throughout the proposed rules.

**Clarity of These Proposed Rules**

Executive Order 12866 requires each agency to write all rules in plain language. In addition to your substantive comments on these proposed rules, we invite your comments on how to make them easier to understand.

For example:
- Have we organized the material to suit your needs?
- Are the requirements in the rules clearly stated?
- Do the rules contain technical language or jargon that isn’t clear?
- Would a different format (grouping and order of sections, use of headings, paragraphing) make the rules easier to understand?
- Would more (but shorter) sections be better?
- Could we improve clarity by adding tables, lists, or diagrams?
- What else could we do to make the rules easier to understand?

**What Is Our Authority To Make Rules And Set Procedures For Determining Whether A Person Is Disabled Under The Statutory Definition?**

Under the Act, we have full power and authority to make rules and regulations and to establish necessary and appropriate procedures to carry out the provisions of the Act. Sections 205(a), 702(a)(5), and 1631(d)(1). In addition, we have the power to promulgate regulations that establish the procedures State agencies must follow when performing the disability determination function for us. Sections 221(a)(2) and 1633.

**When Will We Start To Use These Rules?**

We will not use these rules until we evaluate public comments and publish final rules in the Federal Register. All final rules we issue include an effective date. We will continue to use our current rules until that date. If we publish final rules, we will include a summary of the significant comments we received, along with responses and an explanation of how we will apply the new rules.

**Regulatory Procedures**

**Executive Order 12866**

We have consulted with the Office of Management and Budget (OMB) and determined that these proposed rules meet the criteria for a significant regulatory action under Executive Order 12866. Thus, they were subject to OMB review.

The Office of the Chief Actuary provided two estimates of the effects of the proposed rule change, due to uncertainty over the extent to which the predictive models underlying the QDD process and the compassionate allowance initiative are expanded. The first estimate assumes the percent of cases designated QDD or compassionate allowance remains at the current level (3.8%). The second estimate assumes that we will adjudicate 6% of all cases under the QDD or compassionate allowance models by the end of FY 2012. The following table presents the year-by-year estimates of the effect of the proposed change on OASDI benefit payments and Federal SSI payments for the fiscal year period 2010–19 under these two sets of assumptions. All estimates are based on the assumptions underlying the President’s FY 2010 Budget, assuming the proposed changes become effective July 1, 2010. The estimates reflect projected costs should the changes be extended through 2019.

**TABLE 1—ESTIMATED INCREASES IN OASDI BENEFITS AND FEDERAL SSI PAYMENTS RETAIN QDD AND COMPASSIONATE ALLOWANCE AT 3.8% OF ALL INITIAL RECEIPTS—Continued**

*Increase in OASDI benefit payments or Federal SSI payments of less than $500,000. (Totals may not equal the sum of components due to rounding.)

**Regulatory Flexibility Act**

We certify that these proposed rules, if published in final, would not have a significant economic impact on a substantial number of small entities as they affect only States and individuals. Therefore, a regulatory flexibility analysis as provided in the Regulatory Flexibility Act, as amended, is not required.

**Paperwork Reduction Act**

This rule does not create any new, or affect any existing, collections and, therefore, does not require Office of Management and Budget approval under the Paperwork Reduction Act.

List of Subjects
20 CFR Part 404
Administrative practice and procedure, Blind, Disability benefits, Old-age, Survivors and Disability Insurance, Reporting and recordkeeping requirements, Social Security.

20 CFR Part 416
Administrative practice and procedure, Reporting and recordkeeping requirements, Supplemental Security Income (SSI).

Michael J. Astrue,
Commissioner of Social Security.

For the reasons set out in the preamble, we propose to amend subparts P and Q of part 404 and subparts I and J of part 416 of chapter III of title 20 of the Code of Federal Regulations as set forth below:

PART 404—FEDERAL OLD-AGE, SURVIVORS AND DISABILITY INSURANCE (1950– )

Subpart P—[Amended]

1. The authority citation for subpart P of part 404 continues to read as follows:

Authority: Secs. 202, 205(a), (b), and (d)–(h), 216(i), 221(a) and (i), 222(c), 223, 225, and 702(a)(5) of the Social Security Act (42 U.S.C. 402, 405(a), (b), and (d)–(h), 416(i), 421(a) and (i), 422(c), 423, 425, and 902(a)(5)); sec. 211(b), Pub. L. 104–193, 110 Stat. 2105, 2189; sec. 202, Pub. L. 108–203, 118 Stat. 509 (42 U.S.C. 902 note).

2. Amend §404.1512 by removing the word “and” from the end of paragraph (b)(5), redesignating paragraph (b)(6) as paragraph (b)(8) and revising newly redesignated paragraph (b)(8), and adding new paragraphs (b)(6) and (b)(7) to read as follows:

§404.1512 Evidence.

(b) * * * * *

(6) At the initial level of the administrative review process, when a State agency disability examiner makes the initial determination alone (see §404.1615(c)(3)), opinions provided by State agency medical and psychological consultants based on their review of the evidence in your case record (see §404.1527(f)(1)(iii));

(7) At the reconsideration level of the administrative review process, when a State agency disability examiner makes the determination alone (see §404.1615(c)(3)), findings, other than the ultimate determination about whether you are disabled, made by State agency medical or psychological consultants and other program physicians, psychologists, or other medical specialists at the initial level of the administrative review process, and other opinions they provide based on their review of the evidence in your case record at the initial and reconsideration levels (see §404.1527(f)(1)(iii)); and

(8) At the administrative law judge and Appeals Council levels (including the administrative law judge and Decision Review Board levels in claims adjudicated under the procedures in part 405 of this chapter), findings, other than the ultimate determination about whether you are disabled, made by State agency medical or psychological consultants and other program physicians or psychologists, or other medical specialists, and opinions expressed by medical experts or psychological experts that we consult based on their review of the evidence in your case record. See §404.1527(f)(2)–(3).

* * * * *

3. Amend §404.1527 by revising paragraphs (f)(1), and (f)(2)(i) and (f)(2)(ii) to read as follows:

§404.1527 Evaluating opinion evidence.

(f) * * * * *

(1) In claims adjudicated by the State agency, a State agency medical or psychological consultant (or a medical or psychological expert (as defined in §405.5 of this chapter) in claims adjudicated under the procedures in part 405 of this chapter) may make the determination of disability together with a State agency disability examiner or provide one or more medical opinions to a State agency disability examiner when the disability examiner makes the initial or reconsideration determination alone (see §404.1615(c)). The following rules apply:

(i) When a State agency medical or psychological consultant makes the determination together with a State agency disability examiner at the initial or reconsideration level of the administrative review process as provided in §404.1615(c)(1), he or she will consider the evidence in your case record and make findings of fact about the medical issues, including, but not limited to, the existence and severity of your impairment(s), the existence and severity of your symptoms, whether your impairment(s) meets or medically equals the requirements for any impairment listed in appendix 1 to this subpart, and your residual functional capacity. These administrative findings of fact are based on the evidence in your case but are not in themselves evidence at the level of the administrative review process at which they are made.

(ii) When a State agency disability examiner makes the initial determination alone as provided in §404.1615(c)(3), he or she may obtain the opinion of a State agency medical or psychological consultant about one or more of the medical issues listed in paragraph (f)(1)(i) of this section. In these cases, the State agency disability examiner will consider the opinion of the State agency medical or psychological consultant as opinion evidence and weigh this evidence using the relevant factors in paragraphs (a) through (e) of this section.

(iii) When a State agency disability examiner makes a reconsideration determination alone as provided in §404.1615(c)(3), he or she will consider findings made by a State agency medical or psychological consultant at the initial level of the administrative review process and any opinions provided by such consultants at the initial and reconsideration levels as opinion evidence and weigh this evidence using the relevant factors in paragraphs (a) through (e) of this section.

(2) * * *

(i) Administrative law judges are not bound by any findings made by State agency medical or psychological consultants, or other program physicians or psychologists. State agency medical and psychological consultants and other program physicians, psychologists, and other medical specialists are highly qualified physicians, psychologists, and other medical specialists who are also experts in Social Security disability evaluation. Therefore, administrative law judges must consider findings and other opinions of State agency medical and psychological consultants and other program physicians, psychologists, and other medical specialists as opinion evidence, except for the ultimate determination about whether you are disabled (see §404.1512(b)(8)).

(ii) When an administrative law judge considers findings of a State agency medical or psychological consultant or other program physician, psychologist, or other medical specialist, the administrative law judge will evaluate the findings using relevant factors in paragraphs (a) through (e) of this section, such as the consultant’s medical specialty and expertise in our rules, the supporting evidence in the case record, supporting explanations the medical or psychological consultant provides, and any other factors relevant to the weighing of the opinions. Unless a treating source’s opinion is given controlling weight, the administrative law judge must explain in the decision the weight given to the opinions of a
State agency medical or psychological consultant or other program physician, psychologist, or other medical specialist, as the administrative law judge must do for any opinions from treating sources, nontreating sources, and other nonexamining sources who do not work for us.

4. Amend §404.1529 by revising the third sentence of paragraph (b) to read as follows:

§404.1529 How we evaluate symptoms, including pain.

(b) * * * In cases decided by a State agency (except in disability hearings under §§404.914 through 404.918 and in fully favorable determinations made by State agency disability examiners alone under §404.1615(c)(3)), a State agency medical or psychological consultant or other medical or psychological consultant designated by the Commissioner (or a medical or psychological expert (as defined in §405.5 of this chapter) in claims adjudicated under the procedures in part 405 of this chapter) directly participates in determining whether your medically determinable impairment(s) could reasonably be expected to produce your alleged symptoms. * * * * *

5. Revise §404.1546(a) to read as follows:

§404.1546 Responsibility for assessing your residual functional capacity.

(a) Responsibility for assessing residual functional capacity at the State agency. When a State agency medical or psychological consultant and a State agency disability examiner make the disability determination as provided in §404.1615(c)(1), a State agency medical or psychological consultant(s) (or a medical or psychological expert (as defined in §405.5 of this chapter) in claims adjudicated under the procedures in part 405 of this chapter) is responsible for assessing your residual functional capacity. When a State agency disability examiner makes a disability determination alone as provided in §404.1615(c)(3), the disability examiner is responsible for assessing your residual functional capacity. * * * * *

Subpart Q—[Amended]

6. The authority citation for subpart Q of part 404 continues to read as follows:

Authority: Secs. 205(a), 221, and 702(a)(5) of the Social Security Act (42 U.S.C. 405(a), 421, and 902(a)(5)).

7. Amend §404.1602 by adding the definition “Compassionate allowance” in alphabetical order to read as follows:

§404.1602 Definitions.

* * * * *

Compassionate allowance means a determination or decision we make under a process that identifies for expedited handling claims that involve impairments that invariably qualify under the Listing of Impairments in appendix 1 to subpart P based on minimal, but sufficient, objective medical evidence.

8. Amend §404.1615 by revising paragraph (c) introductory text, removing the word “or” at the end of paragraph (c)(2), redesignating paragraph (c)(3) as paragraph (c)(4), and adding a new paragraph (c)(3) to read as follows:

§404.1615 Making disability determinations.

(c) Disability determinations will be made by:

* * * * *

(3) A State agency disability examiner alone if the claim is adjudicated under the quick disability determination process (see §404.1619) or as a compassionate allowance (see §404.1602), and the initial or reconsidered determination is fully favorable to you. This paragraph will no longer be effective on [INSERT DATE THREE YEARS AFTER EFFECTIVE DATE OF FINAL RULES] unless we terminate it earlier or extend it beyond that date by notice of a final rule in the Federal Register; or

* * * * *

9. Amend §404.1619 by revising paragraphs (b) introductory text, (b)(1), (b)(2), and (c) to read as follows:

§404.1619 Quick disability determination process.

(b) If we refer a claim to the State agency for a quick disability determination, a designated quick disability determination examiner must do all of the following:

(1) Subject to the provisions in paragraph (c) of this section, make the disability determination after consulting with a State agency medical or psychological consultant if the State agency disability examiner determines consultation is appropriate or if consultation is required under §404.1526(c). The State agency may certify the disability determination forms to us without the signature of the medical or psychological consultant.

(c) If the quick disability determination examiner cannot make a determination that is fully favorable to the individual, or if there is an unresolved disagreement between the disability examiner and the medical or psychological consultant (except when a disability examiner makes the determination alone under §404.1615(c)(3)), the State agency will adjudicate the claim using the regularly applicable procedures in this subpart.

PART 416—SUPPLEMENTAL SECURITY Income for the Aged, Blind, and Disabled

Subpart I—[Amended]

10. The authority citation for subpart I of part 416 continues to read as follows:

Authority: Secs. 221(m), 702(a)(5), 1611, 1614, 1619, 1631(a), (c), (d)(1), and (p), and 1633 of the Social Security Act (42 U.S.C. 421(m), 902(a)(5), 1382, 1382c, 1382b, 1383(a), (c), (d)(1), and (p), and 1383b); secs. 4(c) and 5, 6(c)–(e), 14(a), and 15, Pub. L. 96–460, 98 Stat. 1794, 1801, 1802, and 1808 (42 U.S.C. 421 note, 423 note, and 1382h note).

11. Amend §416.912 by removing the word “and” from the end of paragraph (b)(5), redesignating paragraph (b)(6) as paragraph (b)(8) and revising newly redesignated paragraph (b)(8), and adding new paragraphs (b)(6) and (b)(7) to read as follows:

§416.912 Evidence.

* * * * *

(b) * * * *(6) At the initial level of the administrative review process, when a State agency disability examiner makes the initial determination alone (see §416.1015(c)(3)), opinions provided by State agency medical and psychological consultants based on their review of the evidence in your case record (see §416.927(f)(1)(ii));

(7) At the reconsideration level of the administrative review process, when a State agency disability examiner makes the determination alone (see §416.1015(c)(3)), findings, other than the ultimate determination about whether you are disabled, made by State agency medical or psychological consultants and other program physicians, psychologists, or other medical specialists at the initial level of
the administrative review process, and
other opinions they provide based on
their review of the evidence in your case
record at the initial and reconsideration
levels (see §416.927(f)(1)(iii)); and
(8) At the administrative law judge
and Appeals Council levels (including
the administrative law judge and
Decision Review Board levels in claims
adjudicated under the procedures in
part 405 of this chapter), findings, other
than the ultimate determination about
whether you are disabled, made by State
agency medical or psychological
consultants and other program
physicians or psychologists, or other
medical specialists, and opinions
expressed by medical experts or
psychological experts that we consult
based on their review of the evidence in
your case record. See §416.927(f)(2)–(3).
* * * * *
12. Amend §416.927 by revising
paragraphs (f)(1), (f)(2)(i) and (f)(2)(ii) to
read as follows:
§416.927 Evaluating opinion evidence.
* * * * * * * * * * * * * * * * * * * * *
(f) * * * * *
(1) In claims adjudicated by the State
agency, a State agency medical or
psychological consultant (or a medical or
psychological expert (as defined in
§405.5 of this chapter) in claims
adjudicated under the procedures in
part 405 of this chapter) may make the
determination of disability together with
a State agency disability examiner or
provide one or more medical opinions
to a State agency disability examiner
when the disability examiner makes the
initial or reconsideration determination
alone (see §416.1015(c)). The following
rules apply:
(i) When a State agency medical or
psychological consultant makes the
determination together with a State
agency disability examiner at the initial
or reconsideration level of the
administrative review process as
provided in §416.1015(c)(1), he or she
will consider the evidence in your case
record and make findings of fact about
the medical issues, including, but not
limited to, the existence and severity of
your impairment(s), the existence and
severity of your symptoms, whether
your impairment(s) meets or medically
equals the requirements for any
impairment listed in appendix 1 to
subpart P of part 404 of this chapter,
and your residual functional capacity.
These administrative findings of fact are
based on the evidence in your case but
are not in themselves evidence at the
level of the administrative review
process at which they are made.
(ii) When a State agency disability
examiner makes the initial
determination alone as provided in
§416.1015(c)(3), he or she may obtain
the opinion of a State agency medical or
psychological consultant about one or
more of the medical issues listed in
paragraph (f)(1)(i) of this section. In
these cases, the State agency disability
examiner will consider the opinion of
the State agency medical or
psychological consultant as opinion
evidence and weigh this evidence using
the relevant factors in paragraphs (a)
through (e) of this section.
(iii) When a State agency disability
examiner makes a reconsideration
determination alone as provided in
§416.1015(c)(3), he or she will consider
findings made by a State agency medical
or psychological consultant at the initial
level of the administrative review
process and any opinions provided by
such consultants at the initial and
reconsideration levels as opinion
evidence and weigh this evidence using
the relevant factors in paragraphs (a)
through (e) of this section.
* * * * *
(i) Administrative law judges are not
bound by any findings made by State
agency medical or psychological
consultants, or other program
physicians or psychologists. State
agency medical and psychological
consultants and other program
physicians, psychologists, and other
medical specialists who are highly qualified
physicians, psychologists, and other
medical specialists who are also experts
in Social Security disability evaluation.
Therefore, administrative law judges
must consider findings and other
opinions they provide based on
their review of the evidence in
your case record, supporting
explanations the medical or
psychological consultant provides,
and any other factors relevant
to the weighing of the opinions. Unless
a treating source’s opinion is given
controlling weight, the administrative
law judge must explain in the decision
the weight given to the opinions of a
State agency medical or psychological
consultant or other program physician,
16. Amend §416.1002 by adding a definition of “Compassionate allowance” in alphabetical order to read as follows:

§416.1002 Definitions.

* * * * *

* Compassionate allowance means a determination or decision we make under a process that identifies for expedited handling claims that involve impairments that invariably qualify under the Listings of Impairments in appendix 1 to subpart P of part 404 of this chapter based on minimal, but sufficient, objective medical evidence.

* * * * *

17. Amend §416.1015 by revising paragraph (c) introductory text, removing the word “or” at the end of paragraph (c)(2), redesignating paragraph (c)(3) as paragraph (c)(4), and adding a new paragraph (c)(3) to read as follows:

§416.1015 Making disability determinations.

* * * * *

(c) Disability determinations will be made by:

* * * * *

(3) A State agency disability examiner alone if you are not a child (a person who has not attained age 18), and the claim is adjudicated under the quick disability determination process (see §416.1019) or as a compassionate allowance (see §416.1002), and the initial or reconsidered determination is fully favorable to you. This paragraph will no longer be effective on [INSERT DATE THREE YEARS AFTER EFFECTIVE DATE OF FINAL RULES] unless we terminate it earlier or extend it beyond that date by notice of a final rule in the Federal Register; or

* * * * *

18. Amend §416.1019 by revising paragraphs (b) introductory text, (b)(1), (b)(2), and (c) to read as follows:

§416.1019 Quick disability determination process.

* * * * *

(b) If we refer a claim to the State agency for a quick disability determination, a designated quick disability determination examiner must do all of the following:

(1) Subject to the provisions in paragraph (c) of this section, make the disability determination after consulting with a State agency medical or psychological consultant if the State agency disability examiner determines consultation is appropriate or if consultation is required under §416.926(c). The State agency may certify the disability determination forms to us without the signature of the medical or psychological consultant.

(2) Make the quick disability determination based on only the medical and nonmedical evidence in the file.

* * * * *

(c) If the quick disability determination examiner cannot make a determination that is fully favorable to the individual, or if there is an unresolved disagreement between the disability examiner and the medical or psychological consultant (except when a disability examiner makes the determination alone under §416.1015(c)(3)), the State agency will adjudicate the claim using the regularly applicable procedures in this subpart.

BILLING CODE 4191–02–P

DEPARTMENT OF THE TREASURY

Alcohol and Tobacco Tax and Trade Bureau

27 CFR Part 9

[Docket No. TTB–2010–0001; Notice No. 103]

RIN 1513–AB31

Proposed Expansion of the Santa Maria Valley Viticultural Area (2008R–287P)

AGENCY: Alcohol and Tobacco Tax and Trade Bureau, Treasury.

ACTION: Notice of proposed rulemaking.

SUMMARY: The Alcohol and Tobacco Tax and Trade Bureau proposes to expand the Santa Maria Valley viticultural area in Santa Barbara and San Luis Obispo Counties, California, by 18,790 acres. We designate viticultural areas to allow vintners to better describe the origin of their wines and to allow consumers to better identify wines they may purchase. We invite comments on this proposed change to our regulations.

DATES: We must receive your comments on or before May 3, 2010.

ADDRESSES: You may send comments on this notice to one of the following addresses:

SUPPLEMENTARY INFORMATION:

Background on Viticultural Areas

TTB Authority

Section 105(e) of the Federal Alcohol Administration Act (FAA Act), 27 U.S.C. 205(e), authorizes the Secretary of the Treasury to prescribe regulations for the labeling of wine, distilled spirits, and malt beverages. The FAA Act requires that these regulations, among other things, prohibit consumer deception and the use of misleading statements on labels, and ensure that labels provide the consumer with adequate information as to the identity and quality of the product. The Alcohol and Tobacco Tax and Trade Bureau (TTB) administers the regulations promulgated under the FAA Act.

Part 4 of the TTB regulations (27 CFR part 4) allows the establishment of definitive viticultural areas and the use of their names as appellations of origin on wine labels and in wine advertisements. Part 9 of the TTB regulations (27 CFR part 9) contains the list of approved viticultural areas.

Definition

Section 4.25(e)(1)(i) of the TTB regulations (27 CFR 4.25(e)(1)(i)) defines a viticultural area for American wine as a delimited grape-growing region distinguishable by geographical features, the boundaries of which have been recognized and defined in part 9 of the regulations. These designations...
